1928 In Section 05 On Page 247
 Fixed Capital Outlay 088866
 Traffic Engineering Consultants IOEK

AND INSERT:

From the funds in Specific Appropriation 1928, \$1,000,000 of nonrecurring funds from the State Transportation Trust Fund is provided for the continued development and deployment of multi-level fog monitoring stations; use of multi-spectral satellite imagery and multi-level sensor arrays for conducting further data analysis and refinement of the fog model; the addition of test sites in eastern central, western central and southern Florida; and further refinement of the weather model to provide advanced warning of other weather road conditions and traffic congestion.

Line item amendments are accepted as part of the amendatory process. However, due to the necessity of using computerized systems this may entail a different placement within a budget entity or the renumbering of the specific appropriation items.
