 297 Statutes, is amended to read:

298 196.031 Exemption of homesteads.—

299 (6) When homestead property is damaged or destroyed by
 300 misfortune or calamity and the property is uninhabitable on
 301 January 1 after the damage or destruction occurs, the homestead
 302 exemption may be granted if the property is otherwise qualified
 303 and if the property owner notifies the property appraiser that
 304 he or she intends to repair or rebuild the property and live in
 305 the property as his or her primary residence after the property
 306 is repaired or rebuilt and does not claim a homestead exemption
 307 on any other property or otherwise violate this section. Failure
 308 by the property owner to commence the repair or rebuilding of

309 the homestead property within 3 years after January 1 following
310 the property's damage or destruction constitutes abandonment of
311 the property as a homestead. After the 3-year period, the
312 expiration, lapse, nonrenewal, or revocation of a building
313 permit issued to the property owner for such repairs or
314 rebuilding also constitutes abandonment of the property as
315 homestead.

316 Section 2. Subsection (6) of section 399.02, Florida
317 Statutes, is amended, and subsections (8) and (9) are added to
318 that section, to read:

319 399.02 General requirements.—

320 (6) (a) The department is empowered to carry out all of the
321 provisions of this chapter relating to the inspection and
322 regulation of elevators and to enforce the provisions of the
323 Florida Building Code.

324 (b) In order to perform its duties and responsibilities
325 under this section, the division may enter and have reasonable
326 access to all buildings and rooms or spaces in which an existing
327 or newly installed conveyance and equipment are located.

328 (8) The division may grant variances for undue hardship
329 pursuant to s. 120.542 and the rules adopted under this section.
330 Such rules must include a process for requests for variances.
331 The division may not grant a request for a variance unless it
332 finds that the variance will not adversely affect the safety of
333 the public.

334 (9) Updates to the Safety Code for Existing Elevators and
335 Escalators, ASME A17.1 and A17.3, which require Phase II
336 Firefighters' Service on elevators may not be enforced until

341 chapter 651, or similar retirement community with apartments,
342 having a certificate of occupancy by the local building
343 authority that was issued before July 1, 2008. This exception
344 does not prevent an elevator owner from requesting a variance
345 from the applicable codes before or after July 1, 2015. This
346 subsection does not prohibit the division from granting
347 variances pursuant to s. 120.542 and subsection (8). The
348 division shall adopt rules to administer this subsection.

356 provide for the installation of a uniform lock box that contains
357 the keys to all elevators in the building allowing public
358 access, including service and freight elevators. The uniform
359 lock box must be keyed to allow all uniform lock boxes in each
360 of the seven state emergency response regions to operate in fire
361 emergency situations using one master key. The master key for
362 the uniform lock shall be issued in accordance with subsection
363 (3). The Division of State Fire Marshal of the Department of

 388 XV, or part XVI of chapter 468 or part I or part II of chapter
 389 475.

 956 added to that section, to read:
 957 553.37 Rules; inspections; and insignia.—
 958 (2) The department shall adopt rules to address:

 968 (d) Monitoring the manufacturers', inspection agencies',

 970 Florida Building Code. Monitoring may include, but is not
 971 limited to, performing audits of plans, inspections of
 972 manufacturing facilities and observation of the manufacturing
 973 and inspection process, and onsite inspections of buildings.
 974 (e) The performance by the department and its designees
 975 and contractors of any other functions required by this part.
 976 (8) The department, by rule, shall establish a schedule of
 977 fees to pay the cost of the administration and enforcement of
 978 this part. The rule may provide for manufacturers to pay fees to

981 (9) The department may delegate its enforcement authority
 982 to a state department having building construction
 983 responsibilities or a local government and may enter into

 986 inspection authority to one or more of the following in any
 987 combination:

988 (a) A state department having building construction
 989 responsibilities;

990 (b) A local government;

998 Section 29. Section 553.375, Florida Statutes, is amended
 999 to read:

1000 553.375 Recertification of manufactured buildings.—Prior
 1001 to the relocation to a site that has a higher design wind speed,
 1002 modification, or change of occupancy of a manufactured building
 1003 within the state, the manufacturer, dealer, or owner thereof may
 1004 apply to the department for recertification of that manufactured
 1005 building. The department shall, by rule, provide what
 1006 information the applicant must submit for recertification and
 1007 for plan review and inspection of such manufactured buildings
 1008 and shall establish fees for recertification. Upon a

1009 | determination by the department that the manufactured building
 1010 | complies with the applicable building codes, the department
 1011 | shall issue a recertification insignia. A manufactured building
 1012 | that bears recertification insignia does not require any
 1013 | additional approval by an enforcement jurisdiction in which the
 1014 | building is sold or installed, and is considered to comply with
 1015 | all applicable codes. As an alternative to recertification by
 1016 | the department, the manufacturer, dealer, or owner of a
 1017 | manufactured building may seek appropriate permitting and a
 1018 | certificate of occupancy from the local jurisdiction in
 1019 | accordance with procedures generally applicable under the
 1020 | Florida Building Code.

1021 | Section 30. Subsection (1) of section 553.512, Florida
 1022 | Statutes, is amended to read:

1023 | 553.512 Modifications and waivers; advisory council.—

1024 | (1) The Florida Building Commission shall provide by
 1025 | regulation criteria for granting individual modifications of, or
 1026 | exceptions from, the literal requirements of this part upon a
 1027 | determination of unnecessary, unreasonable, or extreme hardship,
 1028 | provided such waivers shall not violate federal accessibility
 1029 | laws and regulations and shall be reviewed by the Accessibility
 1030 | Advisory Council. The commission shall establish by rule a fee
 1031 | to be paid upon submitting a request for a waiver as provided in
 1032 | this section. Notwithstanding any other provision of this
 1033 | subsection, if an applicant for a waiver demonstrates economic
 1034 | hardship in accordance with 28 C.F.R. s. 36.403(f)(1), a waiver
 1035 | shall be granted. The commission may not consider waiving any of
 1036 | the requirements of s. 553.5041 unless the applicant first

1037 demonstrates that she or he has applied for and been denied
 1038 waiver or variance from all local government zoning, subdivision
 1039 regulations, or other ordinances that prevent compliance
 1040 therewith. Further, the commission may not waive the requirement
 1041 of s. 553.5041(5)(a) and (c)1. governing the minimum width of
 1042 accessible routes and minimum width of accessible parking
 1043 spaces.

