I. SUBSTANTIVE INFORMATION

A. EFFECT OF CHANGES:

Present Situation:

The Southeast Volusia Hospital District, an independent special district, was created in 1947¹ and was subsequently amended by special acts. In 2003,² the Legislature codified all prior special acts relating to the Southeast Volusia Hospital District (District) into a single act and repealed all prior special acts relating to the District's charter.

Each hospital and clinic established in the District must be for the use and benefit of the indigent sick. These residents must be admitted to said hospital and clinic and are entitled to medical care and treatment without charge, subject to the rules and regulations prescribed by the District's governing body (Board). However, the Board is authorized to collect from patients who are financially able to pay. The District is authorized to levy up to 4 mills ad valorem tax on taxable District property.

The Board must consist of seven commissioners, all of whom must be qualified electors and freeholders residing in the District. Two commissioners must be residents of New Smyrna Beach, two commissioners must be residents of the City of Edgewater, one commissioner must be a resident of Oak Hill, and two commissioners must be residents of the unincorporated area of the District. Commissioners are required to have business, professional, or personal experience useful for service as a commissioner. Residents of the City of Port Orange are not eligible to serve on the Board.

The taxable property of residents of the unincorporated area of the District is assessed by the District and residents of this area are represented on the District's Board. Some of the parcels originally located in the unincorporated area of the District have been annexed into the City of Port Orange and the taxable property of the citizens residing on those parcels continues to be assessed by the District. However, residents of the City of Port Orange are not eligible to serve on the District's Board. The lack of Board representation for the residents of the City of Port Orange was discovered in 2009.³

Effect of the bill

This bill provides that two of the seven commissioners of the Southeast Volusia Hospital District must be residents of the unincorporated area of the district *or* residents of the City of Port Orange.
