

Amendment No.

CHAMBER ACTION

Senate

House

.

---

1 Representative Williams, T. offered the following:

2  
3 **Amendment (with title amendment)**

4 Remove lines 479-489 and insert:

5 (6) In order to further promote renewable energy, any  
6 expansion of an existing renewable energy electric generating  
7 facility, subject to a total of up to 200 net megawatts  
8 statewide, for which a site certification application is filed  
9 before January 1, 2011, and which is owned by a local government  
10 entity, does not require a determination of need pursuant to s.  
11 403.519.

12 (7) There is created the Agriculture and Clean Energy  
13 Economic Development Pilot Project. In order to promote economic  
14 development in the agriculture community by demonstrating the  
15 viability of clean energy farming, any energy purchased by a  
16 municipal electric utility or a rural electric cooperative from  
539245

Approved For Filing: 4/25/2010 11:14:46 AM

Amendment No.

17 a new electric generating facility with a minimum system  
18 efficiency of 75 percent that utilizes waste heat and carbon for  
19 the purpose of growing agriculture in greenhouse facilities  
20 shall be considered renewable energy for up to 65 megawatts for  
21 a single pilot project.

22 ~~(8)-(7)~~ The commission may adopt rules to administer and  
23

24 -----  
25 **T I T L E A M E N D M E N T**

26 Remove lines 10-27 and insert:

27 the definition of the term "biomass"; amending s. 366.92,  
28 F.S.; deleting the legislative intent provisions; deleting  
29 and revising definitions; deleting provisions for the  
30 renewable portfolio standard and renewable energy credits;  
31 providing a mechanism for providers to recover costs to  
32 produce or purchase specified amounts of renewable energy  
33 through the environmental cost-recovery clause under  
34 certain conditions; requiring providers to include  
35 specified information related to renewable energy  
36 development in a certain report; authorizing a developer  
37 of solar energy generation to locate a solar energy  
38 generation facility on the premises of a host consumer  
39 under certain circumstances; requiring the commission to  
40 adopt rules and submit reports to the Legislature;  
41 exempting the expansion of existing renewable energy  
42 electric generating facilities from requirements for a  
43 determination of need under certain circumstances;  
44 establishing the Agriculture and Clean Energy Economic