1044 Section 31. Effective October 1, 2010, section 553.721,
 1045 Florida Statutes, is amended to read:

1046 553.721 Surcharge.—

1047 ~~(1)~~ In order for the Department of Community Affairs to
 1048 administer and carry out the purposes of this part and related
 1049 activities, there is hereby created a surcharge, to be assessed
 1050 at the rate of 1.5 percent of the permit fees associated with
 1051 enforcement of the Florida Building Code as defined by the
 1052 uniform account criteria and specifically the uniform account
 1053 code for building permits adopted for local government financial
 1054 reporting pursuant to s. 218.32. The minimum amount collected on
 1055 any permit issued shall be \$2 one-half cent per square foot
 1056 under roof floor space permitted pursuant to s. 125.56(4) or s.
 1057 166.201. However, for additions, alterations, or renovations to
 1058 existing buildings, the surcharge shall be computed on the basis
 1059 of the square footage being added, altered, or renovated. The
 1060 unit of government responsible for collecting a permit fee
 1061 pursuant to s. 125.56(4) or s. 166.201 shall collect such
 1062 surcharge and electronically remit the funds collected to the
 1063 department on a quarterly calendar basis beginning not later
 1064 than December 31, 2010, for the preceding quarter, and

1065 continuing each third month thereafter, and such unit of
 1066 government shall ~~may~~ retain 10 ~~an amount up to 5~~ percent of the
 1067 surcharge collected to fund the participation of building
 1068 departments in the national and state building code adoption
 1069 processes and to provide education related to enforcement of the
 1070 Florida Building Code ~~cover costs associated with the collection~~
 1071 ~~and remittance of such surcharge~~. All funds remitted to the
 1072 department pursuant to this section ~~subsection~~ shall be
 1073 deposited in the Operating Trust Fund. Funds collected from such
 1074 surcharge shall be used exclusively for the duties of the
 1075 Florida Building Commission and the Department of Community
 1076 Affairs under this chapter and shall not be used to fund
 1077 research on techniques for mitigation of radon in existing
 1078 buildings. Funds used by the department as well as funds to be
 1079 transferred to the Department of Health shall be as prescribed
 1080 in the annual General Appropriations Act. The department shall
 1081 adopt rules governing the collection and remittance of
 1082 surcharges in accordance with chapter 120.

1083 ~~(2) Notwithstanding subsection (1), and for the 2008-2009~~
 1084 ~~fiscal year only, the amount transferred from the Operating~~
 1085 ~~Trust Fund to the Grants and Donations Trust Fund of the~~
 1086 ~~Department of Community Affairs pursuant to the General~~
 1087 ~~Appropriations Act for the 2008-2009 fiscal year shall be used~~
 1088 ~~for the regional planning councils, civil legal assistance, and~~
 1089 ~~the Front Porch Florida Initiative.~~

1090 Section 32. Subsections (2) and (3) and paragraph (b) of
 1091 subsection (4) of section 553.73, Florida Statutes, are amended,
 1092 present subsections (5) through (13) of that section are

1093 | renumbered as subsections (6) through (14), respectively, a new
 1094 | subsection (5) is added to that section, paragraph (a) of
 1095 | present subsection (6) and present subsections (7) and (9) of
 1096 | that section are amended, and subsections (15), (16), and (17)
 1097 | are added to that section, to read:

1098 | 553.73 Florida Building Code.—

1099 | (2) The Florida Building Code shall contain provisions or
 1100 | requirements for public and private buildings, structures, and
 1101 | facilities relative to structural, mechanical, electrical,
 1102 | plumbing, energy, and gas systems, existing buildings,
 1103 | historical buildings, manufactured buildings, elevators, coastal
 1104 | construction, lodging facilities, food sales and food service
 1105 | facilities, health care facilities, including assisted living
 1106 | facilities, adult day care facilities, hospice residential and
 1107 | inpatient facilities and units, and facilities for the control
 1108 | of radiation hazards, public or private educational facilities,
 1109 | swimming pools, and correctional facilities and enforcement of
 1110 | and compliance with such provisions or requirements. Further,
 1111 | the Florida Building Code must provide for uniform
 1112 | implementation of ss. 515.25, 515.27, and 515.29 by including
 1113 | standards and criteria for residential swimming pool barriers,
 1114 | pool covers, latching devices, door and window exit alarms, and
 1115 | other equipment required therein, which are consistent with the
 1116 | intent of s. 515.23. Technical provisions to be contained within
 1117 | the Florida Building Code are restricted to requirements related
 1118 | to the types of materials used and construction methods and
 1119 | standards employed in order to meet criteria specified in the
 1120 | Florida Building Code. Provisions relating to the personnel,

1121 supervision or training of personnel, or any other professional
1122 qualification requirements relating to contractors or their
1123 workforce may not be included within the Florida Building Code,
1124 and subsections (4), ~~(5)~~, (6), (7), ~~and (8)~~, and (9) are not to
1125 be construed to allow the inclusion of such provisions within
1126 the Florida Building Code by amendment. This restriction applies
1127 to both initial development and amendment of the Florida
1128 Building Code.

1129 (3) The commission shall select from available national or
1130 international model building codes, or other available building
1131 codes and standards currently recognized by the laws of this
1132 state, to form the foundation for the Florida Building Code. The
1133 commission may modify the selected model codes and standards as
1134 needed to accommodate the specific needs of this state.
1135 Standards or criteria referenced by the selected model codes
1136 shall be similarly incorporated by reference. If a referenced
1137 standard or criterion requires amplification or modification to
1138 be appropriate for use in this state, only the amplification or
1139 modification shall be specifically set forth in the Florida
1140 Building Code. The Florida Building Commission may approve
1141 technical amendments to the code, subject to the requirements of
1142 subsections (8) ~~(7)~~ and (9) ~~(8)~~, after the amendments have been
1143 subject to the following conditions:

1144 (a) The proposed amendment has been published on the
1145 commission's website for a minimum of 45 days and all the
1146 associated documentation has been made available to any
1147 interested party before any consideration by any Technical
1148 Advisory Committee;

1149 (b) In order for a Technical Advisory Committee to make a
 1150 favorable recommendation to the commission, the proposal must
 1151 receive a three-fourths vote of the members present at the
 1152 Technical Advisory Committee meeting and at least half of the
 1153 regular members must be present in order to conduct a meeting;

1154 (c) After Technical Advisory Committee consideration and a
 1155 recommendation for approval of any proposed amendment, the
 1156 proposal must be published on the commission's website for not
 1157 less than 45 days before any consideration by the commission;
 1158 and

1159 (d) Any proposal may be modified by the commission based
 1160 on public testimony and evidence from a public hearing held in
 1161 accordance with chapter 120.

1162
 1163 The commission shall incorporate within sections of the Florida
 1164 Building Code provisions which address regional and local
 1165 concerns and variations. The commission shall make every effort
 1166 to minimize conflicts between the Florida Building Code, the
 1167 Florida Fire Prevention Code, and the Life Safety Code.

1168 (4)

1169 (b) Local governments may, subject to the limitations of
 1170 this section, adopt amendments to the technical provisions of
 1171 the Florida Building Code which apply solely within the
 1172 jurisdiction of such government and which provide for more
 1173 stringent requirements than those specified in the Florida
 1174 Building Code, not more than once every 6 months. A local
 1175 government may adopt technical amendments that address local
 1176 needs if:

1177 1. The local governing body determines, following a public
1178 hearing which has been advertised in a newspaper of general
1179 circulation at least 10 days before the hearing, that there is a
1180 need to strengthen the requirements of the Florida Building
1181 Code. The determination must be based upon a review of local
1182 conditions by the local governing body, which review
1183 demonstrates by evidence or data that the geographical
1184 jurisdiction governed by the local governing body exhibits a
1185 local need to strengthen the Florida Building Code beyond the
1186 needs or regional variation addressed by the Florida Building
1187 Code, that the local need is addressed by the proposed local
1188 amendment, and that the amendment is no more stringent than
1189 necessary to address the local need.

1190 2. Such additional requirements are not discriminatory
1191 against materials, products, or construction techniques of
1192 demonstrated capabilities.

1193 3. Such additional requirements may not introduce a new
1194 subject not addressed in the Florida Building Code.

1195 4. The enforcing agency shall make readily available, in a
1196 usable format, all amendments adopted pursuant to this section.

1197 5. Any amendment to the Florida Building Code shall be
1198 transmitted within 30 days by the adopting local government to
1199 the commission. The commission shall maintain copies of all such
1200 amendments in a format that is usable and obtainable by the
1201 public. Local technical amendments shall not become effective
1202 until 30 days after the amendment has been received and
1203 published by the commission.

