Insert proviso immediately following Specific Appropriation 2226A :

Funds in Specific Appropriation 2226A are provided to the Regional Planning Councils, 75 percent of which must be divided equally among the councils and 25 percent of which must be allocated according to population. The funds must be used to implement the Florida Five-Year Strategic Plan for Economic Development, address problems of greater than local concern, and provide technical services to local governments, economic development organizations, and other stakeholders.

Line item amendments are accepted as part of the amendatory process. However, due to the necessity of using computerized systems this may entail a different placement within a budget entity or the renumbering of the specific appropriation items.
