

**HOUSE OF REPRESENTATIVES  
FINAL BILL ANALYSIS**

<b>BILL #:</b>	CS/CS/HB 495 (CS/SB 198)	<b>FINAL HOUSE FLOOR ACTION:</b>	
<b>SPONSOR(S):</b>	State Affairs Committee; Government Operations Subcommittee; Jones and others (Thrasher)	109 Y's	0 N's
<b>COMPANION BILLS:</b>	CS/SB 198	<b>GOVERNOR'S ACTION:</b>	Approved

---

**SUMMARY ANALYSIS**

CS/CS/HB 495 passed the House on March 5, 2012 as CS/SB 198.

The bill increases the number of provider companies that the Department of Management Services (DMS) is authorized to contract with for the State University System Optional Retirement Program (SUSORP).

The SUSORP is a retirement plan that is provided as an alternative to membership in the Florida Retirement System for eligible State University System faculty, administrators, and administrative, professional, and executive service personnel. Currently, members of the SUSORP are authorized to choose from five companies to provide their retirement and death benefits.

The bill authorizes DMS to increase the number of authorized companies available for inclusion in the SUSORP from five companies to six. The bill also requires DMS to utilize a competitive procurement process if it chooses to add an additional provider company for the SUSORP. The contract with the new provider, if selected, is effective until December 31, 2014. All companies seeking designation as a provider after January 1, 2015, must participate in a separate competitive procurement.

The bill does not appear to create a fiscal impact on state or local governments.

The bill was approved by the Governor on March 23, 2012, ch. 2012-10, Laws of Florida. The effective date of the bill is upon becoming a law.

## I. SUBSTANTIVE INFORMATION

### A. EFFECT OF CHANGES:

#### Present Situation

The optional retirement program for the State University System (SUSORP or program) is a retirement plan that is provided as an alternative to membership in the Florida Retirement System (FRS) for eligible State University System faculty, administrators, and administrative, professional, and executive service personnel.<sup>1</sup> The SUSORP is a 403(b), Internal Revenue Code, qualified defined contribution plan that provides full and immediate vesting of all contributions submitted to the participating companies on behalf of the participant.<sup>2</sup>

SUSORP became effective July 1, 1984, for eligible State University System faculty and administrators. The program was expanded in 1988, to include the State University System Executive Service and in 1999, to include administrative and professional staff. The program was created to offer more portability to the employees being recruited by the State University System.<sup>3</sup>

Through this program, participants elect coverage as an alternative to membership in the FRS.<sup>4</sup> Contracts providing retirement and death benefits may be purchased for eligible members of the SUSORP.<sup>5</sup>

The Department of Management Services (DMS) is responsible for administering the program. The Board of Governors of the State University System (board) provides recommendations on contract providers for the SUSORP to DMS.<sup>6</sup> The recommendations must include:

- The nature and extent of the rights and benefits in relation to the required contributions; and
- The suitability of the rights and benefits to the needs of the participants and the interests of the institutions in the recruitment and retention of eligible employees.<sup>7</sup>

After receiving and considering the recommendations of the board, DMS must designate up to five companies that may offer contracts under the SUSORP.<sup>8</sup> The investment products offered by provider companies are subject to review by the State Board of Administration.<sup>9</sup>

DMS indicates there are approximately 17,000 eligible members who have elected participation in the SUSORP, as of June 30, 2011.<sup>10</sup> SUSORP currently offers five investment provider choices. Those choices are:

- ING (3,042 participants);
- Jefferson National Life Insurance Company (134 participants);
- MetLife Investors USA Insurance Company (1,853 participants);

<sup>10</sup> Analysis of HB 495, Department of Management Services, October 27, 2011, at 1 (on file with the Government Operations Subcommittee). Information confirmed by telephone on December 15, 2011, by Mr. Todd Gunderson, Senior Benefits Analyst, Department of Management Services.

- Teachers Insurance and Annuity Association – College Retirement Equities Fund (TIAA-CREF) (8,870 participants); and
- VALIC Retirement (4,615 participants).<sup>11</sup>

All contracts currently in place expire between March and December of 2014.<sup>12</sup>

### **Effect of the Proposed Changes**

The bill authorizes DMS to increase the number of authorized companies available for inclusion in the optional retirement program for the State University System from five companies to six. The bill requires DMS to utilize a competitive procurement process if it chooses to add an additional company as a provider. The contract with the new provider, if selected, is effective until December 31, 2014. All companies seeking designation as a provider after January 1, 2015, must participate in a separate competitive procurement.

## **II. FISCAL ANALYSIS & ECONOMIC IMPACT STATEMENT**

### **A. FISCAL IMPACT ON STATE GOVERNMENT:**

1. Revenues: None.
2. Expenditures: None.

### **B. FISCAL IMPACT ON LOCAL GOVERNMENTS:**

1. Revenues: None.
2. Expenditures: None.

### **C. DIRECT ECONOMIC IMPACT ON PRIVATE SECTOR: None.**

### **D. FISCAL COMMENTS:**

DMS does not anticipate an actuarial impact as the number of participants and the funds available for investment remain the same.<sup>13</sup> In addition, the Board of Governors of the State University System does not anticipate a fiscal impact on universities.<sup>14</sup>
