COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/SB 112 creates six special use military license plates. Special use license plates are created for recipients of the Combat Action Ribbon, Air Force Combat Action Medal, and the Distinguished Flying Cross medal. Special plates are also created for women veterans, WWII veterans, and Navy Submariners.

Revenue generated from the sale of these special license plates, with the exception of the "Woman Veteran" plate, will be deposited into the Grants and Donations Trust Fund and the State Homes for Veterans Trust Fund to support the State Veterans' Homes Program. Revenue generated from the "Woman Veteran" special license plate will be deposited into the Operations and Maintenance Trust Fund administered by the Department of Veterans' Affairs for the purpose of creating and implementing programs benefitting women veterans.

According to the Department of Highway Safety and Motor Vehicles (DHSMV), the cost of initial startup and programming revisions for the creation and manufacture of these six new special use license plates will be \$44,050.

The bill provides for an effective date of July 1, 2015.

II. Present Situation:

Special Use License Plates

Current law provides for several types of license plates. In addition to plates issued for governmental or business purposes, the Department of Highway Safety and Motor Vehicles (DHSMV) offers four basic types of plates to the general public:

- Standard plates;
- Specialty license plates;
- Personalized prestige license plates; and
- Special use license plates.

Certain members of the general public may be eligible to apply for special use license plates if they are able to document their eligibility pursuant to various sections of ch. 320, F.S. Special use license plates primarily include special use military license plates as well as plates for the handicapped.

Currently, there are 15 special use license plates authorized in s. 320.089, F.S., available to military service members or veterans for the following types of service:¹

- Veteran of the United States Armed Forces;
- Active or retired member of the Florida National Guard;
- Survivor of the attack on Pearl Harbor;
- Recipient of the Purple Heart Medal;
- Active or retired member of any branch of the United States Armed Forces Reserve;
- Recipient of the Combat Infantry Badge;
- Recipient of the Combat Medical Badge;
- Recipient of the Combat Action Badge;
- Former Prisoner of War;
- Veteran of the Korean War;
- Veteran of the Vietnam War;
- Service member or veteran of Operation Desert Shield;
- Service member or veteran of Operation Desert Storm;
- Service member or veteran of Operation Enduring Freedom; and
- Service member or veteran of Operation Iraqi Freedom.

There are currently no special use military plates recognizing the unique contributions of women veterans, WWII veterans, and Navy Submariners.

Special use license plates authorized under s. 320.089, F.S., are stamped with words consistent with the type of special use plate issued. For example, a special use plate issued to a current or former member of the Florida National Guard is stamped with the words “National Guard.” Additionally, a likeness of the related campaign medal or badge appears on the plate.

¹ Section 320.089, F.S.

Applicants for special use license plates in s. 320.089, F.S., are required to pay the annual license tax in s. 320.08, F.S., with the exception of certain disabled veterans who qualify for the Pearl Harbor, Purple Heart, or Prisoner of War plate, to whom such plates are issued at no cost.² The first \$100,000 of the general revenue generated annually from the issuance of special use plates is deposited into the Grants and Donations Trust Fund under the Veterans' Nursing Homes of Florida Act, as described in s. 296.38(2), F.S.³ Any additional general revenue is deposited into the State Homes for Veterans Trust Fund and used to construct, operate, and maintain domiciliary and nursing homes for veterans.⁴ For fiscal year 2013-2014 the total revenue from these plates was \$2,087,743.⁵

Three special use license plates are established in the Florida Statutes to recognize combat service for current or former Army personnel.⁶ However, no special use license plate exists to recognize the awards for service in combat for current or former members of the Air Force, Navy, Marine Corps, or Coast Guard.

Distinguished Flying Cross

America's oldest military aviation award, the Distinguished Flying Cross, was created in the Air Corps Act by the United States Congress on July 2, 1926. It is a U.S. military decoration awarded to an individual recipient, an aviator, who distinguished himself by heroism or extraordinary achievement while participating in aerial flight.⁷ Eligibility is dependent on service after April 6, 1917, in an Air Corps of either the United States Armed Forces or Armed Forces Reserves. The medal is not limited to combat operations and may be awarded for achievement during times of peace. The Air Force, Navy, and Marine Corps are authorized to use the "V" device, or "Combat V," which denotes that the medal was awarded for heroism.

Combat Action Ribbon

The Combat Action Ribbon recognizes members of the Navy and Marine Corps who rendered satisfactory performance under enemy fire while actively participating in a ground or surface engagement on or after December 7, 1941. Members of the Coast Guard who served while under the control of the Navy are also eligible for this award. The Combat Action Ribbon may also be awarded to individuals who faced direct exposure to the detonation of an improvised explosive device and personnel who serve in clandestine or special operations.⁸ The Secretary of the Navy determines which operations meet the criteria for this award. However, only one award per operation is authorized.

Air Force Combat Action Medal

Created on March 15, 2007, the Air Force Combat Action Medal recognizes members of the Air Force who actively participated in ground or air combat on or after September 11, 2001.

Nomination for the award is restricted to military members who:

- Deliberately go into the enemy's domain to conduct official duties, either on the ground or in the air, and have come under enemy fire by lethal weapons, and are at risk of grave danger; or
- While defending the base, have come under fire and engage the enemy with direct and lethal fire, and are at the risk of grave danger.

Members from other branches of the United States Armed Forces are also eligible for the award provided they served with a U.S. Air Force unit and meet the award criteria. Subsequent operations that qualify for the award are recognized on the medal through the use of a gold star device rather than issuing a second medal.⁹

III. Effect of Proposed Changes:

The bill amends s. 320.089, F.S., to create six special use military license plates for:

- Recipients of the Combat Action Ribbon;
- Recipients of the Air Force Combat Action Badge;
- Recipients of the Distinguished Flying Cross;
- Women veterans;
- WWII veterans; and
- Navy Submariners.

The plates will be stamped with the words "Combat Action Ribbon," "Air Force Combat Action Medal," "Distinguished Flying Cross," "Woman Veteran," "WWII Veteran," or "Navy Submariner," as appropriate, with an image of the related campaign medal or badge.

Applicants for the new special use license plates are required to pay the annual license tax in s. 320.08, F.S. Revenue generated from the sale of these license plates, with the exception of the "Woman Veteran" plate, will be administered in the same manner as the existing special use license plates in s. 320.089, F.S., and deposited into the Grants and Donations Trust Fund and the State Homes for Veterans Trust Fund to support the State Veterans' Homes Program. Revenue generated from the "Woman Veteran" special license plate will be deposited into the Operations and Maintenance Trust Fund administered by the Department of Veterans' Affairs for the purpose of creating and implementing programs benefitting women veterans.

The bill takes effect July 1, 2015.
