29 1. Using the information provided, the department shall
30 recognize those private businesses that demonstrate outstanding
31 recycling efforts.

32 2. Notwithstanding any other ~~provision of~~ state or county
33 law, private businesses, other than certified recovered
34 materials dealers, may ~~shall~~ not be required to report recycling

47 than \$30,000 are exempt from the reporting requirement specified
48 in this subsection.

49 Section 2. The Legislature finds that it is a public
50 necessity that information reported by a private business which,
51 if disclosed, would reveal a trade secret be confidential and
52 exempt from public records requirements. This exemption is

HB 1413

2014

53 necessary to encourage businesses to report information relating
54 to their recycling practices, so they can be recognized for
55 their outstanding recycling efforts. Public disclosure of
56 proprietary information could result in a chilling effect on
57 business participation in the program. Therefore, the
58 Legislature declares that it is a public necessity that the
59 information reported by private businesses which, if disclosed,
60 would reveal a trade secret be made confidential and exempt from
61 public records requirements.

62 Section 3. This act shall take effect October 1, 2014.
