Following Specific Appropriation 1390, INSERT:

From the funds in Specific Appropriation 1390, \$200,000 in nonrecurring funds from the General Inspection Trust Fund is provided for the construction of a 30 cfs floating aquatic vegetative tilling treatment system for water flowing into Lake Okeechobee from Fisheating Creek.

Line item amendments are accepted as part of the amendatory process. However, due to the necessity of using computerized systems this may entail a different placement within a budget entity or the renumbering of the specific appropriation items.
