in the cash assistance group, including individuals who may be exempt from work activity requirements due to the age of the youngest child or who may be excepted from work activity requirements under s. 414.065(4).

- (b) An individual who tests positive for controlled substances as a result of a drug test required under this section is ineligible to receive TANF benefits for 1 year after the date of the positive drug test unless the individual meets the requirements of paragraph (2)(j).
 - (2) The department shall:
- (a) Provide notice of drug testing to each individual at the time of application. The notice must advise the individual that drug testing will be conducted as a condition for receiving TANF benefits and that the individual must bear the cost of testing. The individual shall be advised that the required drug testing may be avoided if the individual does not apply for TANF benefits. Dependent children under the age of 18 are exempt from the drug-testing requirement.
- (b) Require that for two-parent families, both parents must comply with the drug-testing requirement.
- (c) Require that any teen parent who is not required to live with a parent, legal guardian, or other adult caretaker relative in accordance with s. 414.095(14)(c) must comply with the drug-testing requirement.
- (d) Advise each individual to be tested, before the test is conducted, that he or she may, but is not required to, advise the agent administering the test of any prescription or overthe-counter medication he or she is taking.
 - (e) Require each individual to be tested to sign a written

acknowledgment that he or she has received and understands the notice and advice provided under paragraphs (a) and (d).

- (f) Assure each individual being tested a reasonable degree of dignity while producing and submitting a sample for drug testing, consistent with the state's need to ensure the reliability of the sample.
- (g) Specify circumstances under which an individual who fails a drug test has the right to take one or more additional tests.
- (h) Inform an individual who tests positive for a controlled substance and is deemed ineligible for TANF benefits that the individual may reapply for those benefits 1 year after the date of the positive drug test unless the individual meets the requirements of paragraph (j). If the individual tests positive again, he or she is ineligible to receive TANF benefits for 3 years after the date of the second positive drug test unless the individual meets the requirements of paragraph (j).
- (i) Provide any individual who tests positive with a list of licensed substance abuse treatment providers that are available in the area in which he or she resides, that meet the requirements of s. 397.401, and that are licensed by the department. Neither the department nor the state is responsible for providing or paying for substance abuse treatment as part of the screening conducted under this section.
- (j) Provide a procedure whereby an individual who tests positive under this section and is denied TANF benefits as a result may reapply for those benefits after 6 months if the individual documents successful completion of a substance abuse treatment program offered by a provider that meets the

requirements of s. 397.401 and is licensed by the department. An individual who has met the requirements of this paragraph and reapplies for TANF benefits must also pass an initial drug test and meet the requirements of subsection (1). Any drug test conducted while the individual is undergoing substance abuse treatment must meet the requirements of subsection (1). The cost of any drug testing and substance abuse treatment provided under this section is the responsibility of the individual being tested and receiving treatment. An individual who fails the drug test required under subsection (1) may reapply for benefits under this paragraph only once.

- (3) (a) If a parent is deemed ineligible for TANF benefits due to failing a drug test under this section, his or her dependent child's eligibility for TANF benefits is not affected.
- (b) If a parent is deemed ineligible for TANF benefits due to failing a drug test, an appropriate protective payee shall be established for the benefit of the child.
- (c) The parent may choose to designate another individual to receive benefits for the parent's minor child. The designated individual must be an immediate family member or, if an immediate family member is not available or the family member declines the option, another individual, approved by the department, may be designated. The designated individual must also undergo drug testing before being approved to receive benefits on behalf of the child. If the designated individual tests positive for controlled substances, he or she shall be deemed ineligible to receive benefits on behalf of the child.
- (4) The Department of Children and Family Services shall adopt rules as necessary to administer this section.
