221 (16) "Mental health professional" means a person licensed

228 read:

229 429.07 Facility license required; fee.—

588-01897A-12

20127174

233 applying for such licensure from the agency pursuant to this
234 part. A license issued by the agency is required in order to
235 operate an assisted living facility in this state.

236 (2) Separate licenses are ~~shall be~~ required for facilities
237 maintained in separate premises, even though operated under the
238 same management. A separate license is ~~shall~~ not ~~be~~ required for
239 separate buildings on the same grounds.

240 (3) In addition to the requirements of s. 408.806, each
241 license granted by the agency must state the type of care for
242 which the license is granted. Licenses shall be issued for one
243 or more of the following categories of care: standard, extended
244 congregate care, limited nursing services, or limited mental
245 health.

246 (a) A standard license shall be issued to facilities
247 providing one or more of the personal services identified in s.
248 429.02. Such facilities may also employ or contract with a
249 person licensed under part I of chapter 464 to administer
250 medications and perform other tasks as specified in s. 429.255.

251 (b) An extended congregate care license shall be issued to
252 facilities providing, directly or through contract, services
253 beyond those authorized in paragraph (a), including services
254 performed by persons licensed under part I of chapter 464 and
255 supportive services, as defined by rule, to persons who would
256 otherwise be disqualified from continued residence in a facility
257 licensed under this part.

258 1. In order for extended congregate care services to be
259 provided, the agency must first determine that all requirements
260 established in law and rule are met and must specifically
261 designate, on the facility's license, that such services may be

588-01897A-12

20127174

262 provided and whether the designation applies to all or part of
263 the facility. Such designation may be made at the time of
264 initial licensure or relicensure, or upon request in writing by
265 a licensee under this part and part II of chapter 408. The
266 notification of approval or the denial of the request shall be
267 made in accordance with part II of chapter 408. Existing
268 facilities qualifying to provide extended congregate care
269 services must have maintained a standard license and may not
270 have been subject to administrative sanctions during the
271 previous 2 years, or since initial licensure if the facility has
272 been licensed for less than 2 years, for any of the following
273 reasons:

- 274 a. A class I or class II violation;
- 275 b. Three or more repeat or recurring class III violations
276 of identical or similar resident care standards from which a
277 pattern of noncompliance is found by the agency;
- 278 c. Three or more class III violations that were not
279 corrected in accordance with the corrective action plan approved
280 by the agency;
- 281 d. Violation of resident care standards which results in
282 requiring the facility to employ the services of a consultant
283 pharmacist or consultant dietitian;
- 284 e. Denial, suspension, or revocation of a license for
285 another facility licensed under this part in which the applicant
286 for an extended congregate care license has at least 25 percent
287 ownership interest; or
- 288 f. Imposition of a moratorium pursuant to this part or part
289 II of chapter 408 or initiation of injunctive proceedings.
- 290 2. A facility that is licensed to provide extended

588-01897A-12

20127174

291 congregate care services must ~~shall~~ maintain a written progress
292 report on each person who receives services which describes the
293 type, amount, duration, scope, and outcome of services that are
294 rendered and the general status of the resident's health. A
295 registered nurse, or appropriate designee, representing the
296 agency shall visit the facility at least quarterly to monitor
297 residents who are receiving extended congregate care services
298 and to determine if the facility is in compliance with this
299 part, part II of chapter 408, and relevant rules. One of the
300 visits may be in conjunction with the regular survey. The
301 monitoring visits may be provided through contractual
302 arrangements with appropriate community agencies. A registered
303 nurse shall serve as part of the team that inspects the
304 facility. The agency may waive one of the required yearly
305 monitoring visits for a facility that has been licensed for at
306 least 24 months to provide extended congregate care services,
307 if, during the inspection, the registered nurse determines that
308 extended congregate care services are being provided
309 appropriately, and if the facility has no class I or class II
310 violations and no uncorrected class III violations. The agency
311 must first consult with the long-term care ombudsman council for
312 the area in which the facility is located to determine if any
313 complaints have been made and substantiated about the quality of
314 services or care. The agency may not waive one of the required
315 yearly monitoring visits if complaints have been made and
316 substantiated.

317 3. A facility that is licensed to provide extended
318 congregate care services must:

319 a. Demonstrate the capability to meet unanticipated

588-01897A-12

20127174

320 resident service needs.

321 b. Offer a physical environment that promotes a homelike
322 setting, provides for resident privacy, promotes resident
323 independence, and allows sufficient congregate space as defined
324 by rule.

325 c. Have sufficient staff available, taking into account the
326 physical plant and firesafety features of the building, to
327 assist with the evacuation of residents in an emergency.

328 d. Adopt and follow policies and procedures that maximize
329 resident independence, dignity, choice, and decisionmaking in
330 order to permit residents to age in place, so that moves due to
331 changes in functional status are minimized or avoided.

332 e. Allow residents or, if applicable, a resident's
333 representative, designee, surrogate, guardian, or attorney in
334 fact to make a variety of personal choices, participate in
335 developing service plans, and share responsibility in
336 decisionmaking.

337 f. Implement the concept of managed risk.

338 g. Provide, directly or through contract, the services of a
339 person licensed under part I of chapter 464.

340 h. In addition to the training mandated under s. 429.55 ~~in~~
341 ~~s. 429.52~~, provide specialized training as defined by rule for
342 facility staff.

