59 (2) In determining the assessed value of real property  
60 used for residential purposes, the just value of changes or  
61 improvements made for the purpose of improving a property's  
62 resistance to wind damage and the just value of renewal energy  
63 source devices shall not be added to the assessed value as  
64 limited by s. 193.155 or s. 193.1554.

65 (3) The assessed value of real property used for

70 (4) This section applies to new and existing construction  
71 used for residential purposes.

72 (5) A parcel of residential property may not be assessed  
73 pursuant to this section unless an application is filed on or  
74 before March 1 of the first year the property owner claims the

 86 application by March 1 may file a late application and may file,

 91 Notwithstanding s. 194.013, the applicant must pay a  
 92 nonrefundable fee of \$15 upon filing the petition. Upon  
 93 reviewing the petition, if the property is qualified to be  
 94 assessed under this section and the property owner demonstrates  
 95 particular extenuating circumstances judged by the property  
 96 appraiser or the value adjustment board to warrant granting  
 97 assessment under this section, the property appraiser shall  
 98 calculate the assessment in accordance with this section.
