Section 24. Section 121.71, Florida Statutes, is amended to read:

- 121.71 Uniform rates; process; calculations; levy.-
- In conducting the system actuarial study required under s. 121.031, the actuary shall follow all requirements specified thereunder to determine, by Florida Retirement System employee membership class, the dollar contribution amounts necessary for the next forthcoming fiscal year for the pension plan defined benefit program. In addition, the actuary shall determine, by Florida Retirement System membership class, based on an estimate for the next forthcoming fiscal year of the gross compensation of employees participating in the investment plan optional retirement program, the dollar contribution amounts necessary to make the allocations required under ss. 121.72 and 121.73. For each employee membership class and subclass, the actuarial study must shall establish a uniform rate necessary to fund the benefit obligations under both Florida Retirement System retirement plans by dividing the sum of total dollars required by the estimated gross compensation of members in both plans.
- (2) Based on the uniform rates set forth in <u>subsections</u> subsection (3), (4), and (5), employees and employers shall make monthly contributions to the Division of Retirement <u>as required</u> in s. 121.061(1), which shall initially deposit the funds into the Florida Retirement System Contributions Clearing Trust Fund.

Page 161 of 177

4509 A change in a contribution rate is effective the first day of 4510 the month for which a full month's employee and employer 4511 contribution may be made on or after the beginning date of the 4512 change. Beginning July 1, 2011, each employee shall contribute 4513 the contributions required in subsection (3). The employer shall 4514 deduct the contribution from the employee's monthly salary, and 4515 the contribution shall be submitted to the Division of 4516 Retirement. These contributions shall be reported as employerpaid employee contributions, and shall be credited to the 4517 4518 account of the employee. The contributions shall be deducted 4519 from the employee's salary before the computation of applicable 4520 federal taxes and shall be treated as employer contributions 4521 under 26 U.S.C. s. 414(h)(2). The employee specifies that the 4522 contributions, although designated as employee contributions, 4523 are being paid by the employer in lieu of contributions by the 4524 employee. The employee shall not have the option of choosing to 4525 receive the contributed amounts directly instead of having them 4526 paid by the employer to the plan. Such contributions are 4527 mandatory and each employee shall be considered to consent to 4528 payroll deductions. Payment of an employee's salary or wages, 4529 less the contribution, is a full and complete discharge and satisfaction of all claims and demands for the service rendered 4530 4531 by employees during the period covered by the payment, except their claims to the benefits to which they may be entitled under 4532 4533 the provisions of this chapter. 4534 (3) Required employee retirement contribution rates for 4535 each membership class of the Florida Retirement System for both
