At the end of existing proviso language, following Specific Appropriation 445A, INSERT:

The funds in Specific Appropriation 445A are provided to the Department of Health to contract with the Florida Agricultural and Mechanical University to continue a project, first funded in Fiscal Year 2008-2009, to address some of the chronic health disparities found in rural and under served communities. One hundred percent of the funds in this appropriation shall be provided to the university, and the university shall use one hundred percent of the funds received in this contract to train health care professionals committed to serving in rural or under served areas of the state and to provide direct services to residents.

Line item amendments are accepted as part of the amendatory process. However, due to the necessity of using computerized systems this may entail a different placement within a budget entity or the renumbering of the specific appropriation items.
