1469 (2) NONCERTIFIED BURNING.—

1470 (a) Persons may be authorized to burn wild land or
1471 vegetative land-clearing debris in accordance with this
1472 subsection if:

1473 1. There is specific consent of the landowner or his or

1475 2. Authorization has been obtained from the division or
1476 its designated agent before starting the burn;

1488 clearing debris in a manner that violates any requirement of
1489 this subsection commits a misdemeanor of the second degree,
1490 punishable as provided in s. 775.082 or s. 775.083.

1491 (3) CERTIFIED PRESCRIBED BURNING; LEGISLATIVE FINDINGS AND
1492 PURPOSE.—

1493 (a) The application of prescribed burning is a land
1494 management tool that benefits the safety of the public, the
1495 environment, and the economy of the state. The Legislature finds
1496 that:

1497 1. Prescribed burning reduces vegetative fuels within wild
1498 land areas. Reduction of the fuel load reduces the risk and
1499 severity of wildfire, thereby reducing the threat of loss of
1500 life and property, particularly in urban areas.

1501 2. Most of Florida's natural communities require periodic
1502 fire for maintenance of their ecological integrity. Prescribed
1503 burning is essential to the perpetuation, restoration, and
1504 management of many plant and animal communities. Significant
1505 loss of the state's biological diversity will occur if fire is
1506 excluded from fire-dependent systems.

1507 3. Forestland and rangeland constitute significant
1508 economic, biological, and aesthetic resources of statewide
1509 importance. Prescribed burning on forestland prepares sites for
1510 reforestation, removes undesirable competing vegetation,
1511 expedites nutrient cycling, and controls or eliminates certain
1512 forest pathogens. On rangeland, prescribed burning improves the

1513 quality and quantity of herbaceous vegetation necessary for
 1514 livestock production.

1515 4. The state purchased hundreds of thousands of acres of
 1516 land for parks, preserves, wildlife management areas, forests,
 1517 and other public purposes. The use of prescribed burning for
 1518 management of public lands is essential to maintain the specific
 1519 resource values for which these lands were acquired.

1520 5. A public education program is necessary to make
 1521 citizens and visitors aware of the public safety, resource, and
 1522 economic benefits of prescribed burning.

1523 6. Proper training in the use of prescribed burning is
 1524 necessary to ensure maximum benefits and protection for the
 1525 public.

1526 7. As Florida's population continues to grow, pressures
 1527 from liability issues and nuisance complaints inhibit the use of
 1528 prescribed burning. Therefore, the division is urged to maximize
 1529 the opportunities for prescribed burning conducted during its
 1530 daytime and nighttime authorization process.

1531 (b) Certified prescribed burning pertains only to
 1532 broadcast burning for purposes of silviculture, wildland fire
 1533 hazard reduction, wildlife management, ecological maintenance
 1534 and restoration, and range and pasture management. It must be
 1535 conducted in accordance with this subsection and:

1536 1. May be accomplished only when a certified prescribed
 1537 burn manager is present on site with a copy of the prescription
 1538 from ignition of the burn to its completion.

1539 2. Requires that a written prescription be prepared before
 1540 receiving authorization to burn from the division.

1541 3. Requires that the specific consent of the landowner or
 1542 his or her designee be obtained before requesting an
 1543 authorization.

1544 4. Requires that an authorization to burn be obtained from
 1545 the division before igniting the burn.

1546 5. Requires that there be adequate firebreaks at the burn
 1547 site and sufficient personnel and firefighting equipment for the
 1548 control of the fire.

1549 6. Is considered to be in the public interest and does not
 1550 constitute a public or private nuisance when conducted under
 1551 applicable state air pollution statutes and rules.

1552 7. Is considered to be a property right of the property
 1553 owner if vegetative fuels are burned as required in this
 1554 subsection.

1555 (c) Neither a property owner nor his or her agent is
 1556 liable pursuant to s. 590.13 for damage or injury caused by the
 1557 fire or resulting smoke or considered to be in violation of
 1558 subsection (2) for burns conducted in accordance with this
 1559 subsection unless gross negligence is proven.

1560 (d) Any certified burner who violates this section commits
 1561 a misdemeanor of the second degree, punishable as provided in s.
 1562 775.082 or s. 775.083.

