Senator Bogdanoff moved the following:

Senate Amendment (with title amendment)

Between lines 8365 and 8366
insert:

Section 71. Installation of fuel tank upgrades to secondary containment systems shall be completed by the deadlines specified in rule 62-761.510, Florida Administrative Code, Table UST. However, notwithstanding any agreement to the contrary, a fuel service station that changed ownership interest through a bona fide sale of the property between January 1, 2009, and December 31, 2009, is not required to complete the upgrades prescribed in rule 62-761.510, Florida Administrative Code, Table UST, until December 31, 2012. A fuel station owner who

292728

14 uses the deadline extension must provide to the Department of
15 Environmental Protection by September 30, 2011, a list of fuel
16 stations that qualify under this section.

17
18 ===== T I T L E A M E N D M E N T =====

19 And the title is amended as follows:

20 Delete line 185

21 and insert:

22 F.S.; making conforming changes; requiring that
23 installation of fuel tank upgrades to secondary
24 containment systems be completed by a certain
25 deadline; providing an extension for the upgrades for
26 any fuel service station that changed ownership
27 interest during a specified period; requiring a
28 station owner who uses the extension to provide a list
29 of stations that qualify to the Department of
30 Environmental Protection by a specified date;
31 repealing
