82 emergency room, which is:

83 1. The sole provider within a county with a population
84 density of up to 100 persons per square mile;

85 2. An acute care hospital, in a county with a population
86 density of up to 100 persons per square mile, which is at least

95 4.5. A hospital with a service area that has a population
96 of up to 100 persons per square mile. As used in this
97 subparagraph, the term "service area" means the fewest number of
98 zip codes that account for 75 percent of the hospital's
99 discharges for the most recent 5-year period, based on
100 information available from the hospital inpatient discharge
101 database in the Florida Center for Health Information and Policy
102 Analysis at the agency; or

103 ~~5.6.~~ A hospital designated as a critical access hospital,
104 as defined in s. 408.07.

105

106 Population densities used in this paragraph must be based upon
107 the most recently completed United States census. A hospital
108 that received funds under s. 409.9116 for a quarter beginning no
109 later than July 1, 2002, is deemed to have been and shall
110 continue to be a rural hospital from that date through June 30,
111 2021 ~~2015~~, if the hospital continues to have up to 100 licensed
112 beds and an emergency room. An acute care hospital that has not
113 previously been designated as a rural hospital and that meets
114 the criteria of this paragraph shall be granted such designation
115 upon application, including supporting documentation, to the
116 agency. A hospital that was licensed as a rural hospital during

120 beds and an emergency room.

121 Section 2. Effective upon this act becoming a law,
122 subsection (1) of section 409.908, Florida Statutes, is amended
123 to read:

124 409.908 Reimbursement of Medicaid providers.—Subject to
125 specific appropriations, the agency shall reimburse Medicaid
126 providers, in accordance with state and federal law, according
127 to methodologies set forth in the rules of the agency and in
128 policy manuals and handbooks incorporated by reference therein.
129 These methodologies may include fee schedules, reimbursement
130 methods based on cost reporting, negotiated fees, competitive
131 bidding pursuant to s. 287.057, and other mechanisms the agency
132 considers efficient and effective for purchasing services or
133 goods on behalf of recipients. If a provider is reimbursed based
134 on cost reporting and submits a cost report late and that cost
135 report would have been used to set a lower reimbursement rate
136 for a rate semester, then the provider's rate for that semester
137 shall be retroactively calculated using the new cost report, and
138 full payment at the recalculated rate shall be effected
139 retroactively. Medicare-granted extensions for filing cost
140 reports, if applicable, shall also apply to Medicaid cost
141 reports. Payment for Medicaid compensable services made on
142 behalf of Medicaid eligible persons is subject to the
143 availability of moneys and any limitations or directions
144 provided for in the General Appropriations Act or chapter 216.
145 Further, nothing in this section shall be construed to prevent

576-02047B-15

20152512pb

146 or limit the agency from adjusting fees, reimbursement rates,
147 lengths of stay, number of visits, or number of services, or
148 making any other adjustments necessary to comply with the
149 availability of moneys and any limitations or directions
150 provided for in the General Appropriations Act, provided the
151 adjustment is consistent with legislative intent.

152 (1) Reimbursement to hospitals licensed under part I of
153 chapter 395 must be made prospectively or on the basis of
154 negotiation.

155 (a) Reimbursement for inpatient care is limited as provided
156 in s. 409.905(5), except as otherwise provided in this
157 subsection.

158 1. If authorized by the General Appropriations Act, the
159 agency may modify reimbursement for specific types of services
160 or diagnoses, recipient ages, and hospital provider types.

161 2. The agency may establish an alternative methodology to
162 the DRG-based prospective payment system to set reimbursement
163 rates for:

164 a. State-owned psychiatric hospitals.

165 b. Newborn hearing screening services.

166 c. Transplant services for which the agency has established
167 a global fee.

168 d. Recipients who have tuberculosis that is resistant to
169 therapy who are in need of long-term, hospital-based treatment
170 pursuant to s. 392.62.

171 3. The agency shall modify reimbursement according to other
172 methodologies recognized in the General Appropriations Act.

