Section 2. Subsection (6) of section 456.036, Florida Statutes, is amended to read:

456.036 Licenses; active and inactive status; delinquency.—

(6) (a) Except as provided in paragraph (b), a delinquent licensee must affirmatively apply with a complete application, as defined by rule of the board, or the department if there is no board, for active or inactive status during the licensure cycle in which a licensee becomes delinquent. Failure by a

13 delinquent licensee to become active or inactive before the
14 expiration of the current licensure cycle renders the license
15 null without any further action by the board or the department.
16 Any subsequent licensure shall be as a result of applying for
17 and meeting all requirements imposed on an applicant for new
18 licensure.

19 (b) A delinquent licensee whose license becomes delinquent
20 before the final resolution of a case under s. 456.0635(3) must
21 affirmatively apply by submitting a complete application, as
22 defined by rule of the board, or the department if there is no
23 board, for active or inactive status during the licensure cycle
24 in which the case achieves final resolution by order of the
25 court. Failure by a delinquent licensee to become active or
26 inactive before the expiration of that licensure cycle renders
27 the license null without any further action by the board or the
28 department. Any subsequent licensure shall be as a result of
29 applying for and meeting all requirements imposed on an
30 applicant for new licensure.
