5 Delete lines 2632 - 2682

6 and insert:

7 Section 47. (1) As used in this section, the term:

8 (a) "License" includes any certificate, permit, medallion,
9 or other evidence that authorizes a person to operate a public
10 vehicle for hire within the geographic boundaries of a
11 governmental unit.

12 (b) "Governmental unit" includes a county, municipality,
13 special district, commission, or other unit of state or local

368348

14 government.

15 (2) Any governmental unit that is authorized to regulate
16 the operation of public vehicles for hire within its geographic
17 boundaries may adopt ordinances, rules, regulations, orders, or
18 other acts that create a private property right or interest in a
19 license to operate a public vehicle for hire within the
20 geographic boundaries of the governmental unit. If the
21 governmental unit that is authorized to regulate the operation
22 of for-hire vehicles charges or has charged a fee in order to
23 obtain the license, apart from an annual license fee, it is
24 presumed that the governmental unit has created a private
25 property right.

26 (3) Upon the creation of such private property right, the
27 owner of a vehicle for hire operation may pledge, sell, assign,
28 sublease, or otherwise transfer the license to another person.
29 Each governmental unit may, by rule, ordinance, or regulation,
30 specify the procedure by which such property right may be
31 transferred.
