Be It Enacted by the Legislature of the State of Florida:

Section 1. Paragraph (c) of subsection (1) of section 385.203, Florida Statutes, is redesignated as paragraph (d), and a new paragraph (c) is added to that subsection to read:

385.203 Diabetes Advisory Council; creation; function; membership.—

(1) To guide a statewide comprehensive approach to diabetes prevention, diagnosis, education, care, treatment, impact, and costs thereof, there is created a Diabetes Advisory Council that serves as the advisory unit to the Department of Health, other governmental agencies, professional and other organizations, and the general public. The council shall:

(c) In conjunction with the department, the Agency for Health Care Administration, and the Department of Management Services, submit by January 10 of each odd-numbered year to the

27 Governor, the President of the Senate, and the Speaker of the  
28 House of Representatives a report containing the following  
29 information:

30 1. The public health consequences and financial impact on  
31 the state from all types of diabetes and resulting health  
32 complications, including the number of persons with diabetes  
33 covered by Medicaid, the number of persons with diabetes who are  
34 insured by the Division of State Group Insurance, and the number  
35 of persons with diabetes who are impacted by state agency  
36 diabetes programs and activities.

37 2. A description and an assessment of the effectiveness of  
38 the diabetes programs and activities implemented by each state  
39 agency, the amount and source of funding for such programs and  
40 activities, and the cost savings realized as a result of the  
41 implementation of such programs and activities.

42 3. A description of the coordination among state agencies  
43 of programs, activities, and communications designed to manage,  
44 treat, and prevent all types of diabetes.

45 4. The development of and revisions to a detailed action  
46 plan for reducing and controlling the number of new cases of  
47 diabetes and identification of proposed action steps to reduce  
48 the impact of all types of diabetes, identification of expected  
49 outcomes if the plan is implemented, and establishment of  
50 benchmarks for preventing and controlling diabetes.

51 Section 2. This act shall take effect July 1, 2014.