1563 (e) The division shall adopt rules for the use of
 1564 prescribed burning and for certifying and decertifying certified
 1565 prescribed burn managers based on their past experience,
 1566 training, and record of compliance with this section.

1567 (4) CERTIFIED PILE BURNING.—

1568 (a) Certified pile burning pertains to the disposal of

1569 piled, naturally occurring debris from an agricultural,
1570 silvicultural, or temporary land-clearing operation. A land-
1571 clearing operation is temporary if it operates for 6 months or
1572 less. Certified pile burning must be conducted in accordance
1573 with the following:

1574 1. A certified pile burner must ensure, before ignition,
1575 that the piles are properly placed and that the content of the
1576 piles is conducive to efficient burning.

1577 2. A certified pile burner must ensure that the piles are
1578 properly extinguished no later than 1 hour after sunset. If the
1579 burn is conducted in an area designated by the division as smoke
1580 sensitive, a certified pile burner must ensure that the piles
1581 are properly extinguished at least 1 hour before sunset.

1582 3. A written pile burning plan must be prepared before
1583 receiving authorization from the division to burn.

1584 4. The specific consent of the landowner or his or her
1585 agent must be obtained before requesting authorization to burn.

1586 5. An authorization to burn must be obtained from the
1587 division or its designated agent before igniting the burn.

1588 6. There must be adequate firebreaks and sufficient
1589 personnel and firefighting equipment at the burn site to control
1590 the fire.

1591 (b) If a burn is conducted in accordance with paragraph
1592 (a), the property owner and his or her agent are not liable
1593 under s. 590.13 for damage or injury caused by the fire or
1594 resulting smoke, and are not in violation of subsection (2),
1595 unless gross negligence is proven.

1596 (c) A certified pile burner who violates this subsection

1597 commits a misdemeanor of the second degree, punishable as
 1598 provided in s. 775.082 or s. 775.083.

1599 (d) The division shall adopt rules regulating certified
 1600 pile burning. The rules shall include procedures and criteria
 1601 for certifying and decertifying certified pile burn managers
 1602 based on past experience, training, and record of compliance
 1603 with this section.

1604 (5)-(4) WILDFIRE HAZARD REDUCTION TREATMENT BY THE
 1605 DIVISION.—The division may conduct fuel reduction initiatives,
 1606 including, but not limited to, burning and mechanical and
 1607 chemical treatment, on any area of wild land within the state
 1608 which is reasonably determined to be in danger of wildfire in
 1609 accordance with the following procedures:

1610 (a) Describe the areas that will receive fuels treatment
 1611 to the affected local governmental entity.

1612 (b) Publish a treatment notice, including a description of
 1613 the area to be treated, in a conspicuous manner in at least one
 1614 newspaper of general circulation in the area of the treatment
 1615 not less than 10 days before the treatment.

1616 (c) Prepare, and send ~~the county tax collector shall~~
 1617 ~~include with the annual tax statement,~~ a notice to be sent to
 1618 all landowners in each area ~~township~~ designated by the division
 1619 as a wildfire hazard area. The notice must describe particularly
 1620 the area to be treated and the tentative date or dates of the
 1621 treatment and must list the reasons for and the expected
 1622 benefits from the wildfire hazard reduction.

1623 (d) Consider any landowner objections to the fuels
 1624 treatment of his or her property. The landowner may apply to the

1625 director of the division for a review of alternative methods of
1626 fuel reduction on the property. If the director or his or her
1627 designee does not resolve the landowner objection, the director
1628 shall convene a panel made up of the local forestry unit
1629 manager, the fire chief of the jurisdiction, and the affected
1630 county or city manager, or any of their designees. If the
1631 panel's recommendation is not acceptable to the landowner, the
1632 landowner may request further consideration by the Commissioner
1633 of Agriculture or his or her designee and shall thereafter be
1634 entitled to an administrative hearing pursuant to the provisions
1635 of chapter 120.

1636 (6) DIVISION APPROVAL OF LOCAL GOVERNMENT OPEN BURNING
1637 AUTHORIZATION PROGRAMS.—

1638 (a) A county or municipality may exercise the division's
1639 authority, if delegated by the division under this subsection,
1640 to issue authorizations for the burning of yard trash or debris
1641 from land-clearing operations. A county's or municipality's
1642 existing or proposed open burning authorization program must:

1643 1. Be approved by the division. The division may not
1644 approve a program if it fails to meet the requirements of
1645 subsections (2) and (4) and any rules adopted under those
1646 subsections.

