II. Present Situation:

Section 334.071, F.S., provides that legislative designations of transportation facilities are for honorary or memorial purposes, or to distinguish a particular facility. Such designations are not to be construed as requiring any action by local governments or private parties regarding the changing of any street signs, mailing addresses, or 911 emergency telephone number system listings, unless the legislation specifically provides for such changes.

When the Legislature establishes road or bridge designations, the Florida Department of Transportation (FDOT) is required to place markers only at the termini specified for each highway segment or bridge designated by the law creating the designation, and to erect any other markers it deems appropriate for the transportation facility.

FDOT may not erect the markers for honorary road or bridge designations unless the affected city or county commission enacts a resolution supporting the designation. When the designated road or bridge segment is located in more than one city or county, resolutions supporting the designations must be passed by each affected local government prior to the erection of the markers.

III. Effect of Proposed Changes:

Section 1 designates the bridge over the Intracoastal Waterway (bascule bridge numbers 170169 and 170170) on U.S. Business 41/S.R. 45/Tamiami Trail in the City of Venice, Sarasota County, as the “KMI Kentucky Military Institute Bridge.”

Some KMI cadets and their families continue to live in the Venice community and others visit regularly for KMI reunions held every four years in Venice. On November 7, 2012, the City Council of the City of Venice, Florida, adopted Resolution No. 2012-16 expressing support for the “KMI Kentucky Military Institute Bridge” designation to preserve a part of the history of City of Venice.

Other Implications:

The Ebenezer Christian Academy and the Belen Jesuit Preparatory School are private schools. The Federal Highway Administration (FHWA) may view the signs for these designations as commercial advertising, rather than as honorary or memorial designations. The FHWA could conclude that signs erected to mark the designations violate the federal Highway Beautification Act and the agreement between the U.S. Department of Transportation and the Florida Department of Transportation regarding effective control of outdoor advertising. Should the state be deemed to have lost effective control of outdoor advertising, the state is potentially subject to a federal funds penalty of 10 percent of federal highway construction funds for each year of noncompliance.