1204 6. Any amendment to the Florida Building Code adopted by a

1205 local government pursuant to this paragraph shall be effective
 1206 only until the adoption by the commission of the new edition of
 1207 the Florida Building Code every third year. At such time, the
 1208 commission shall review such amendment for consistency with the
 1209 criteria in paragraph (9)~~(8)~~(a) and adopt such amendment as part
 1210 of the Florida Building Code or rescind the amendment. The
 1211 commission shall immediately notify the respective local
 1212 government of the rescission of any amendment. After receiving
 1213 such notice, the respective local government may readopt the
 1214 rescinded amendment pursuant to the provisions of this
 1215 paragraph.

1216 7. Each county and municipality desiring to make local
 1217 technical amendments to the Florida Building Code shall by
 1218 interlocal agreement establish a countywide compliance review
 1219 board to review any amendment to the Florida Building Code,
 1220 adopted by a local government within the county pursuant to this
 1221 paragraph, that is challenged by any substantially affected
 1222 party for purposes of determining the amendment's compliance
 1223 with this paragraph. If challenged, the local technical
 1224 amendments shall not become effective until time for filing an
 1225 appeal pursuant to subparagraph 8. has expired or, if there is
 1226 an appeal, until the commission issues its final order
 1227 determining the adopted amendment is in compliance with this
 1228 subsection.

1229 8. If the compliance review board determines such
 1230 amendment is not in compliance with this paragraph, the
 1231 compliance review board shall notify such local government of
 1232 the noncompliance and that the amendment is invalid and

1233 unenforceable until the local government corrects the amendment
1234 to bring it into compliance. The local government may appeal the
1235 decision of the compliance review board to the commission. If
1236 the compliance review board determines such amendment to be in
1237 compliance with this paragraph, any substantially affected party
1238 may appeal such determination to the commission. Any such appeal
1239 shall be filed with the commission within 14 days of the board's
1240 written determination. The commission shall promptly refer the
1241 appeal to the Division of Administrative Hearings for the
1242 assignment of an administrative law judge. The administrative
1243 law judge shall conduct the required hearing within 30 days, and
1244 shall enter a recommended order within 30 days of the conclusion
1245 of such hearing. The commission shall enter a final order within
1246 30 days thereafter. The provisions of chapter 120 and the
1247 uniform rules of procedure shall apply to such proceedings. The
1248 local government adopting the amendment that is subject to
1249 challenge has the burden of proving that the amendment complies
1250 with this paragraph in proceedings before the compliance review
1251 board and the commission, as applicable. Actions of the
1252 commission are subject to judicial review pursuant to s. 120.68.
1253 The compliance review board shall determine whether its
1254 decisions apply to a respective local jurisdiction or apply
1255 countywide.

1256 9. An amendment adopted under this paragraph shall include
1257 a fiscal impact statement which documents the costs and benefits
1258 of the proposed amendment. Criteria for the fiscal impact
1259 statement shall include the impact to local government relative
1260 to enforcement, the impact to property and building owners, as

1261 well as to industry, relative to the cost of compliance. The
1262 fiscal impact statement may not be used as a basis for
1263 challenging the amendment for compliance.

1264 10. In addition to subparagraphs 7. and 9., the commission
1265 may review any amendments adopted pursuant to this subsection
1266 and make nonbinding recommendations related to compliance of
1267 such amendments with this subsection.

1268 (5) Notwithstanding subsection (4), counties and
1269 municipalities may adopt by ordinance an administrative or
1270 technical amendment to the Florida Building Code relating to
1271 flood resistance in order to implement the National Flood
1272 Insurance Program or incentives. Specifically, an administrative
1273 amendment may assign the duty to enforce all or portions of
1274 flood-related code provisions to the appropriate agencies of the
1275 local government and adopt procedures for variances and
1276 exceptions from flood-related code provisions other than
1277 provisions for structures seaward of the coastal construction
1278 control line consistent with the requirements in 44 C.F.R. s.
1279 60.6. A technical amendment is authorized to the extent it is
1280 more stringent than the code. A technical amendment is not
1281 subject to the requirements of subsection (4) and may not be
1282 rendered void when the code is updated if the amendment is
1283 adopted for the purpose of participating in the Community Rating
1284 System promulgated pursuant to 42 U.S.C. s. 4022, the amendment
1285 had already been adopted by local ordinance prior to July 1,
1286 2010, or the amendment requires a design flood elevation above
1287 the base flood elevation. Any amendment adopted pursuant to this
1288 subsection shall be transmitted to the commission within 30 days

1289 after being adopted.

1290 (7)~~(6)~~(a) The commission, by rule adopted pursuant to ss.
 1291 120.536(1) and 120.54, shall update the Florida Building Code
 1292 every 3 years. When updating the Florida Building Code, the
 1293 commission shall select the most current version of the
 1294 International Building Code, the International Fuel Gas Code,
 1295 the International Mechanical Code, the International Plumbing
 1296 Code, and the International Residential Code, all of which are
 1297 adopted by the International Code Council, and the National
 1298 Electrical Code, which is adopted by the National Fire
 1299 Protection Association, to form the foundation codes of the
 1300 updated Florida Building Code, if the version has been adopted
 1301 by the applicable model code entity ~~and made available to the~~
 1302 ~~public at least 6 months prior to its selection by the~~
 1303 ~~commission~~. The commission shall select the most current version
 1304 of the International Energy Conservation Code (IECC) as a
 1305 foundation code; however, the IECC shall be modified by the
 1306 commission to maintain the efficiencies of the Florida Energy
 1307 Efficiency Code for Building Construction adopted and amended
 1308 pursuant to s. 553.901.

1309 (8)~~(7)~~ Notwithstanding the provisions of subsection (3) or
 1310 subsection (7)~~(6)~~, the commission may address issues identified
 1311 in this subsection by amending the code pursuant only to the
 1312 rule adoption procedures contained in chapter 120. Provisions of
 1313 the Florida Building Code, including those contained in
 1314 referenced standards and criteria, relating to wind resistance
 1315 or the prevention of water intrusion may not be amended pursuant
 1316 to this subsection to diminish those construction requirements;

1317 however, the commission may, subject to conditions in this
 1318 subsection, amend the provisions to enhance those construction
 1319 requirements. Following the approval of any amendments to the
 1320 Florida Building Code by the commission and publication of the
 1321 amendments on the commission's website, authorities having
 1322 jurisdiction to enforce the Florida Building Code may enforce
 1323 the amendments. The commission may approve amendments that are
 1324 needed to address:

- 1325 (a) Conflicts within the updated code;
- 1326 (b) Conflicts between the updated code and the Florida
 1327 Fire Prevention Code adopted pursuant to chapter 633;
- 1328 (c) The omission of previously adopted Florida-specific
 1329 amendments to the updated code if such omission is not supported
 1330 by a specific recommendation of a technical advisory committee
 1331 or particular action by the commission;
- 1332 (d) Unintended results from the integration of previously
 1333 adopted Florida-specific amendments with the model code;
- 1334 (e) Equivalency of standards;
- 1335 (f)~~(e)~~ Changes to or inconsistencies with federal or state
 1336 law; or
- 1337 (g)~~(f)~~ Adoption of an updated edition of the National
 1338 Electrical Code if the commission finds that delay of
 1339 implementing the updated edition causes undue hardship to
 1340 stakeholders or otherwise threatens the public health, safety,
 1341 and welfare.