343 4. A facility that is licensed to provide extended
344 congregate care services is exempt from the criteria for
345 continued residency set forth in rules adopted under s. 429.41.
346 A licensed facility must adopt its own requirements within
347 guidelines for continued residency set forth by rule. However,
348 the facility may not serve residents who require 24-hour nursing

588-01897A-12

20127174

349 supervision. A licensed facility that provides extended
350 congregate care services must also provide each resident with a
351 written copy of facility policies governing admission and
352 retention.

353 5. The primary purpose of extended congregate care services
354 is to allow residents, as they become more impaired, the option
355 of remaining in a familiar setting from which they would
356 otherwise be disqualified for continued residency. A facility
357 licensed to provide extended congregate care services may also
358 admit an individual who exceeds the admission criteria for a
359 facility with a standard license, if the individual is
360 determined appropriate for admission to the extended congregate
361 care facility.

362 6. Before the admission of an individual to a facility
363 licensed to provide extended congregate care services, the
364 individual must undergo a medical examination as provided in s.
365 429.26(4) and the facility must develop a preliminary service
366 plan for the individual.

367 7. If ~~When~~ a facility can no longer provide or arrange for
368 services in accordance with the resident's service plan and
369 needs and the facility's policy, the facility must ~~shall~~ make
370 arrangements for relocating the person in accordance with s.
371 429.28(1)(k).

372 8. Failure to provide extended congregate care services may
373 result in denial of extended congregate care license renewal.

374 (c) A limited nursing services license shall be issued to a
375 facility that provides services beyond those authorized in
376 paragraph (a) and as specified in this paragraph.

377 1. In order for limited nursing services to be provided in

588-01897A-12

20127174

378 a facility licensed under this part, the agency must first
379 determine that all requirements established in law and rule are
380 met and must specifically designate, on the facility's license,
381 that such services may be provided. Such designation may be made
382 at the time of initial licensure or relicensure, or upon request
383 in writing by a licensee under this part and part II of chapter
384 408. Notification of approval or denial of such request shall be
385 made in accordance with part II of chapter 408. Existing
386 facilities qualifying to provide limited nursing services shall
387 have maintained a standard license and may not have been subject
388 to administrative sanctions that affect the health, safety, and
389 welfare of residents for the previous 2 years or since initial
390 licensure if the facility has been licensed for less than 2
391 years.

392 2. Facilities that are licensed to provide limited nursing
393 services shall maintain a written progress report on each person
394 who receives such nursing services, which report describes the
395 type, amount, duration, scope, and outcome of services that are
396 rendered and the general status of the resident's health. A
397 registered nurse representing the agency shall visit such
398 facilities at least twice a year to monitor residents who are
399 receiving limited nursing services and to determine if the
400 facility is in compliance with applicable provisions of this
401 part, part II of chapter 408, and related rules. The monitoring
402 visits may be provided through contractual arrangements with
403 appropriate community agencies. A registered nurse shall also
404 serve as part of the team that inspects such facility.

405 3. A person who receives limited nursing services under
406 this part must meet the admission criteria established by the

588-01897A-12

20127174

407 agency for assisted living facilities. When a resident no longer
408 meets the admission criteria for a facility licensed under this
409 part, arrangements for relocating the person shall be made in
410 accordance with s. 429.28(1)(k), unless the facility is licensed
411 to provide extended congregate care services.

412 (4) In accordance with s. 408.805, an applicant or licensee
413 shall pay a fee for each license application submitted under
414 this part, part II of chapter 408, and applicable rules. The
415 amount of the fee shall be established by rule.

416 (a) The biennial license fee required of a facility is \$300
417 per license, plus ~~with~~ an additional fee of \$50 per resident
418 based on the total licensed resident capacity of the facility,
419 except that an ~~no~~ additional fee may not ~~will~~ be assessed for
420 beds designated for recipients of optional state supplementation
421 payments provided under ~~for in~~ s. 409.212. The total fee may not
422 exceed \$10,000. However, the biennial license fee for a licensed
423 facility that has one or more class I or class II violations
424 within the 2 years before licensure renewal is \$500 per license,
425 plus an additional fee of \$55 per resident based on the total
426 licensed resident capacity of the facility. The total fee for
427 such facilities may not exceed \$15,000.

428 (b) In addition to the total fee assessed under paragraph
429 (a), the agency shall require facilities that are licensed to
430 provide extended congregate care services under this part to pay
431 an additional fee per licensed facility. The amount of the
432 biennial fee shall be \$400 per license, with an additional fee
433 of \$10 per resident based on the total licensed resident
434 capacity of the facility.

435 (c) In addition to the total fee assessed under paragraph

588-01897A-12

20127174

436 (a), the agency shall require facilities that are licensed to
437 provide limited nursing services under this part to pay an
438 additional fee per licensed facility. The amount of the biennial
439 fee shall be \$250 per license, with an additional fee of \$10 per
440 resident based on the total licensed resident capacity of the
441 facility.

442 (5) Counties or municipalities applying for licenses under
443 this part are exempt from the payment of license fees.

444 Section 6. Section 429.075, Florida Statutes, is amended to
445 read:

453 has been licensed for less than 2 years, for any of the
454 following reasons:

455 (a) Two or more class I or class II violations;

456 (b) Three or more repeat or recurring class III violations
457 of identical or similar resident care standards from which a
458 pattern of noncompliance is found by the agency;

459 (c) Three or more class III violations that were not
