The Committee on Communications, Energy, and Public Utilities (Benacquisto) recommended the following:

**Senate Amendment (with title amendment)**

Between lines 159 and 160  
insert:

(b) Five percent of the total costs of solar generation for which a provider is permitted recovery in any calendar year under this subsection shall be added to any amounts authorized for a provider's demand-side renewable energy system projects approved by the commission pursuant to s. 366.82. At least 50 percent of this incremental amount added to the provider's demand-side renewable energy system projects in any calendar year under this subsection shall be made available by the

783166

13 provider for incentives for solar projects of up to 10  
14 kilowatts.

15  
16 ===== T I T L E A M E N D M E N T =====

17 And the title is amended as follows:

18       Between lines 13 and 14

19 insert:

20       authorizing a certain amount of recoverable costs for  
21       solar generation to be added to the provider's demand-  
22       side renewable energy system projects; making  
23       available certain amounts for solar projects of up to  
24       10 kilowatts;