1342 (10)~~(9)~~ The following buildings, structures, and
 1343 facilities are exempt from the Florida Building Code as provided
 1344 by law, and any further exemptions shall be as determined by the

1345 Legislature and provided by law:

1346 (a) Buildings and structures specifically regulated and

1347 preempted by the Federal Government.

1348 (b) Railroads and ancillary facilities associated with the

1349 railroad.

1350 (c) Nonresidential farm buildings on farms.

1351 (d) Temporary buildings or sheds used exclusively for

1352 construction purposes.

1353 (e) Mobile or modular structures used as temporary

1354 offices, except that the provisions of part II relating to

1355 accessibility by persons with disabilities shall apply to such

1356 mobile or modular structures.

1357 (f) Those structures or facilities of electric utilities,

1358 as defined in s. 366.02, which are directly involved in the

1359 generation, transmission, or distribution of electricity.

1360 (g) Temporary sets, assemblies, or structures used in

1361 commercial motion picture or television production, or any

1362 sound-recording equipment used in such production, on or off the

1363 premises.

1364 (h) Storage sheds that are not designed for human

1365 habitation and that have a floor area of 720 square feet or less

1366 are not required to comply with the mandatory wind-borne-debris-

1367 impact standards of the Florida Building Code.

1368 (i) Chickees constructed by the Miccosukee Tribe of

1369 Indians of Florida or the Seminole Tribe of Florida. As used in

1370 this paragraph, the term "chickee" means an open-sided wooden

1371 hut that has a thatched roof of palm or palmetto or other

1372 traditional materials, and that does not incorporate any

1373 | electrical, plumbing, or other nonwood features.

1374 | (j) Family mausoleums not exceeding 250 square feet in
 1375 | area which are prefabricated and assembled on site or
 1376 | preassembled and delivered on site and have walls, roofs, and a
 1377 | floor constructed of granite, marble, or reinforced concrete.

1378 |
 1379 | With the exception of paragraphs (a), (b), (c), and (f), in
 1380 | order to preserve the health, safety, and welfare of the public,
 1381 | the Florida Building Commission may, by rule adopted pursuant to
 1382 | chapter 120, provide for exceptions to the broad categories of
 1383 | buildings exempted in this section, including exceptions for

 1386 | Services shall have exclusive authority to adopt by rule,
 1387 | pursuant to chapter 120, exceptions to nonresidential farm
 1388 | buildings exempted in paragraph (c) when reasonably necessary to
 1389 | preserve public health, safety, and welfare. The exceptions must
 1390 | be based upon specific criteria, such as under-roof floor area,
 1391 | aggregate electrical service capacity, HVAC system capacity, or
 1392 | other building requirements. Further, the commission may
 1393 | recommend to the Legislature additional categories of buildings,
 1394 | structures, or facilities which should be exempted from the
 1395 | Florida Building Code, to be provided by law. The Florida
 1396 | Building Code does not apply to temporary housing provided by

 1398 | correctional system.

1399 | (15) An agency or local government may not require that
 1400 | existing mechanical equipment on the surface of a roof be

1402 Building Code until the equipment is required to be removed or
1403 replaced.

1404 (16) The Florida Building Code must require that the
1405 illumination in classroom units be designed to provide and
1406 maintain an average of 40 foot-candles of light at each desktop.
1407 Public educational facilities must consider using light-emitting
1408 diode lighting before considering other lighting sources.

1409 (17) The provisions of section R313 of the most current
1410 version of the International Residential Code relating to
1411 mandated fire sprinklers may not be incorporated into the
1412 Florida Building Code as adopted by the Florida Building
1413 Commission and may not be adopted as a local amendment to the
1414 Florida Building Code. This subsection does not apply to a local
1415 government that has a lawfully adopted ordinance relating to
1416 fire sprinklers which has been in effect since January 1, 2010.

1417 Section 33. Subsection (5) is added to section 553.74,
1418 Florida Statutes, to read:

1419 553.74 Florida Building Commission.—

1420 (5) Notwithstanding s. 112.313 or any other provision of
1421 law, a member of any of commission's technical advisory
1422 committees or a member of any other advisory committee or
1423 workgroup of the commission, does not have an impermissible
1424 conflict of interest when representing clients before the
1425 commission or one of its committees or workgroups. However, the
1426 member, in his or her capacity as member of the committee or
1427 workgroup, may not take part in any discussion on or take action
1428 on any matter in which he or she has a direct financial

1429 interest.

1430 Section 34. Subsection (2) of section 553.76, Florida
 1431 Statutes, is amended to read:

1432 553.76 General powers of the commission.—The commission is
 1433 authorized to:

1434 (2) Issue memoranda of procedure for its internal
 1435 management and control. The commission may adopt rules related
 1436 to its consensus-based decisionmaking process, including, but
 1437 not limited to, super majority voting requirements for
 1438 commission actions relating to the adoption of the Florida
 1439 Building Code or amendments to the code.

1440 Section 35. Subsections (2) and (4) of section 553.775,
 1441 Florida Statutes, are amended to read:

1442 553.775 Interpretations.—

1443 (2) Local enforcement agencies, local building officials,
 1444 state agencies, and the commission shall interpret provisions of
 1445 the Florida Building Code in a manner that is consistent with
 1446 declaratory statements and interpretations entered by the
 1447 commission, except that conflicts between the Florida Fire
 1448 Prevention Code and the Florida Building Code shall be resolved
 1449 in accordance with s. 553.73 (11) ~~(10)~~ (c) and (d).

1450 (4) In order to administer this section, the commission
 1451 may adopt by rule and impose a fee for filing requests for
 1452 declaratory statements and binding and nonbinding
 1453 interpretations to recoup the cost of the proceedings which may
 1454 not exceed \$125 for each request for a nonbinding interpretation
 1455 and \$250 for each request for a binding review or
 1456 interpretation. For proceedings conducted by or in coordination

1457 with a third-party, the rule may provide that payment be made
 1458 directly to the third party, who shall remit to the department
 1459 that portion of the fee necessary to cover the costs of the
 1460 department.

1461 Section 36. Subsection (9) of section 553.79, Florida
 1462 Statutes, is amended to read:

1463 553.79 Permits; applications; issuance; inspections.—

1464 (9) Any state agency whose enabling legislation authorizes
 1465 it to enforce provisions of the Florida Building Code may enter
 1466 into an agreement with any other unit of government to delegate
 1467 its responsibility to enforce those provisions and may expend
 1468 public funds for permit and inspection fees, which fees may be
 1469 no greater than the fees charged others. Inspection services
 1470 that are not required to be performed by a state agency under a
 1471 federal delegation of responsibility or by a state agency under
 1472 the Florida Building Code must be performed under the
 1473 alternative plans review and inspection process created in s.
 1474 553.791 or by a local governmental entity having authority to
 1475 enforce the Florida Building Code.

1476 Section 37. For the purpose of incorporating the amendment
 1477 made by this act to section 553.79, Florida Statutes, in a
 1478 reference thereto, subsection (1) of section 553.80, Florida
 1479 Statutes, is reenacted, and paragraph (c) of subsection (1) and
 1480 subsection (3) of that section are amended, to read:

1481 553.80 Enforcement.—

1482 (1) Except as provided in paragraphs (a)-(g), each local
 1483 government and each legally constituted enforcement district
 1484 with statutory authority shall regulate building construction

1485 and, where authorized in the state agency's enabling
 1486 legislation, each state agency shall enforce the Florida
 1487 Building Code required by this part on all public or private
 1488 buildings, structures, and facilities, unless such
 1489 responsibility has been delegated to another unit of government
 1490 pursuant to s. 553.79(9).

