Immediately following Specific Appropriation 2802, INSERT:

The Department of the Lottery is authorized to submit budget amendments in accordance with chapter 216, Florida Statutes, to increase Specific Appropriation 2801 to acquire up to 750 additional Instant Ticket Vending Machines. Prior to the submission of any budget amendment that increases the number of Instant Ticket Vending Machines leased, the Revenue Estimating Conference shall determine if sales will increase sufficiently to cover the cost of the machines and generate additional revenue that benefits the state. The budget amendment will be contingent upon the agency's submission of a plan that includes not only a positive Revenue Estimating Conference impact analysis, but also identifies a plan for distribution of the additional machines.

Line item amendments are accepted as part of the amendatory process. However, due to the necessity of using computerized systems this may entail a different placement within a budget entity or the renumbering of the specific appropriation items.
