The Committee on Health Regulation (Gaetz) recommended the following:

2

**Senate Amendment**

3

4

Delete lines 3829 - 3841

5

and insert:

6

(1) The agency shall develop a methodology and request a

7

waiver that ensures the availability of intergovernmental

8

transfers and certified public expenditures in the Medicaid

9

managed care program to support providers that have historically

10

served Medicaid recipients. Such providers include, but are not

11

limited to, safety net providers, trauma hospitals, children's

12

hospitals, statutory teaching hospitals, and medical and

13

osteopathic physicians employed by or under contract with a

528432

14 medical school in this state. The agency may develop a  
15 supplemental capitation rate, risk pool, or incentive payment  
16 for plans that contract with these providers. A plan is eligible  
17 for a supplemental payment only if there are sufficient  
18 intergovernmental transfers or certified public expenditures  
19 available from allowable sources.
