**I. Summary:**

CS/SB 1030 clarifies current gambling laws concerning slot machines, charitable drawings, game promotions, and amusement games.

As to charitable drawings, the bill clarifies the definition of a charitable drawing and specifically provides that compliance with the charitable drawing statute does not provide an exemption from other gambling prohibitions.

As to game promotions, the bill:

- Clarifies the definition of a “game promotion;”
- Clarifies that nonprofit organizations may not conduct game promotions; and
- Specifically provides that compliance with the game promotion statute provides an exemption from the lottery prohibition, but does not provide an exemption from other gambling prohibitions.

As to amusement games, the bill:

- Clarifies the meaning of “amusement games or machines;” and

- Clarifies that “merchandise” means non-cash prizes, specifically excluding gift cards or other cash equivalents.

As to slot machines, the bill:

- Updates the definition of slot machine to specifically include systems or networks of devices and to remove technologically obsolete criteria; and
- Provides a rebuttable presumption that machines used to simulate casino-style games in schemes involving consideration and prize are prohibited slot machines.

The bill is not anticipated to have a significant fiscal impact on state funds.

This bill substantially amends the following sections of the Florida Statutes: 849.0935, 849.094, 849.16, 849.161, and 895.02.

## II. Present Situation:

In general, gambling is illegal in Florida.<sup>1</sup> Chapter 849, F.S., governs the conduct of gambling. Section 849.15, F.S., prohibits the manufacture, sale, lease, play, or possession of slot machines.<sup>2</sup> Florida’s gambling prohibition includes prohibitions against keeping a gambling house,<sup>3</sup> and running a lottery.<sup>4</sup> Section 7, Art. X of the Florida Constitution prohibits lotteries, other than pari-mutuel pools authorized by law on the effective date of the Florida Constitution, from being conducted in Florida by private citizens.<sup>5</sup>

Gaming is permitted at licensed pari-mutuel wagering tracks and frontons<sup>6</sup> and by the state operated lottery,<sup>7</sup> which must operate “so as to maximize revenues in a manner consonant with the dignity of the state and the welfare of its citizens.”<sup>8</sup>

Chapter 849, F.S., contains other specific exceptions to the general gambling prohibition and authorizes certain gambling activities, such as cardrooms at pari-mutuel facilities,<sup>9</sup> bingo,<sup>10</sup> penny-ante poker,<sup>11</sup> arcade amusement games,<sup>12</sup> amusement games and machines,<sup>13</sup> and game

<sup>1</sup> Section 849.08, F.S.

<sup>2</sup> Section 849.16, F.S., defines slot machines for purposes of ch. 849, F.S. Section 849.15(2), F.S., provides an exemption to the transportation of slot machines for the facilities that are authorized to conduct slot machine gaming under ch. 551, F.S.

<sup>3</sup> Section 849.01, F.S.

<sup>4</sup> Section 849.09, F.S.

<sup>5</sup> The pari-mutuel pools that were authorized by law on the effective date of the Florida Constitution, as revised in 1968, include horseracing, greyhound racing, and jai alai games. The revision was ratified by the electorate on November 5, 1968.

<sup>6</sup> See ch. 550, F.S., for the regulation of pari-mutuel activities.

<sup>7</sup> The Department of the Lottery is authorized by s. 15, Art. X, Florida Constitution. Chapter 24, F.S., was enacted by ch. 87-65, L.O.F., to establish the state lottery. Section 24.102, F.S., provides the legislative purpose and intent in regard to the lottery.

<sup>8</sup> See s. 24.104, F.S.

<sup>9</sup> Section 849.086, F.S. Section 849.086(2)(c), F.S., defines “cardroom” to mean a facility where authorized card games are played for money or anything of value and to which the public is invited to participate in such games and charges a fee for participation by the operator of such facility.

promotions.<sup>14</sup> In Florida, if the gaming activity is not expressly authorized, then the gambling is illegal. Free-standing, commercial casinos are not authorized in Florida.