1491 (a) Construction regulations relating to correctional
 1492 facilities under the jurisdiction of the Department of
 1493 Corrections and the Department of Juvenile Justice are to be
 1494 enforced exclusively by those departments.

1495 (b) Construction regulations relating to elevator
 1496 equipment under the jurisdiction of the Bureau of Elevators of
 1497 the Department of Business and Professional Regulation shall be
 1498 enforced exclusively by that department.

1499 (c) In addition to the requirements of s. 553.79 and this
 1500 section, facilities subject to the provisions of chapter 395 and
 1501 parts ~~part~~ II and VIII of chapter 400 shall have facility plans
 1502 reviewed and construction surveyed by the state agency
 1503 authorized to do so under the requirements of chapter 395 and
 1504 parts ~~part~~ II and VIII of chapter 400 and the certification
 1505 requirements of the Federal Government. Facilities subject to
 1506 the provisions of part IV of chapter 400 may have facility plans
 1507 reviewed and shall have construction surveyed by the state
 1508 agency authorized to do so under the requirements of part IV of
 1509 chapter 400 and the certification requirements of the Federal
 1510 Government.

1511 (d) Building plans approved under s. 553.77(3) and state-
 1512 approved manufactured buildings, including buildings

1513 manufactured and assembled offsite and not intended for
1514 habitation, such as lawn storage buildings and storage sheds,
1515 are exempt from local code enforcing agency plan reviews except
1516 for provisions of the code relating to erection, assembly, or
1517 construction at the site. Erection, assembly, and construction
1518 at the site are subject to local permitting and inspections.
1519 Lawn storage buildings and storage sheds bearing the insignia of
1520 approval of the department are not subject to s. 553.842. Such
1521 buildings that do not exceed 400 square feet may be delivered
1522 and installed without need of a contractor's or specialty
1523 license.

1524 (e) Construction regulations governing public schools,
1525 state universities, and community colleges shall be enforced as
1526 provided in subsection (6).

1527 (f) The Florida Building Code as it pertains to toll
1528 collection facilities under the jurisdiction of the turnpike
1529 enterprise of the Department of Transportation shall be enforced
1530 exclusively by the turnpike enterprise.

1531 (g) Construction regulations relating to secure mental
1532 health treatment facilities under the jurisdiction of the
1533 Department of Children and Family Services shall be enforced
1534 exclusively by the department in conjunction with the Agency for
1535 Health Care Administration's review authority under paragraph
1536 (c).

1537
1538 The governing bodies of local governments may provide a schedule
1539 of fees, as authorized by s. 125.56(2) or s. 166.222 and this
1540 section, for the enforcement of the provisions of this part.

1541 Such fees shall be used solely for carrying out the local
 1542 government's responsibilities in enforcing the Florida Building
 1543 Code. The authority of state enforcing agencies to set fees for
 1544 enforcement shall be derived from authority existing on July 1,
 1545 1998. However, nothing contained in this subsection shall
 1546 operate to limit such agencies from adjusting their fee schedule
 1547 in conformance with existing authority.

1548 (3) (a) Each enforcement district shall be governed by a
 1549 board, the composition of which shall be determined by the
 1550 affected localities.

1551 (b)1. At its own option, each enforcement district or
 1552 local enforcement agency may adopt ~~promulgate~~ rules granting to
 1553 the owner of a single-family residence one or more exemptions
 1554 from the Florida Building Code relating to:

1555 a. ~~(a)~~ Addition, alteration, or repairs performed by the
 1556 property owner upon his or her own property, provided any
 1557 addition or alteration shall not exceed 1,000 square feet or the
 1558 square footage of the primary structure, whichever is less.

1559 b. ~~(b)~~ Addition, alteration, or repairs by a nonowner
 1560 within a specific cost limitation set by rule, provided the
 1561 total cost shall not exceed \$5,000 within any 12-month period.

1562 c. ~~(c)~~ Building and inspection fees.

1563 2. However, the exemptions under subparagraph 1. do not
 1564 apply to single-family residences that are located in mapped
 1565 flood hazard areas, as defined in the code, unless the
 1566 enforcement district or local enforcement agency has determined
 1567 that the work, which is otherwise exempt, does not constitute a
 1568 substantial improvement, including the repair of substantial

1569 damage, of such single-family residences.

1570 3. Each code exemption, as defined in sub-subparagraphs
 1571 1.a, b., and c. paragraphs (a), (b), and (c), shall be certified
 1572 to the local board 10 days prior to implementation and shall
 1573 only be effective in the territorial jurisdiction of the
 1574 enforcement district or local enforcement agency implementing
 1575 it.

1576 Section 38. Subsections (4) through (9) of section
 1577 553.841, Florida Statutes, are amended to read:

1578 553.841 Building code compliance and mitigation program.—

1579 (4) ~~The department,~~ In administering the Florida Building
 1580 Code Compliance and Mitigation Program, the department shall
 1581 maintain, update, develop, or cause to be developed:

1582 ~~(a) A core curriculum that is prerequisite to the advanced~~
 1583 ~~module coursework.~~

1584 ~~(b) advanced modules designed for use by each profession.~~

1585 ~~(c) The core curriculum developed under this subsection~~
 1586 ~~must be submitted to the Department of Business and Professional~~
 1587 ~~Regulation for approval. Advanced modules developed under this~~
 1588 ~~paragraph must be approved by the commission and submitted to~~
 1589 ~~the respective boards for approval.~~

1590 ~~(5) The core curriculum shall cover the information~~
 1591 ~~required to have all categories of participants appropriately~~
 1592 ~~informed as to their technical and administrative~~
 1593 ~~responsibilities in the effective execution of the code process~~
 1594 ~~by all individuals currently licensed under part XII of chapter~~
 1595 ~~468, chapter 471, chapter 481, or chapter 489, except as~~
 1596 ~~otherwise provided in s. 471.017. The core curriculum shall be~~

1597 ~~prerequisite to the advanced module coursework for all licensees~~
 1598 ~~and shall be completed by individuals licensed in all categories~~
 1599 ~~under part XII of chapter 468, chapter 471, chapter 481, or~~
 1600 ~~chapter 489 within the first 2-year period after initial~~
 1601 ~~licensure. Core course hours taken by licensees to complete this~~
 1602 ~~requirement shall count toward fulfillment of required~~
 1603 ~~continuing education units under part XII of chapter 468,~~
 1604 ~~chapter 471, chapter 481, or chapter 489.~~

1605 (5)~~(6)~~ Each biennium, upon receipt of funds by the
 1606 Department of Community Affairs from the Construction Industry
 1607 Licensing Board and the Electrical Contractors' Licensing Board
 1608 provided under ss. 489.109(3) and 489.509(3), the department
 1609 shall determine the amount of funds available for the Florida
 1610 Building Code Compliance and Mitigation Program.

1611 (6)~~(7)~~ If the projects provided through the Florida
 1612 Building Code Compliance and Mitigation Program in any state
 1613 fiscal year do not require the use of all available funds, the
 1614 unused funds shall be carried forward and allocated for use
 1615 during the following fiscal year.

1616 (7)~~(8)~~ The Florida Building Commission shall provide by
 1617 rule for the accreditation of courses related to the Florida
 1618 Building Code by accreditors approved by the commission. The
 1619 commission shall establish qualifications of accreditors and
 1620 criteria for the accreditation of courses by rule. The
 1621 commission may revoke the accreditation of a course by an
 1622 accreditor if the accreditation is demonstrated to violate this
 1623 part or the rules of the commission.

