

Amendment No.

CHAMBER ACTION

Senate

House

.

1 Representative Kreegel offered the following:

2
3 **Amendment to Amendment (525388) (with title amendment)**

4 Between lines 17 and 18, insert:

5 Section 3. Subsection (4) of section 366.92, Florida
6 Statutes, is amended to read:

7 366.92 Florida renewable energy policy.—

8 (4) The commission shall provide for full cost recovery
9 under the environmental cost-recovery clause of all reasonable
10 and prudent costs incurred by a provider for the production or
11 purchase of renewable energy up to a total of 150 megawatts
12 statewide. The total shall be divided evenly between solar and
13 nonsolar forms of renewable energy. Costs may not be recovered
14 for any solar project that does not have a firm commitment for
15 the production or purchase of an equal amount of nonsolar
16 renewable energy. A utility must also seek competitive bids for

Amendment No.

17 any solar project under this subsection. Such costs shall be
18 deemed reasonable and prudent for purposes of cost recovery so
19 long as the provider has used reasonable and customary industry
20 practices in the design, procurement, and construction of the
21 project in a cost-effective manner appropriate to the location
22 of the facility. To obtain cost recovery pursuant to this
23 section, a provider must file for cost recovery no later than
24 July 1, 2011. In order to demonstrate the feasibility and
25 viability of clean energy systems, the commission shall provide
26 for full cost recovery under the environmental cost-recovery
27 clause of all reasonable and prudent costs incurred by a
28 provider for renewable energy projects that are zero greenhouse
29 gas emitting at the point of generation, up to a total of 110
30 megawatts statewide, and for which the provider has secured
31 necessary land, zoning permits, and transmission rights within
32 the state. Such costs shall be deemed reasonable and prudent for
33 purposes of cost recovery so long as the provider has used
34 reasonable and customary industry practices in the design,
35 procurement, and construction of the project in a cost-effective
36 manner appropriate to the location of the facility. The provider
37 shall report to the commission as part of the cost-recovery
38 proceedings the construction costs, in-service costs, operating
39 and maintenance costs, hourly energy production of the renewable
40 energy project, and any other information deemed relevant by the
41 commission. Any provider constructing a clean energy facility
42 pursuant to this section shall file for cost recovery no later
43 than July 1, 2009.