During the past several years, electronic sweepstakes establishments, generally called “Internet Cafés,” have proliferated in Florida and other states. The facilities often use casino-style sweepstakes games to promote sales of communications services such as internet access or telephone calling cards. The operations are not regulated by the state and the games are not taxed.<sup>15</sup>

Law enforcement and local district attorneys have raised concerns about whether the use of an electronic simulated gaming machine in a game promotion is an illegal slot machine.

Chapter 849, F.S., prohibits slot machines<sup>16</sup> and gambling houses.<sup>17</sup> Slot machines are authorized at certain pari-mutuel facilities in Miami-Dade and Broward counties.<sup>18</sup> Slot machines are also permitted on tribal facilities covered by the Seminole Indian Compact.<sup>19</sup>

Section 849.16, F.S., defines slot machines for purposes of ch. 849, F.S., as:

(1) Any machine or device is a slot machine or device within the provisions of this chapter if it is one that is adapted for use in such a way that, as a result of the insertion of any piece of money, coin, or other object, such machine or device is caused to operate or may be operated and if the user, by reason of any element of chance or of any other outcome of such operation unpredictable by him or her, may:

(a) Receive or become entitled to receive any piece of money, credit, allowance, or thing of value, or any check, slug, token, or memorandum, whether of value or otherwise, which may be exchanged for any money, credit, allowance, or thing of value or which may be given in trade; or

(b) Secure additional chances or rights to use such machine, apparatus, or device, even though it may, in addition to any element of chance or unpredictable outcome of such operation, also sell, deliver, or present some merchandise, indication of weight, entertainment, or other thing of value.

Section 551.102(8), F.S., defines a slot machine to mean:

any mechanical or electrical contrivance, terminal that may or may not be capable of downloading slot games from a central server system, machine, or other device that, upon insertion of a coin, bill, ticket, token, or similar object or upon payment of any

<sup>14</sup> Section 849.094, F.S., authorizes game promotions in connection with the sale of consumer products or services.

<sup>15</sup> The federal Internet Tax Freedom Act has imposed a moratorium on the taxation of internet access since 1998, and will be effective until 2014, if not renewed by Congress. Pub. L. 105-277, 112 Stat. 2681-719; *last renewed by* Pub. L. 110-108, 121 Stat. 1024-1026. Some operators may be subject to federal and state payroll and corporate income taxes.

<sup>17</sup> Section 849.01, F.S.

<sup>18</sup> Article X, s. 23, Florida Constitution and ch. 551, F.S.

<sup>19</sup> *Gaming Compact Between the Seminole Tribe of Florida and the State of Florida*, approved by the U.S. Department of the Interior effective July 6, 2010, 75 Fed. Reg. 128. Slot machines are authorized for all seven gaming facilities. The Tribe has three gaming facilities located in Broward County (The Seminole Indian Casinos at Coconut Creek and Hollywood, and the Seminole Hard Rock Hotel & Casino-Hollywood), and gaming facilities in Collier County (Seminole Indian Casino-Immokalee), Glades County (Seminole Indian Casino-Brighton), Hendry County (Seminole Indian Casino-Big Cypress), and Hillsborough County (Seminole Hard Rock Hotel & Casino-Tampa).

consideration whatsoever, including the use of any electronic payment system except a credit card or debit card, is available to play or operate, the play or operation of which, whether by reason of skill or application of the element of chance or both, may deliver or entitle the person or persons playing or operating the contrivance, terminal, machine, or other device to receive cash, billets, tickets, tokens, or electronic credits to be exchanged for cash or to receive merchandise or anything of value whatsoever, whether the payoff is made automatically from the machine or manually. The term includes associated equipment necessary to conduct the operation of the contrivance, terminal, machine, or other device. Slot machines may use spinning reels, video displays, or both.

Generally, any machine or device is a slot machine if, as a result of the insertion of any object, the user, by any element of chance or unpredictability, may receive any thing of value.<sup>20</sup> According to the Florida Supreme Court, the unpredictability must “be inherent in the machine.”<sup>21</sup>

Some authorities familiar with Florida’s gambling laws have complained that prosecutions are difficult and costly, in part because of laws regulating charitable drawings, game promotions, and adult amusements are not as up-to-date and clear as they could be.

