SUMMARY ANALYSIS

HB 1165 provides for placement of a temporary capital "V" on driver's licenses and identification cards to designate veteran status. The temporary designation is intended to serve as a place holder until the veteran is next required to renew his or her driver's license or identification card. To receive the temporary designation, the veteran must pay a \$2 fee and present the required documentation. This fee will eliminate the requirement that a veteran spend a total of \$26 to have his or her veteran status designated on his or her driver's license or identification card.

The bill has an indeterminate but likely insignificant fiscal impact on state government.

The bill has an effective date of July 1, 2012.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. EFFECT OF PROPOSED CHANGES:

Current Situation

During the 2011 regular Legislative Session, the Florida Legislature passed ch. 2011-94,¹ L.O.F., which provides veterans the choice of obtaining a driver's license or identification card that exhibits a capital "V" to designate veteran status. To receive the designation, the veteran must pay a \$25 fee for an identification card (original, renewal, or replacement), plus a \$1 fee for the permanent designation. In total, a veteran must currently pay \$26 to have his or her veteran status designated on his or her driver's license or identification card. Additionally, the veteran must present a copy of his or her DD Form 214 (Certificate of Release or Discharge from Active Duty) issued by the United States Department of Defense.

Effect of Proposed Changes

The bill provides for placement of a temporary capital "V" on driver's licenses and identification cards to designate veteran status. The temporary designation is intended to serve as a place holder until the veteran is next required to renew his or her driver's license or identification card. To receive the temporary designation, the veteran must pay a \$2 fee, in lieu of \$25 for an original, replacement or renewal identification card (plus an extra \$1 fee for the designation), and present a copy of his or her DD Form 214 (Certificate of Release or Discharge from Active Duty) issued by the United States Department of Defense.

The \$2 fee will eliminate the requirement that a veteran spend a total of \$26 to have his or her veteran status designated on his or her driver's license or identification card. Additionally, the \$2 fee will offset additional administrative costs related to reviewing an applicant's documents and furnishing the driver's license or identification card with the temporary designation sticker.

The bill has an effective date of July 1, 2012.