1624 (8)~~(9)~~ This section does not prohibit or limit the subject

1625 areas or development of continuing education or training on the
1626 Florida Building Code by any qualified entity.

1627 Section 39. Subsections (1), (5), (8), and (17) of section
1628 553.842, Florida Statutes, are amended to read:

1629 553.842 Product evaluation and approval.—

1630 (1) The commission shall adopt rules under ss. 120.536(1)
1631 and 120.54 to develop and implement a product evaluation and
1632 approval system that applies statewide to operate in
1633 coordination with the Florida Building Code. The commission may
1634 enter into contracts to provide for administration of the
1635 product evaluation and approval system. The commission's rules
1636 and any applicable contract may provide that the payment of fees
1637 related to approvals be made directly to the administrator. Any
1638 fee paid by a product manufacturer shall be used only for
1639 funding the product evaluation and approval system. The product
1640 evaluation and approval system shall provide:

1641 (a) Appropriate promotion of innovation and new
1642 technologies.

1643 (b) Processing submittals of products from manufacturers
1644 in a timely manner.

1645 (c) Independent, third-party qualified and accredited
1646 testing and laboratory facilities, product evaluation entities,
1647 quality assurance agencies, certification agencies, and
1648 validation entities.

1649 (d) An easily accessible product acceptance list to
1650 entities subject to the Florida Building Code.

1651 (e) Development of stringent but reasonable testing
1652 criteria based upon existing consensus standards, when

1653 available, for products.

1654 (f) Long-term approvals, where feasible. State and local
1655 approvals will be valid until the requirements of the code on
1656 which the approval is based change, the product changes in a
1657 manner affecting its performance as required by the code, or the
1658 approval is revoked. However, the commission may authorize by
1659 rule editorial revisions to approvals and charge a fee as
1660 provided in this section.

1661 (g) Criteria for revocation of a product approval.

1662 (h) Cost-effectiveness.

1663 (5) Statewide approval of products, methods, or systems of
1664 construction may be achieved by one of the following methods.

1669 (a) Products for which the code establishes standardized
1670 testing or comparative or rational analysis methods shall be
1671 approved by submittal and validation of one of the following
1672 reports or listings indicating that the product or method or
1673 system of construction was evaluated to be in compliance with
1674 the Florida Building Code and that the product or method or
1675 system of construction is, for the purpose intended, at least
1676 equivalent to that required by the Florida Building Code:

1689 A product evaluation report or a certification mark or listing
1690 of an approved certification agency which demonstrates that the
1691 product or method or system of construction complies with the
1692 Florida Building Code for the purpose intended shall be
1693 equivalent to a test report and test procedure as referenced in
1694 the Florida Building Code. An application for state approval of
1695 a product under subparagraph 1. must be approved by the
1696 department after the commission staff or a designee verifies
1697 that the application and related documentation are complete.
1698 This verification must be completed within 10 business days
1699 after receipt of the application. Upon approval by the
1700 department, the product shall be immediately added to the list
1701 of state-approved products maintained under subsection (13).
1702 Approvals by the department shall be reviewed and ratified by
1703 the commission's program oversight committee except for a
1704 showing of good cause that a review by the full commission is
1705 necessary. The commission shall adopt rules providing means to
1706 cure deficiencies identified within submittals for products
1707 approved under this paragraph.

1708 (b) Products, methods, or systems of construction for

1709 | which there are no specific standardized testing or comparative
 1710 | or rational analysis methods established in the code may be
 1711 | approved by submittal and validation of one of the following:

1712 | 1. A product evaluation report based upon testing or
 1713 | comparative or rational analysis, or a combination thereof, from
 1714 | an approved product evaluation entity indicating that the

 1718 | purpose intended, at least equivalent to that required by the
 1719 | Florida Building Code; or

1720 | 2. A product evaluation report based upon testing or
 1721 | comparative or rational analysis, or a combination thereof,
 1722 | developed and signed and sealed by a professional engineer or
 1723 | architect, licensed in this state, who certifies that the
 1724 | product or method or system of construction is, for the purpose
 1725 | intended, at least equivalent to that required by the Florida
 1726 | Building Code.

1727 | (8) The commission may adopt rules to approve the
 1728 | following types of entities that produce information on which
 1729 | product approvals are based. All of the following entities,
 1730 | including engineers and architects, must comply with a
 1731 | nationally recognized standard demonstrating independence or no
 1732 | conflict of interest:

 1744 engineers licensed in this state are also approved to conduct
 1745 product evaluations as provided in subsection (5).

1746 (b) Testing laboratories accredited by national
 1747 organizations, such as A2LA and the National Voluntary
 1748 Laboratory Accreditation Program, laboratories accredited by
 1749 evaluation entities approved under paragraph (a), and
 1750 laboratories that comply with other guidelines for testing
 1751 laboratories selected by the commission and adopted by rule.

1752 (c) Quality assurance entities approved by evaluation
 1753 entities approved under paragraph (a) and by certification
 1754 agencies approved under paragraph (d) and other quality
 1755 assurance entities that comply with guidelines selected by the
 1756 commission and adopted by rule.

 1758 recognized accreditors and other certification agencies that
 1759 comply with guidelines selected by the commission and adopted by
 1760 rule.

1761 (e) Validation entities that comply with accreditation
 1762 standards established by the commission by rule.

1763 ~~(17) (a) The Florida Building Commission shall review the~~
 1764 ~~list of evaluation entities in subsection (8) and, in the annual~~

1765 ~~report required under s. 553.77, shall either recommend~~
1766 ~~amendments to the list to add evaluation entities the commission~~
1767 ~~determines should be authorized to perform product evaluations~~
1768 ~~or shall report on the criteria adopted by rule or to be adopted~~
1769 ~~by rule allowing the commission to approve evaluation entities~~
1770 ~~that use the commission's product evaluation process. If the~~
1771 ~~commission adopts criteria by rule, the rulemaking process must~~
1772 ~~be completed by July 1, 2009.~~

1773 ~~(b) Notwithstanding paragraph (8) (a), the International~~
1774 ~~Association of Plumbing and Mechanical Officials Evaluation~~

1777 ~~the commission as an evaluation entity by October 1, 2009,~~
1778 ~~products approved on the basis of an association evaluation must~~
1779 ~~be substituted by an alternative, approved entity by December~~
1780 ~~31, 2009, and on January 1, 2010, any product approval issued by~~
1781 ~~the commission based on an association evaluation is void.~~

1782 Section 40. Subsection (4) is added to section 553.844,
1783 Florida Statutes, to read:

1784 553.844 Windstorm loss mitigation; requirements for roofs

 1979 acceptable to the insurer.

1980 (3) A person who is authorized to sign a mitigation
 1981 verification form must inspect the structures referenced by the
 1982 form personally, not through employees or other persons, and

 1986 independent contractor, and who possesses the requisite skill,
 1987 knowledge and experience to conduct a mitigation verification
 1988 inspection. Insurers shall have the right to request and obtain

1989 information from the authorized mitigation inspector under s.

 1999 causes financial harm to a customer or their insurer; or that
 2000 jeopardizes a customer's health and safety. Misconduct occurs
 2001 when an authorized mitigation inspector signs a uniform
 2002 mitigation verification form that:

2003 (a) Falsely indicates that he or she personally inspected
 2004 the structures referenced by the form;

2005 (b) Falsely indicates the existence of a feature which
 2006 entitles an insured to a mitigation discount which the inspector
 2007 knows does not exist or did not personally inspect;

2008 (c) Contains erroneous information due to the gross
 2009 negligence of the inspector; or

2010 (d) Contains a pattern of demonstrably false information
 2011 regarding the existence of mitigation features that could give
 2012 an insured a false evaluation of the ability of the structure to
 2013 withstand major damage from a hurricane endangering the safety
 2014 of the insured's life and property.