### **Charitable Drawings**

The staff analysis for PCS for HB 155, relating to Prohibition of Electronic Gambling Devices, published by the House Select Committee on Gaming on March 14, 2013, describes charitable drawings under “Current Situation”:

Charities use drawings or raffles as a fundraising tool. Organizations suggest a donation, collect entries and randomly select an entry to win a prize.

While Florida law prohibits lotteries,<sup>22</sup> an exemption is provided for qualified organizations to conduct drawings by chance, provided the organization has complied with all applicable provisions of ch. 496, F.S. Requiring a donation or any other consideration is prohibited.

‘Drawing by chance’ or ‘drawing’ is defined as an enterprise in which, from the entries submitted by the public to the organization conducting the drawing, one or more entries are selected by chance to win a prize. The statute excludes from the definition “those enterprises, commonly known as ‘matching,’ ‘instant winner,’ or ‘preselected sweepstakes,’ which involve the distribution of winning numbers, previously designated as such, to the public.”

‘Organization’ is defined as “an organization which is exempt from federal income taxation pursuant to 26 U.S.C. s. 501(c)(3), (4), (7), (8), (10), or (19), and which has a current determination letter from the Internal Revenue Service, and its bona fide members or officers.”

<sup>22</sup> Section 849.09, F.S.

Violations of the statute are punishable as second-degree misdemeanors and deceptive and unfair trade practices.

Because the game promotion statute excludes charitable nonprofit organizations, such organizations offering electronic game promotions sometimes claim to operate under the charitable drawings exemption. However, as noted, the charitable drawing statute seems to limit drawings to those conducted after the collection of entries, rather than a sweepstakes, where the winning ticket is determined before distribution.

### **Game Promotions**

Prior to the 2012 Regular Session, the Regulated Industries Committee prepared an Interim Report 2012-137, titled “Review Internet Cafes Used for Electronic Game Promotions.” It is published at <http://flsenate.gov/PublishedContent/Session/2012/InterimReports/2012-137ri.pdf>, and it provides detailed background about game promotions.

The House Select Committee on Gaming staff analysis for PCS for HB 155, provides a succinct description of game promotions under “Current Situation”:

Businesses use game promotions as a marketing tool to promote their goods or services. Although game promotions generally require payment of money, the Florida Supreme Court has found that the game is a lottery, containing the three elements of consideration, chance and prize.<sup>23</sup>

In *Little River Theatre Corp. v. State ex rel. Hodge*, the Florida Supreme Court adopted a view that any benefit to the game promoter constitutes consideration. Thus, even if players do not pay to participate in the game promotion, it is an illegal lottery.

But while the patrons may not pay, and the respondents may not receive any direct consideration, there is an indirect consideration paid and received. The fact that prizes of more or less value are to be distributed will attract persons to the theaters who would not otherwise attend. In this manner those obtaining prizes pay consideration for them, and the theaters reap a direct financial benefit.<sup>24</sup>

Since 1971, the games have been regulated by s. 849.094, F.S.<sup>25</sup> Game promotion’ is defined by statute as a contest, game of chance, or gift enterprise, conducted within or throughout the state and other states in connection with the sale of consumer products or services, and in which the elements of chance and prize are present.

The statute prohibits game promotions from requiring entry fees or proof of purchase to play, having predetermined winners, arbitrarily disqualifying entries, failing to award prizes, and advertising falsely.

<sup>25</sup> Sections 1-9, ch. 71-304, L.O.F.

If the total value of offered prizes exceeds \$5,000, the operator must:

- File with Department of Agriculture and Consumer Services (DACS) a copy of the game rules and prizes seven days before the game promotion begins;
- Establish a trust account equal to the total retail value of the prizes; and
- File a list of winners of prizes exceeding \$25 within 60 days.

“[T]he DACS is charged with processing and filing documents for game promotions. ... the fact that their filing documents have been reviewed and found complete ... does not mean that the promotion or game is legal and in compliance with the provisions of chapter 849, F.S.”<sup>26</sup> The DACS expressly informs each operator that registers a game promotion that it takes no position on the validity, efficacy, advisability, or propriety of the game.<sup>27</sup>

Violations of the statute are punishable as second-degree misdemeanors. Persons violating the statute may also be liable for civil fines.

