65	Be It Enacted by the Legislature of the State of Florida:
66	
67	Section 1. Section 1002.322, Florida Statutes, is created
68	to read:
69	1002.322 Short title and purpose
70	(1) Sections 1002.322-1002.329 may be cited as the "Charter
71	School Excellence Act."
72	(2) The Legislature finds that:
73	(a) Section 1, Art. IX of the State Constitution mandates a
74	"uniform, efficient, safe, secure, and high quality system of
75	free public schools" in this state. Thus, a uniform and coherent
76	system of public education which is both equitable and fiscally
77	efficient is imperative. All charter schools in this state are
78	public schools and are, therefore, subject to the constitutional
79	mandate.
80	(b) Since their inception in 1996, the number of charter
81	schools in this state grew to more than 615 in the 2013-2014
82	school year. Charter school enrollment in this state grew to
83	more than 229,000 students in the 2013-2014 school year. A
84	charter school can be independently opened and operated by
85	individuals, a municipality, or a legal entity organized under
86	the laws of this state. Volunteer governing boards control each
87	individual charter school, rather than the elected

88	representatives that compose each district school board.
89	Duplicative programs in charter schools, which largely mirror
90	programs available in traditional public schools, serve as a
91	burden on the already financially strained public school system.
92	The state's charter schools should complement, and not
93	duplicate, the role of the state's traditional public schools.
94	(c) The application process for new charter schools is
95	biased toward encouraging unmitigated growth of the charter
96	school industry, rather than focusing on the specific needs of
97	students or the safeguarding of taxpayer dollars.
98	(d) The lack of transparency and local control over charter
99	schools has resulted in the inefficient use of taxpayer dollars.
100	School districts are limited in their ability to intervene in
101	the management or instruction of an individual charter school,
102	which has exacerbated the number of charter school failures.
103	Delaying intervention into a failing charter school's operation
104	has repeatedly resulted in the failure of the charter school and
105	the resulting displacement of students. In many instances,
106	school districts have been unable to recoup taxpayer dollars
107	that have been invested in a failed charter school.
108	Additionally, current standards of performance for charter
109	schools, compared to the standards applied to traditional public
110	schools, are inadequate given a charter school's ability to
111	target and select particular students for enrollment.
112	(e) For-profit companies that provide charter schools with
113	various administrative services can consume a significant
114	portion of the school's budget, which ultimately results in less
115	money going toward student education. Such administrative
116	services are duplicative of services available through the

Page 4 of 21

	3-00813-15 20151038_
117	school districts and are an inefficient use of taxpayer dollars.
118	(f) Many charter schools have failed to assume the role
119	that was originally envisioned for them in the original
120	authorizing legislation. Instead, many charter schools are
121	offering the same instructional services offered in traditional
122	public schools located in the same neighborhood. Unlike many
123	other states, Florida has not established a maximum cap on the
124	number of charter schools that are authorized to operate.
125	(3) The purpose of this act is to develop and implement a
126	program that requires statements of need for charter schools to
127	ensure that such schools provide innovative educational services
128	not provided by traditional public schools in the community; do
129	not duplicate existing services provided by school districts and
130	traditional public schools; and are responsible stewards of
131	taxpayer money.
132	Section 2. Section 1002.323, Florida Statutes, is created
133	to read:
134	1002.323 DefinitionsAs used in ss. 1002.322-1002.329, the
135	term:
136	(1) "Capital expenditure" means an expenditure, including
137	an expenditure for a construction project undertaken by a
138	charter school, which, under generally accepted accounting
139	principles, is not properly chargeable as an expense of
140	operation and maintenance, which is made to change the student
141	enrollment capacity of the charter school, or substantially
142	change the educational services or grade levels of the charter
143	school, and which includes the cost of the studies, surveys,
144	designs, plans, working drawings, specifications, initial
145	financing costs, and other activities essential to the