2015 (5) The licensing board of an authorized mitigation
 2016 inspector that violates subsection (4) may commence disciplinary

2017 proceedings and impose administrative fines and other sanctions
 2018 authorized under the authorized mitigation inspector's licensing
 2019 act. Authorized mitigation inspectors licensed under s. 471.015
 2020 or s. 489.111 shall be directly liable for the acts of employees
 2021 that violate subsection (4) as if the authorized mitigation
 2022 inspector personally performed the inspection.

2023 (6) An insurer, person, or other entity that obtains
 2024 evidence of fraud or evidence that an authorized mitigation
 2025 inspector or an employee authorized to conduct mitigation

 2028 shall file a report with the Division of Insurance Fraud, along
 2029 with all of the evidence in its possession that supports the
 2030 allegation of fraud or falsity. An insurer, person, or other
 2031 entity making the report shall be immune from liability in
 2032 accordance with s. 626.989(4), for any statements made in the
 2033 report, during the investigation, or in connection with the
 2034 report. The Division of Insurance Fraud shall issue an
 2035 investigative report if it finds that probable cause exists to
 2036 believe that the authorized mitigation inspector, or an employee
 2037 authorized to conduct mitigation verification inspections under
 2038 paragraph (3), made intentionally false or fraudulent statements
 2039 in the inspection form. Upon conclusion of the investigation and
 2040 a finding of probable cause that a violation has occurred, the
 2041 Division of Insurance Fraud shall send a copy of the
 2042 investigative report to the office and a copy to the agency
 2043 responsible for the professional licensure of the authorized

2044 mitigation inspector, whether or not a prosecutor takes action
 2045 based upon the report.

2046 (7)-(3) An individual or entity who knowingly provides or
 2047 utters a false or fraudulent mitigation verification form with
 2048 the intent to obtain or receive a discount on an insurance
 2049 premium to which the individual or entity is not entitled
 2050 commits a misdemeanor of the first degree, punishable as
 2051 provided in s. 775.082 or s. 775.083.

2052 (8) At its expense, the insurer may require that any
 2053 uniform mitigation verification form provided by an authorized
 2054 mitigation inspector or inspection company be independently
 2055 verified by an inspector, inspection company or an independent
 2056 third-party quality assurance provider which does possess a
 2057 quality assurance program prior to accepting the uniform
 2058 mitigation verification form as valid.

2059 Section 46. Subsections (7) through (28) of section
 2060 633.021, Florida Statutes, are renumbered as subsections (8)
 2061 through (29), respectively, a new subsection (7) is added to

2316 Section 51. Subsections (2) through (10) of section
 2317 633.061, Florida Statutes, are renumbered as subsections (3)
 2318 through (11), respectively, a new subsection (2) is added to
 2319 that section, and paragraphs (a) and (c) of present subsection
 2320 (3) of that section are amended, to read:

2321 633.061 Fire suppression equipment; license to install or
 2322 maintain.—

2323 (2) A person who holds a valid fire equipment dealer

2324 license may maintain such license in an inactive status during
 2325 which time he or she may not engage in any work under the
 2326 definition of the license held. An inactive status license shall
 2327 be void after 2 years or at the time that the license is
 2328 renewed, whichever comes first. The biennial renewal fee for an
 2329 inactive status license shall be \$75. An inactive status license
 2330 may not be reactivated unless the continuing education
 2331 requirements of this chapter have been fulfilled.

2332 (4)~~(3)~~(a) Such licenses and permits shall be issued by the
 2333 State Fire Marshal for 2 years beginning January 1, 2000, and
 2334 each 2-year period thereafter and expiring December 31 of the
 2335 second year. All licenses or permits issued will expire on
 2336 December 31 of each odd-numbered year. The failure to renew a
 2337 license or permit by December 31 of the second year will cause
 2338 the license or permit to become inoperative. The holder of an
 2339 inoperative license or permit shall not engage in any activities
 2340 for which a license or permit is required by this section. A
 2341 license or permit which is inoperative because of the failure to
 2342 renew it shall be restored upon payment of the applicable fee
 2343 plus a penalty equal to the applicable fee, if the application
 2344 for renewal is filed no later than the following March 31. If
 2345 the application for restoration is not made before the March
 2346 31st deadline, the fee for restoration shall be equal to the
 2347 original application fee and the penalty provided for herein,
 2348 and, in addition, the State Fire Marshal shall require
 2349 reexamination of the applicant. The fee for a license or permit
 2350 issued for 1 year or less shall be prorated at 50 percent of the
 2351 applicable fee for a biennial license or permit. After initial

2352 licensure, each licensee or permittee must ~~shall~~ successfully
 2353 complete a course or courses of continuing education for fire
 2354 equipment technicians of at least 16 ~~32~~ hours. A license or
 2355 permit may not be renewed unless the licensee or permittee
 2356 produces documentation of the completion of at least 16 hours of
 2357 continuing education for fire equipment technicians during the
 2358 biennial licensure period ~~within 4 years of initial issuance of~~
 2359 ~~a license or permit and within each 4-year period thereafter or~~
 2360 ~~no such license or permit shall be renewed.~~ A person who is both
 2361 a licensee and a permittee shall be required to complete 16 ~~32~~
 2362 hours of continuing education during each renewal ~~per 4-year~~
 2363 period. Each licensee shall ensure that all permittees in his or
 2364 her employment meet their continuing education requirements. The
 2365 State Fire Marshal shall adopt rules describing the continuing
 2366 education requirements and shall have the authority upon
 2367 reasonable belief, to audit a fire equipment dealer to determine
 2368 compliance with continuing education requirements.

2369 (c) A license of any class shall not be issued or renewed
 2370 by the State Fire Marshal and a license of any class shall not
 2371 remain operative unless:

 2373 evidence of registration as a Florida corporation or evidence of
 2374 compliance with s. 865.09.

2375 2. The State Fire Marshal or his or her designee has by
 2376 inspection determined that the applicant possesses the equipment
 2377 required for the class of license sought. The State Fire Marshal
 2378 shall give an applicant a reasonable opportunity to correct any
 2379 deficiencies discovered by inspection. A fee of \$50, payable to

2380 the State Fire Marshal, shall be required for any subsequent
 2381 reinspection.

2382 3. The applicant has submitted to the State Fire Marshal
 2383 proof of insurance providing coverage for comprehensive general
 2384 liability for bodily injury and property damage, products
 2385 liability, completed operations, and contractual liability. The
 2386 State Fire Marshal shall adopt rules providing for the amounts
 2387 of such coverage, but such amounts shall not be less than
 2388 \$300,000 for Class A or Class D licenses, \$200,000 for Class B
 2389 licenses, and \$100,000 for Class C licenses; and the total
 2390 coverage for any class of license held in conjunction with a
 2391 Class D license shall not be less than \$300,000. The State Fire
 2392 Marshal may, at any time after the issuance of a license or its
 2393 renewal, require upon demand, and in no event more than 30 days
 2394 after notice of such demand, the licensee to provide proof of
 2395 insurance, on a form provided by the State Fire Marshal,
 2396 containing confirmation of insurance coverage as required by
 2397 this chapter. Failure, for any length of time, to provide proof
 2398 of insurance coverage as required shall result in the immediate
 2399 suspension of the license until proof of proper insurance is
 2400 provided to the State Fire Marshal. An insurer which provides
 2401 such coverage shall notify the State Fire Marshal of any change
 2402 in coverage or of any termination, cancellation, or nonrenewal
 2403 of any coverage.