The statute does not apply to activities regulated by the Department of Business and Professional Regulation (DBPR) or bingo. Television or radio broadcasting companies licensed by the Federal Communications Commission are exempt from the statute’s reporting requirements. The statute defines ‘operator’ to exclude charitable nonprofit organizations.

The DACS received its first game promotion filing for an electronic sweepstakes in 2006.<sup>28</sup> The following chart depicts the total number of game promotion filings the DACS processed in each of the last five fiscal years, how many of those were for electronic sweepstakes, and the revenues and costs associated with the department’s regulation of game promotions.

In 1984, the provisions dealing with arcade amusement centers were removed from s. 849.16, F.S., and placed in a newly created s. 849.161, F.S.<sup>29</sup> The provisions relating to amusement games and machines at any retail dealer who operates a truck stop were added in 1996.<sup>30</sup>

Section 849.161(1)(a)1., F.S., provides that:

Nothing contained in this chapter [ch. 849, F.S.] shall be taken or construed as applicable to an arcade amusement center having amusement games or machines which operate by means of the insertion of a coin and which by application of skill may entitle the person playing or operating the game or machine to receive points or coupons which may be exchanged for merchandise only, excluding cash and alcoholic beverages, provided the cost value of the merchandise or prize awarded in exchange for such points or coupons does not exceed 75 cents on any game played.

Section 849.161(1)(a)2., F.S., provides that the provisions of ch. 849, F.S., shall not be taken or construed to apply to amusement games or machines located at “any retail dealer who operates as a truck stop, as defined in chapter 336<sup>31</sup> and which operates a minimum of 6 functional diesel fuel pumps.” The machines at a truck stop may operate “by means of the insertion of a coin or other currency” and the points and coupons may be exchanged for “merchandise limited to noncash prizes, toys, novelties, and Florida Lottery products, excluding alcoholic beverages, provided the cost value of the merchandise or prize awarded in exchange for such points or coupons does not exceed 75 cents on any game played.”

An arcade amusement center must have at least 50 coin-operated amusement games or machines on the premises to qualify for this exception.<sup>32</sup> The provisions of s. 849.161(1), F.S., are not applicable to a coin-operated game or device that entitles a player, by application of skill, to replay the game at no additional cost and that can “accumulate and react to no more than 15 free replays; [that] can be discharged of accumulated free replays only by reactivating the game or device for one additional play for such accumulated free replay; [and that] can make no permanent record, directly or indirectly, of free replays.”

The provisions of s. 849.161(1), F.S., do not apply to:

---

<sup>29</sup> See s. 2, ch. 84-247, L.O.F. This act attempted to place the arcade amusement center provisions in a newly created ch. 512, F.S. (as s. 512.01, F.S., the only section in the new chapter). The Division of Statutory Revision renumbered that section as s. 849.161, F.S.

<sup>30</sup> The provisions were added in three different sections in two different bills. See s. 159, ch. 96-320, and s. 79, ch. 96-323, L.O.F. Different provisions amending subparagraph (1)(a)2. and paragraph (1)(b) of s. 849.161, F.S., were also included in s. 69, ch. 96-323, L.O.F., and that version is noted in footnote 1 to s. 849.161, F.S.. For a description of multiple provisions in the same session affecting a statutory provision, see preface to the *Florida Statutes*, “Statutory Construction.”

<sup>31</sup> Provisions referencing truck stops in ch. 336, F.S., was in s. 336.021(1)(c)3., F.S.; it was deleted by s. 15, ch. 97-54, L.O.F. Section 336.021(1)(c)3., F.S., provided, in part, that a “truck stop” is any retail dealer registered pursuant to chapter 212, excluding marinas, that has declared its primary fuel business to be the sale of diesel fuel.”

<sup>32</sup> See s. 849.161(2), F.S.

any game or device defined as a gambling device in 24 U.S.C. s. 1171, [sic]<sup>33</sup> which requires identification of each device by permanently affixing serial number and name, trade name, and date of manufacture under s. 1173, and registration with the United States Attorney General, unless excluded from applicability of the chapter under s. 1178. This subsection shall not be construed to authorize video poker games or any other game or machine that may be construed as a gambling device under Florida law.