1647 2. Provide by ordinance or local law the requirements for
1648 obtaining and performing a burn authorization that complies with
1649 subsections (2) and (4) and any rules adopted under those
1650 subsections.

1651 3. Provide for the enforcement of the program's
1652 requirements.

1653 4. Provide financial, personnel, and other resources
1654 needed to carry out the program.

1655 (b) If the division determines that a county's or
1656 municipality's open burning authorization program does not
1657 comply with subsections (2) and (4) and any rules adopted under
1658 those subsections, the division shall require the county or
1659 municipality to take necessary corrective actions within 90 days
1660 after receiving notice from the division of its determination.

1661 1. If the county or municipality fails to take the
1662 necessary corrective actions within the required period, the
1663 division shall resume administration of the open burning
1664 authorization program in the county or municipality and the
1665 county or municipality shall cease administration of its
1666 program.

1667 2. Each county and municipality administering an open
1668 burning authorization program must cooperate with and assist the
1669 division in carrying out the division's powers, duties, and
1670 functions.

1671 3. A person who violates the requirements of a county's or
1672 municipality's open burning authorization program, as provided
1673 by ordinance or local law enacted pursuant to this subsection,
1674 commits a violation of this chapter, punishable as provided in
1675 s. 590.14.

1676 (7) ~~(5)~~ DUTIES OF AGENCIES.—The Department of Education
1677 shall incorporate, where feasible and appropriate, the issues of
1678 fuels treatment, including prescribed burning, into its
1679 educational materials.

1680 Section 56. Section 590.14, Florida Statutes, is amended

1681 to read:

1682 590.14 Notice of violation; penalties; legislative
 1683 intent.—

1684 (1) If a division employee determines that a person has
 1685 violated chapter 589, ~~or~~ this chapter, or any rule adopted by
 1686 the division to administer provisions of law conferring duties
 1687 upon the division, the division employee ~~he or she~~ may issue a
 1688 notice of violation indicating the statute or rule violated.

 1690 to the appropriate law enforcement entity for further action if
 1691 necessary.

1692 (2) In addition to any penalties provided by law, any
 1693 person who causes a wildfire or permits any authorized fire to
 1694 escape the boundaries of the authorization or to burn past the
 1695 time of the authorization is liable for the payment of all
 1696 reasonable costs and expenses incurred in suppressing the fire
 1697 or \$150, whichever is greater. All costs and expenses incurred
 1698 by the division shall be payable to the division. When such
 1699 costs and expenses are not paid within 30 days after demand, the
 1700 division may take proper legal proceedings for the collection of
 1701 the costs and expenses. Those costs incurred by an agency acting
 1702 at the division's direction are recoverable by that agency.

1703 (3) The department may also impose an administrative fine,
 1704 not to exceed \$1,000 per violation of any section of chapter 589
 1705 or this chapter or violation of any rule adopted by the division
 1706 to administer provisions of law conferring duties upon the
 1707 division. The fine shall be based upon the degree of damage, the
 1708 prior violation record of the person, and whether the person

1709 knowingly provided false information to obtain an authorization.
 1710 The fines shall be deposited in the Incidental Trust Fund of the
 1711 division.

1712 (4) A person commits a misdemeanor of the second degree,
 1713 punishable as provided in s. 775.082 or s. 775.083, if the
 1714 person:

 1719 in any application, record, plan, or other document required by
 1720 this chapter or any rules adopted under this chapter.

1721 (5) It is the intent of the Legislature that a penalty
 1722 imposed by a court under subsection (4) be of a severity that
 1723 ensures immediate and continued compliance with this section.

1724 ~~(6)-(4)~~ The penalties provided in this section shall extend
 1725 to both the actual violator and the person or persons, firm, or
 1726 corporation causing, directing, or permitting the violation.

 1750 penalties or civil damages arising out of the personal injury or
 1751 death of any person, or property damage, resulting from such
 1752 exhibits or concessions. This subsection does not apply if the