Page 5 of 21

146	acquisition, improvement, expansion, or replacement of the plant
147	and equipment.
148	(2) "Charter school" means a school that meets the
149	requirements of s. 1002.33 and has been issued a statement of
150	need.
151	(3) "Commenced construction" means initiation of and
152	continuous activities beyond site preparation associated with
153	erecting or modifying a charter school, including procurement of
154	a building permit, securing an executed owner/contractor
155	agreement or an irrevocable or binding forced account, and the
156	actual undertaking of foundation forming with steel installation
157	and concrete placing.
158	(4) "Department" means the Department of Education.
159	(5) "Exemption" means a school that would otherwise require
160	a statement of need but qualifies for an exemption from that
161	requirement.
162	(6) "Expedited review" means the process by which certain
163	types of applications are not subject to the review and letter
164	of intent requirements in s. 1002.325.
165	(7) "State board" means the State Board of Education.
166	(8) "Statement of need" means a written statement issued by
167	the department evidencing the need for a new, converted,
168	expanded, or otherwise significantly modified charter school in
169	a specific school district.
170	Section 3. Section 1002.324, Florida Statutes, is created
171	to read:
172	1002.324 Duties and responsibilities of department; rules
173	(1) The department is designated as the sole agency that
174	may issue, revoke, or deny issuance of statements of need and
I	

Page 6 of 21

1	3-00813-15 20151038_
175	that may issue, revoke, or deny exemptions from statement of
176	need review in accordance with applicable law and rules.
177	(2) Before determining that there is a need for additional
178	charter schools in a school district, the department shall
179	assess whether a specific need can be satisfied through existing
180	traditional public schools and charter schools.
181	(3) The state board shall establish by rule:
182	(a) Uniform need methodologies for charter schools. In
183	developing such methodologies, the state board shall, at a
184	minimum, consider full-time equivalent student population
185	trends, student demographics, the number of existing charter
186	schools already operational in a school district, the need for
187	additional programs and educational services for students which
188	may be met by a charter school, and the need for innovative
189	educational services.
190	(b) A full-time equivalent student methodology with a goal
191	of maintaining an average enrollment rate of 95 percent.
192	(4) In developing rules, the state board shall involve all
193	stakeholders to the greatest extent practicable, including
194	school district personnel, charter school operators, and
195	statewide organizations that represent public school educators
196	and charter schools.
197	Section 4. Section 1002.325, Florida Statutes, is created
198	to read:
199	1002.325 Application process and review for statements of
200	need
201	(1) LETTERS OF INTENT
202	(a) At least 30 days before filing an application for a
203	statement of need, a letter of intent shall be filed by the

Page 7 of 21

prospective applicant with the department stating its intent to
develop a charter school, subject to review by the department.
The letter of intent shall also be filed with the district
school board of the school district in which the proposed
charter school would be located.
(b) Letters of intent must describe the proposed charter
school; specify the projected number of full-time equivalent
students to be enrolled; identify the educational services to be
provided and the specific location of the charter school; and
identify the applicant.
(c) Within 21 days after receipt of a letter of intent, the
department shall publish a notice of the filing of a letter of
intent in the Florida Administrative Register. Notices published
under this paragraph must specify due dates applicable to the
timetable or cycle for filing applications and for requesting an
administrative hearing.
(2) APPLICATIONAn application for a statement of need
must include:
(a) A detailed description of the proposed charter school
project and a statement of purpose and need in relation to the
criteria used by the department in reviewing applications.
(b) A statement of the financial resources needed by and
available to the applicant to complete the proposed project. The
statement must include:
1. A complete listing of all capital projects, including
facility acquisitions applied for, pending, approved, or
underway in this state or any state at the time of application,
regardless of whether the state has a statement of need program.
This listing must include the applicant's actual or proposed