Several different types of establishments are operating under the exemption provided in s. 849.161, F.S. There are arcade amusement centers that cater predominantly to children. Chuck E. Cheese parlors are an example of this type of center. These centers cater to families with young children.<sup>34</sup> Tickets can be won at the games and redeemed for prizes on-site. Facilities known as “adult amusement centers” also operate under this section. Dave & Busters is an example of an adult amusement center that includes different types of games catering to adults.<sup>35</sup> These games include billiards, video games, and other games where tickets can be won and redeemed for prizes on-site. Dave & Busters also serves food and alcoholic beverages to its patrons. Electronic games are also located in truck stops that have six diesel pumps. Finally, electronic games are located at what are known as “senior arcade amusement centers.” The Florida Bingo and Arcade Association represent 29 of these establishments in Florida.<sup>36</sup> According to the association, these arcades have been in operation since 1984. It also uses the term “penny arcades.”<sup>37</sup>

Some electronic games resemble traditional slot machines but are equipped with a “skill stop button” that supposedly stops the game activity when engaged. The electronic games that resemble slot machines and use a “skill stop button” have caused concern in the law enforcement community that these games may be violating the gambling devices provisions in ch. 849, F.S.

The Florida Department of Law Enforcement (FDLE) addressed the Senate Regulated Industries Committee concerning some of these electronic games.<sup>38</sup> The department indicated that some adult arcades have operated in Florida without any rules, regulations, or industry norms. At issue is the use of particular types of gaming machines. The owners of adult arcade facilities, according to the department, have used vague interpretations of Florida gaming laws to open and operate what appear to be illegal gambling halls. The method of play in these adult arcades has created a grey area for enforcement and prosecution of illegal gambling across the state. The operators maintain that the devices in these adult arcades are legal under Florida law. They also maintain that the machines are not illegal gambling devices because they do not pay out in cash, they pay out only with merchandise in the form of gift cards, and operate by “application of skill” and not as games of chance.

### III. Effect of Proposed Changes:

Section 1 of the bill provides findings and declarations of necessity:

(1) The Legislature declares that s. 849.01, F.S., specifically prohibits the keeping or maintaining of a place for the purpose of gambling or gaming.

(2) The Legislature finds that s. 849.0935, F.S., was enacted to allow specified charitable or nonprofit organizations the opportunity to raise funds to carry out their charitable or nonprofit purpose by conducting a raffle for prizes by eliminating the element of consideration and allowing the receipt of voluntary donations or contributions and was not intended to provide a vehicle for the establishment of places of gambling or gaming.

(3) The Legislature finds that s. 849.094, F.S., was enacted to regulate certain game promotions or sweepstakes conducted by for-profit commercial entities on a limited and occasional basis as an advertising and marketing tool and incidental to substantial bona fide sales of consumer products or services, if the element of consideration is removed as no purchase necessary and they comply with the requirements and rules specified by law, and was not intended to provide a vehicle for the establishment of places of ongoing gambling or gaming.

(4) The Legislature finds that s. 849.161, F.S., was enacted to regulate the operation of skill-based arcade games offered at specified arcade amusement centers and truck stops if they comply with the requirements of law and was not provided as a vehicle to conduct casino-style gambling.

(5) Therefore the Legislature finds that there is a compelling state interest in clarifying the operation and use of ss. 849.0935, 849.094, and 849.161, F.S., to ensure that a charitable drawing by chance, game promotion in connection with the sale of a consumer product or service, and arcade amusement games are not subject to abuse or interpreted in any manner as creating an exception to Florida's general prohibitions against gambling.

Section 2 of the bill amends s. 849.0935, F.S., relating to charitable drawings. It clarifies that the exceptions for charitable drawings does not include "game promotions" defined and regulated in s. 849.094, F.S., (electronic sweepstakes or Internet cafes). The bill also clarifies that the exceptions for charitable drawings does not provide exemptions from prohibitions against:

- Keeping a gaming table, room, implements, apparatus, house, or other place, as described in s. 849.01, F.S., (gaming place);
- Manufacture, sale, transportation, or possession of any slot machine, as provided in s. 849.15, F.S., (slot machines); or
- Any other law.

