HB 7065

2012

29 (b) This subsection is subject to the Open Government
30 Sunset Review Act in accordance with s. 119.15 and shall stand
31 repealed on October 2, 2017, unless reviewed and saved from
32 repeal through reenactment by the Legislature.

33 Section 2. The Legislature finds that it is a public
34 necessity to exempt personal identifying information about
35 individuals which is held by the Department of Transportation, a
36 county, or an expressway authority for the purpose of paying for
37 use of toll facilities by any means of payment. The exemption
38 puts individuals who pay with TOLL-BY-PLATE (video billed) on
39 equal footing with individuals who pay by a check, charge card,
40 or credit card, or who pay cash at the toll booth. The exemption
41 protects the health and safety of the public by keeping
42 confidential information as to the whereabouts of individuals as
43 they use the toll road system. The exemption promotes the use of
44 the electronic toll collection system, which is a more efficient
45 and effective government collection system for tolls, because
46 paying by TOLL-BY-PLATE (video billed) or paying for tolls by
47 check, charge card, or credit card not only saves individuals
48 time in passing through the toll facilities, in comparison with
49 individuals who pay cash, but also costs much less to
50 administer. Further, the exemption protects the privacy of
51 individuals and promotes the right to be let alone from
52 unreasonable government intrusion by prohibiting the public
53 disclosure of private information about the finances and
54 location of the individual using the toll road system.

55 Section 3. This act shall take effect July 1, 2012.
