The Hillsborough County Legislative Delegation is required to review the special act(s) of the Authority prior to July 1, 2012 (and every 10 years thereafter) to determine whether there is a need for codification.² If it is determined that there is such a need, the delegation may require the Authority to prepare applicable legislation.

Effect of Changes

CS/HB 575 codifies, reenacts, amends and repeals the special acts relating to the Hillsborough County Aviation Authority, chs. 2003-370 and 2007-292, L.O.F. The bill provides a public purpose statement;

¹ The Authority or another governmental agency operating Tampa International Airport is authorized to acquire up to four alcoholic beverage licenses, as provided for in s. 561.17, F.S.

² Codification is the process of compiling, updating and systematically arranging the special acts that comprise a special district's charter. Original provisions may be amended by subsequent special acts after these charters are created by the Legislature. Because special act amendments are not automatically incorporated into one special act, it is necessary to locate all special acts amending an original charter in order to determine its current status. This can be a difficult and time-consuming process for persons interested in ascertaining the law governing a district. Codification of special district charters allows readers to refer to one special act to identify these charters. Codification of special district charters initially was authorized by the 1997 Legislature in ss. 189.429 and 191.015, F.S. These laws currently provide for each district that has more than one special act to submit a draft codified charter, at its own expense, to the Legislature by December 1, 2004. Any codified act relating to a special district must provide for the repeal of all prior special acts relating to the district, and be filed with the Department of Economic Opportunity within 30 days after adoption pursuant to s. 189.418(2), F.S.

corrects typographical errors; clarifies definitions; updates language; and reorganizes certain provisions of the Authority's special acts.

Additionally, the bill clarifies the procedure for the election of board officers, and provides that the Authority will hold elections for all officer positions whenever a new member is appointed to the board by the Governor.

The bill also eliminates a current requirement that Authority bonds have a maturity date not exceeding 40 years and be payable semiannually. This change will allow the Authority to proceed with its bond financing activities pursuant to general and federal laws.³ In certain cases, the 40-year maturity constraint could prove unnecessarily restrictive, and the requirement for semiannual payments prevents finance deals from being structured monthly, quarterly, or otherwise.

Lastly, the bill deletes a requirement that the Authority hold no more than four alcoholic beverage licenses. This change also allows the Authority to operate in accordance with general law with regard to these licenses.⁴

The bill is effective upon becoming law.