Section 3 of the bill amends s. 849.094, F.S., relating to game promotions. It clarifies that the exception is only for game promotions that are incidental to the sale of consumer products or services. It further clarifies that the exemption relates only to the lottery prohibition in s. 849.09, F.S., and not to general prohibitions under Florida law against keeping a gaming place or slot machines.

The bill clarifies that nonprofit organizations defined in s. 849.0935, F.S., may not operate a game promotion. It also provides that complying with DACS rules does not excuse violations of law and that violation of the game promotion statute is a deceptive and unfair trade practice.

Section 4 updates the definition of slot machine or device in s. 849.16, F.S. It provides that a device is a slot machine:

- Whether or not it is operated by the insertion of a coin, money or object as well as account number code or other information;
- Whether it is a standalone device or a system or network of devices;
- Whether it is directly or indirectly operated;
- Whether its outcome relies on skill or chance; and
- Whether or not it is available for free play.

The bill also clarifies that the definition of slot machines in ch. 849, F.S., included but is not limited to the definition in ch. 551, F.S.

The bill creates a rebuttable presumption that a device is a prohibited slot machine if it simulates games of chance and is part of a scheme requiring consideration and awarding any thing of value.

Section 5 clarifies applicability of the exemption for amusement games or machines. It provides that “amusement games or machines” do not include:

- Casino-style games in which the outcome is determined by factors unpredictable by the player; or
- Games in which the player may not control the outcome of the game through skill.

It defines “game played” such that the cost value of points or coupons awarded (which cannot exceed 75 cents per play) is increased only by the player paying an additional amount. Free replays do not add to the cost value.

It clarifies that “merchandise” means non-cash prizes and does not allow awarding of gift cards, gift certificates, or other cash equivalents.

It consolidates similar language relating to amusement arcades and truck stops, and it updates the definition of “truck stop” to correct a cross-reference.

Section 6 amends the definition of “racketeering activity” in s. 895.02, F.S., to include any violation of ch. 849, F.S., including not only gambling, but also lottery, gaming devices, slot machines, or any other provision.

Section 7 amends s. 721.111, F.S., relating to promotional offers to conform cross-references.

Sections 8 through 13 reenact ss. 16.56, 338.234(1), 655.50(3)(g), 849.19, 896.101(2)(g), 905.34(3), F.S., relating to the Office of the Statewide Prosecutor, Florida Turnpike, money

laundering, the seizure of property, the Florida Money Laundering Act, and a statewide grand jury, respectively, to incorporate changes made by the act in references.

Section 14 provides the bill will take effect upon becoming a law.

**IV. Constitutional Issues:**

A. Municipality/County Mandates Restrictions:

Not Applicable. This bill does not appear to require counties or municipalities to spend funds or take action requiring the expenditures of funds; reduce the authority that counties or municipalities have to raise revenues in the aggregate; or reduce the percentage of state tax shared with counties or municipalities.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

**V. Fiscal Impact Statement:**

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

Establishments offering devices in connection with game promotions will no longer be able to do so. To the extent that offering the games increased the profitability of their underlying products or services, they could see reduction in sales.

C. Government Sector Impact:

The bill is not anticipated to have a significant fiscal impact on state funds. The bill clarifies existing prohibitions on gambling and creates a rebuttable presumption that certain devices are slot machines. This may reduce the complexity and cost of local enforcement actions. Local governments that have authorized the use of devices in connection with game promotions or charitable drawings subject to local taxation will no longer be able to collect such taxes.

**VIII. Additional Information:****A. Committee Substitute – Statement of Substantial Changes:**

(Summarizing differences between the Committee Substitute and the prior version of the bill.)

**CS by Committee on Gaming on March 18, 2013:**

The committee substitute adds findings and provisions to clarify current laws regarding slot machines, charitable drawings, game promotions, and amusement games. The committee substitute removes provisions that:

- Provided that an operator who was using a sweepstakes device on or before July 1, 2013 and who files an affidavit may continue to operate the sweepstakes device;
- Provided that any current permit issued to the operator by a county or municipality shall be renewed upon expiration; and
- Provided that a new operator, after July 1, 2013, may not use a sweepstakes device or be issued a local permit.

**B. Amendments:**

None.