2404 4. The applicant applies to the State Fire Marshal, and
 2405 provides proof of experience, and successfully completes a
 2406 prescribed training course offered by the State Fire College or
 2407 an equivalent course approved by the State Fire Marshal. This

2408 subparagraph does not apply to any holder of or applicant for a
2409 permit under paragraph (f) or to a business organization or a

2411 existing license solely for the purpose of inspecting,
2412 servicing, repairing, marking, recharging, and maintaining fire
2413 extinguishers used and located on the premises of and owned by
2414 such organization or entity.

2415 5. The applicant has a current retestor identification
2416 number that is appropriate for the license for which the
2417 applicant is applying and that is listed with the United States
2418 Department of Transportation.

2419 6. The applicant has passed, with a grade of at least 70
2420 percent, a written examination testing his or her knowledge of
2421 the rules and statutes regulating the activities authorized by
2422 the license and demonstrating his or her knowledge and ability
2423 to perform those tasks in a competent, lawful, and safe manner.
2424 Such examination shall be developed and administered by the
2425 State Fire Marshal, or his or her designee in accordance with
2426 policies and procedures of the State Fire Marshal. An applicant
2427 shall pay a nonrefundable examination fee of \$50 for each
2428 examination or reexamination scheduled. No reexamination shall
2429 be scheduled sooner than 30 days after any administration of an
2430 examination to an applicant. No applicant shall be permitted to
2431 take an examination for any level of license more than a total
2432 of four times during 1 year, regardless of the number of

2723 489, have verification by an individual who is licensed as a
2724 certified utility contractor or certified plumbing contractor
2725 pursuant to chapter 489 that the applicant has 4 years' proven
2726 experience in the employ of a certified underground utility and
2727 excavation contractor or certified plumbing contractor, or have
2728 a combination of education and experience equivalent to 4 years'
2729 proven experience in the employ of a certified underground
2730 utility and excavation contractor or certified plumbing
2731 contractor.

2732 (g) Within 30 days after the date of the examination, the
2733 State Fire Marshal shall inform the applicant in writing whether
2734 she or he has qualified or not and, if the applicant has
2735 qualified, that she or he is ready to issue a certificate of
2736 competency, subject to compliance with the requirements of
2737 subsection (4).

2738 (10) ~~Effective July 1, 2008,~~ The State Fire Marshal shall
2739 require the National Institute of Certification in Engineering
2740 Technologies (NICET), Sub-field of Inspection and Testing of
2741 Fire Protection Systems Level II or equivalent training and
2742 education as determined by the division as proof that the
2743 permitholders are knowledgeable about nationally accepted

2744 standards for the inspection of fire protection systems. ~~It is~~
2745 ~~the intent of this act, from July 1, 2005, until July 1, 2008,~~
2746 ~~to accept continuing education of all certificateholders'~~
2747 ~~employees who perform inspection functions which specifically~~
2748 ~~prepares the permitholder to qualify for NICET II certification.~~

2749 (11) It is intended that a certificateholder, or a
2750 permitholder who is employed by a certificateholder, conduct
2751 inspections required by this chapter. It is understood that
2752 after July 1, 2008, employee turnover may result in a depletion
2753 of personnel who are certified under the NICET Sub-field of
2754 Inspection and Testing of Fire Protection Systems Level II or
2755 equivalent training and education as required by the Division of
2756 State Fire Marshal which is required for permitholders. The
2757 ~~extensive training and experience necessary to achieve NICET~~
2758 ~~Level II certification is recognized.~~ A certificateholder may
2759 ~~therefore~~ obtain a provisional permit with an endorsement for
2760 inspection, testing, and maintenance of water-based fire
2761 extinguishing systems for an employee if the employee has
2762 initiated procedures for obtaining Level II certification from
2763 the National Institute for Certification in Engineering
2764 Technologies Sub-field of Inspection and Testing of Fire
2765 Protection Systems and achieved Level I certification or an
2766 equivalent level as determined by the State Fire Marshal through
2767 verification of experience, training, and examination. The State
2768 Fire Marshal may establish rules to administer this subsection.
2769 After 2 years of provisional certification, the employee must
2770 have achieved NICET Level II certification or obtain equivalent
2771 training and education as determined by the division, or cease

2772 performing inspections requiring Level II certification. The
 2773 provisional permit is valid only for the 2 calendar years after
 2774 the date of issuance, may not be extended, and is not renewable.
 2775 After the initial 2-year provisional permit expires, the
 2776 certificateholder must wait 2 additional years before a new
 2777 provisional permit may be issued. The intent is to prohibit the
 2778 certificateholder from using employees who never reach NICET
 2779 Level II status, or equivalent training and education as
 2780 determined by the division, by continuously obtaining
 2781 provisional permits.

2782 Section 56. Subsection (3) is added to section 633.524,
 2783 Florida Statutes, to read:

2784 633.524 Certificate and permit fees; use and deposit of
 2785 collected funds.—

2786 (3) The State Fire Marshal may enter into a contract with
 2787 any qualified public entity or private company in accordance
 2788 with chapter 287 to provide examinations for any applicant for
 2789 any examination administered under the jurisdiction of the State
 2790 Fire Marshal. The State Fire Marshal may direct payments from
 2791 each applicant for each examination directly to such contracted
 2792 entity or company.

 2796 certificate; continuing education.—

2797 (4) The renewal period for the permit class is the same as
 2798 that for the employing certificateholder. The continuing
 2799 education requirements for permitholders are what is required to

2800 maintain NICET Sub-field of Inspection and Testing of Fire
 2801 Protection Systems Level II, equivalent training and education
 2802 as determined by the division, or higher certification plus 8
 2803 contact hours of continuing education approved by the State Fire
 2804 Marshal during each biennial renewal period thereafter. ~~The~~
 2805 ~~continuing education curriculum from July 1, 2005, until July 1,~~
 2806 ~~2008, shall be the preparatory curriculum for NICET II~~
 2807 ~~certification; after July 1, 2008, the technical curriculum is~~
 2808 ~~at the discretion of the State Fire Marshal and may be used to~~
 2809 ~~meet the maintenance of NICET Level II certification and 8~~
 2810 ~~contact hours of continuing education requirements.~~ It is the
 2811 responsibility of the permit holder to maintain NICET II
 2812 certification or equivalent training and education as determined
 2813 by the division as a condition of permit renewal after July 1,
 2814 2008.

2815 Section 58. Subsection (4) of section 633.72, Florida
 2816 Statutes, is amended to read:

2823 Section 59. Subsection (6) of section 718.113, Florida
 2824 Statutes, is repealed.

2825 Section 60. The Florida Building Commission shall revise
 2826 the Florida Building Code in order to make it consistent with
 2827 the revisions made by this act to s. 399.02, Florida Statutes.

2828 Section 61. (1) The Department of Management Services
2829 shall consider the energy efficiency of all materials used in
2830 the construction, alteration, repair, or rebuilding of a
2831 building or facility owned or operated by a state agency.
2832 Whenever feasible, the department shall lease a building or
2833 facility that has high-efficiency lighting.

2834 (2) The Department of Management Services shall adopt
2835 rules requiring a state agency to install high-efficiency lamps
2836 when replacing an existing lamp or installing a new lamp in a