Page 8 of 21

233	financial commitment to those projects and an assessment of
234	their impact on the applicant's ability to provide adequate
235	funding for the proposed project.
236	2. A detailed listing of the needed capital expenditures,
237	including sources of funds.
238	3. A detailed financial projection, including a statement
239	of the projected revenue and expenses for the first 2 years of
240	operation after completion of the proposed project. This
241	statement must include a detailed evaluation of the impact of
242	the proposed project on the cost of other services provided by
243	the applicant.
244	(c) An audited financial statement of the applicant or the
245	applicant's parent corporation if audited financial statements
246	of the applicant do not exist. In an application submitted by an
247	existing charter school, financial condition documentation must
248	include, but need not be limited to, a balance sheet and a
249	profit-and-loss statement for the 2 previous fiscal years'
250	operation.
251	(3) REVIEW OF APPLICATIONS.—
252	(a) The state board shall adopt a rule that establishes a
253	timetable or cycle basis for the submission and review of
254	statement of need applications. The timetable or cycle for the
255	submission and review of statement of need applications must be
256	aligned and consistent with the charter school application and
257	review process established in s. 1002.33. Reviews of
258	applications shall be conducted on a timely basis and provide
259	for all completed applications to be considered at least
260	annually.
261	(b) Within 15 days after the applicable filing deadline for

Page 9 of 21

i	3-00813-15 20151038_
262	the review cycle, the department shall determine if the
263	application is complete. If the application is incomplete, the
264	department shall request specific information from the applicant
265	necessary to complete the application; however, the department
266	may make only one such request. If the requested information is
267	not filed with the department within 21 days after the receipt
268	of the department's request, the application shall be withdrawn
269	from consideration.
270	(c) Upon the request of any applicant or substantially
271	affected person, including other charter schools and the
272	district school board, within 14 days after notice that an
273	application has been filed, a public hearing may be held at the
274	department's discretion if the department determines that a
275	proposed project involves issues of great public interest. In
276	such cases, the department shall attend the public hearing. The
277	public hearing shall allow applicants and other interested
278	parties reasonable time to present their positions and to
279	present rebuttal information. A recorded transcript of the
280	hearing shall be maintained. The public hearing shall be held at
281	the local school district level within 21 days after the
282	application is deemed complete.
283	(d) In those cases in which a written statement of
284	opposition has been timely filed regarding a statement of need
285	application, the applicant may submit a written response to the
286	department. Such response must be received by the department
287	within 10 days of the written statement due date.
288	(4) CRITERIAThe evaluation criteria for applications
289	submitted to the department must include the following:
290	(a) The need for the proposed charter school and

Page 10 of 21

	3-00813-15 20151038_
291	educational services.
292	(b) The availability of the proposed educational services
293	in existing public schools and charter schools in the school
294	district.
295	(c) The ability of the applicant to provide quality
296	educational services and the applicant's record of providing
297	quality educational services, if applicable.
298	(d) The availability of resources, including teachers and
299	administrators, management personnel, and funds for capital and
300	operating expenditures, for project accomplishment and
301	operation.
302	(e) The extent to which the proposed educational services
303	will enhance the educational options in the school district and
304	are not duplicative of existing educational services.
305	(f) The immediate and long-term financial feasibility and
306	fiscal efficiency of the charter school.
307	(g) The costs and methods of the proposed construction,
308	including whether the charter school will be in compliance with
309	the State Requirements for Educational Facilities approved by
310	the state board, and if not, whether the charter school will be
311	in compliance with any applicable state and local building
312	codes.
313	(h) The applicant's record of providing educational
314	services to students who are from lower socioeconomic
315	backgrounds, who are low performing, or who have disabilities.
316	(5) FEESThe department shall assess a fee on each
317	application for a statement of need as follows:
318	(a) A minimum base fee of \$10,000 per application.
319	(b) In addition to the base fee, \$50 for each full-time

