## **SUMMARY ANALYSIS**

SB 924 passed the House on March 10, 2011. The bill was approved by the Governor on March 25, 2011, chapter 2011-3, Laws of Florida, and becomes effective July 6, 2011.

Florida statute requires the Division of Statutory Revision of the Office of the Legislative Services to conduct a systematic and continuing study of this state's statutes and laws. The purpose of this study is to recommend to the Legislature changes that will remove inconsistencies, redundancies, and unnecessary repetition from the statutes and otherwise improve their clarity and facilitate their correct and proper interpretation. In furthering this statutory requirement, Statutory Revision recommends changes such as correcting grammatical and typographical errors and removing obsolete, repealed, or superseded provisions. These recommendations are submitted to the Legislature as technical, non-substantive reviser's bills.

This bill deletes statutory provisions that have been repealed by a non-current (past-year) session of the Legislature where that repeal or expiration date has now occurred, rendering the provision of no effect. Such provisions may be omitted from publication in the 2011 Florida Statutes only through a reviser's bill duly enacted by the Legislature.

This bill has no fiscal impact.
