---

The Committee on Governmental Oversight and Accountability  
(Flores) recommended the following:

**Senate Substitute for Amendment (528984) (with title amendment)**

Between lines 2121 and 2122  
insert:

Section 53. Section 322.145, Florida Statutes, is created  
to read:

322.145 Electronic authentication of licenses.-

(1) Any driver's license issued on or after July 1, 2012, must contain a means of electronic authentication, which conforms to a recognized standard for such authentication, such as public key infrastructure, symmetric key algorithms, security

493476

13 tokens, mediametrics, or biometrics. Electronic authentication  
14 capabilities must not interfere with or change the driver's  
15 license format or topology.

16 (2) The department shall provide, at the applicant's option  
17 and at the time a license is issued, a security token that can  
18 be electronically authenticated through a personal computer. The  
19 token must also conform to one of the standards provided  
20 subsection (1).

21 (3) The department shall negotiate a new contract with the  
22 vendor selected to implement the electronic authentication  
23 feature which provides that the vendor pay all costs of  
24 implementing the system. This contract must not conflict with  
25 current contractual arrangements for the issuance of driver's  
26 licenses.

27  
28 ===== T I T L E A M E N D M E N T =====

29 And the title is amended as follows:

30 Delete line 188

31 and insert:

32 department; creating s. 322.145, F.S.; requiring the  
33 Department of Highway Safety and Motor Vehicles to  
34 implement a system providing for the electronic  
35 authentication of driver's licenses; providing  
36 criteria for a token for security authenticity;  
37 requiring that the department contract for  
38 implementation of the electronic verification;  
39 amending s. 322.20, F.S., relating to