Page 11 of 21

	3-00813-15 20151038
320	equivalent student projected to enroll based on the enrollment
321	capacity of the applicant school. The total fee assessed
322	pursuant to paragraph (a) and this paragraph may not exceed
323	\$50,000 in the aggregate.
324	(c) The department shall reduce the fee assessed pursuant
325	to paragraph (b) if the fees collected are projected to exceed
326	the cost of administering the statement of need program.
327	Section 5. Section 1002.326, Florida Statutes, is created
328	to read:
329	1002.326 Disposition of applications; administrative
330	hearing; judicial review
331	(1) The department's review of and final action on
332	applications submitted must be in accordance with the criteria
333	specified in s. 1002.325(4) and any applicable state board
334	rules.
335	(2) Within 60 days after all of the applications in a
336	review cycle are determined to be complete, the department shall
337	issue a report and notice of intent specifying statements of
338	need that are issued or denied for the review cycle. The
339	department's report shall specify its findings of fact and
340	determinations upon which its decision is based. If the
341	department intends to issue a statement of need, the report and
342	notice of intent must also include any conditions that the
343	department intends to attach to the statement of need. The state
344	board shall designate by rule a senior staff person, other than
345	the person who issues the final order and notice of intent, to
346	issue the report.
347	(3) The department shall publish the notice of intent in
348	the Florida Administrative Register within 14 days after

Page 12 of 21

1	3-00813-15 20151038
349	issuance.
350	(4) If no administrative hearing is requested pursuant to
351	subsection (5), the report and the notice of intent become the
352	final order of the department. The department shall provide a
353	copy of the final order to the appropriate district school
354	board.
355	(5) Within 21 days after publication of the report and
356	notice of intent, any person authorized under paragraph (b) to
357	participate in a hearing may file a request for an
358	administrative hearing. Failure to file a request for hearing
359	within 21 days of publication of notice of intent constitutes a
360	waiver of any right to a hearing and a waiver of the right to
361	contest the final decision of the department. A copy of the
362	request for hearing shall be served on the applicant.
363	(a) Hearings must be held in the county in which the
364	charter school would be located unless the administrative law
365	judge determines that changing the location will facilitate the
366	proceedings. The department shall assign proceedings requiring
367	hearings to the Division of Administrative Hearings of the
368	Department of Management Services within 10 days after the time
369	has expired for requesting a hearing. Except upon unanimous
370	consent of the parties, or upon the granting by the
371	administrative law judge of a motion of continuance, hearings
372	shall commence within 60 days after the administrative law judge
373	has been assigned, and a continuance may not be granted after
374	commencement of the proceedings absent a finding of
375	extraordinary circumstances by the administrative law judge. All
376	parties, except the department, shall bear their own expense of
377	preparing a transcript. In any application for a statement of

Page 13 of 21

	3-00813-15 20151038_
378	need which is referred to the Division of Administrative
379	Hearings for hearing, the administrative law judge shall
380	complete and submit to the parties a recommended order as
381	provided in ss. 120.569 and 120.57. The recommended order shall
382	be issued within 30 days after the receipt of the proposed
383	recommended orders or the deadline for submission of such
384	proposed recommended orders, whichever is earlier. The division
385	shall adopt procedures for administrative hearings which
386	maximize the use of stipulated facts and shall provide for the
387	admission of prepared testimony.
388	(b) The department shall issue its final order within 45
389	days after receipt of the recommended order. If the department
390	fails to take action within such time, or as otherwise agreed to
391	by the applicant and the department, the applicant may take
392	appropriate legal action to compel the department to act. When
393	making a determination on an application for a statement of
394	need, the department is specifically exempt from the time
395	limitations provided in s. 120.60(1).
396	(6)(a) A party to an administrative hearing for an
397	application for a statement of need has the right, within not
398	more than 30 days after the date of the final order, to seek
399	judicial review in the appropriate district court of appeal
400	pursuant to s. 120.68. The department shall be a party in any
401	such proceeding.
402	(b) In such judicial review, the court shall affirm the
403	final order of the department, unless the decision is arbitrary
404	or capricious or does not comply with the requirements for a
405	statement of need.
406	(c) The court may award reasonable attorney fees and costs