173
174 ~~The agency may receive funds from state entities, including, but~~

576-02047B-15

20152512pb

175 ~~not limited to, the Department of Health, local governments, and~~
176 ~~other local political subdivisions, for the purpose of making~~
177 ~~special exception payments, including federal matching funds,~~
178 ~~through the Medicaid inpatient reimbursement methodologies.~~
179 ~~Funds received for this purpose shall be separately accounted~~
180 ~~for and may not be commingled with other state or local funds in~~
181 ~~any manner. The agency may certify all local governmental funds~~
182 ~~used as state match under Title XIX of the Social Security Act,~~
183 ~~to the extent and in the manner authorized under the General~~
184 ~~Appropriations Act and pursuant to an agreement between the~~
185 ~~agency and the local governmental entity. In order for the~~
186 ~~agency to certify such local governmental funds, a local~~
187 ~~governmental entity must submit a final, executed letter of~~
188 ~~agreement to the agency, which must be received by October 1 of~~
189 ~~each fiscal year and provide the total amount of local~~
190 ~~governmental funds authorized by the entity for that fiscal year~~
191 ~~under this paragraph, paragraph (b), or the General~~
192 ~~Appropriations Act. The local governmental entity shall use a~~
193 ~~certification form prescribed by the agency. At a minimum, the~~
194 ~~certification form must identify the amount being certified and~~
195 ~~describe the relationship between the certifying local~~
196 ~~governmental entity and the local health care provider. The~~
197 ~~agency shall prepare an annual statement of impact which~~
198 ~~documents the specific activities undertaken during the previous~~
199 ~~fiscal year pursuant to this paragraph, to be submitted to the~~
200 ~~Legislature annually by January 1.~~

201 (b) Reimbursement for hospital outpatient care is limited
202 to \$1,500 per state fiscal year per recipient, except for:

203 1. Such care provided to a Medicaid recipient under age 21,

576-02047B-15

20152512pb

204 in which case the only limitation is medical necessity.

205 2. Renal dialysis services.

206 3. Other exceptions made by the agency.

207
208 ~~The agency is authorized to receive funds from state entities,~~
209 ~~including, but not limited to, the Department of Health, the~~
210 ~~Board of Governors of the State University System, local~~
211 ~~governments, and other local political subdivisions, for the~~
212 ~~purpose of making payments, including federal matching funds,~~
213 ~~through the Medicaid outpatient reimbursement methodologies.~~
214 ~~Funds received from state entities and local governments for~~
215 ~~this purpose shall be separately accounted for and shall not be~~
216 ~~commingled with other state or local funds in any manner.~~

217 (c)1. The agency may receive intergovernmental transfers of
218 funds from governmental entities, including, but not limited to,
219 the Department of Health, local governments, and other local
220 political subdivisions, for the purpose of making special
221 exception payments or to enhance provider reimbursement,
222 including federal matching funds, through the Medicaid inpatient
223 or outpatient reimbursement methodologies. Funds received by
224 intergovernmental transfer for these purposes shall be
225 separately accounted for and may not be commingled with other
226 state or local funds in any manner. The agency may certify all
227 local intergovernmental transfers used as state match under
228 Title XIX of the Social Security Act to the extent and in the
229 manner authorized under the General Appropriations Act and
230 pursuant to an agreement between the agency and the local
231 governmental entity. In order for the agency to certify such
232 local intergovernmental transfers, a local governmental entity

576-02047B-15

20152512pb

233 must submit a final, executed letter of agreement to the agency
234 which must be received by October 1 of each fiscal year and
235 provide the total amount of intergovernmental transfers
236 authorized by the entity for that fiscal year under this
237 paragraph or the General Appropriations Act. The local
238 governmental entity shall use a certification form prescribed by
239 the agency. At a minimum, the certification form must identify
240 the amount being certified.

241 2. The agency shall seek Medicaid waiver authority to use
242 local intergovernmental transfers for the advancement of the
243 Medicaid program and for enhancing or supplementing provider
244 reimbursement under this part and part IV in ways that incent
245 donations of local intergovernmental transfers and prevent
246 providers from being penalized in the calculations of Medicaid
247 cost limits by virtue of having donated intergovernmental
248 transfers under waiver authority granted under this paragraph.
249 The agency shall prepare an annual statement of impact which
250 documents the specific activities undertaken during the previous
251 fiscal year pursuant to this paragraph, to be submitted to the
252 Legislature annually by January 1.

253 (d)(e) Hospitals that provide services to a
254 disproportionate share of low-income Medicaid recipients, or
255 that participate in the regional perinatal intensive care center
256 program under chapter 383, or that participate in the statutory
257 teaching hospital disproportionate share program may receive
258 additional reimbursement. The total amount of payment for
259 disproportionate share hospitals shall be fixed by the General
260 Appropriations Act. The computation of these payments must be
261 made in compliance with all federal regulations and the

576-02047B-15

20152512pb

262 methodologies described in ss. 409.911 and 409.9113.

263 (e)~~(d)~~ The agency is authorized to limit inflationary
264 increases for outpatient hospital services as directed by the
265 General Appropriations Act.

266 Section 3. Paragraph (c) of subsection (23) of section
267 409.908, Florida Statutes, is amended to read:

268 409.908 Reimbursement of Medicaid providers.—Subject to
269 specific appropriations, the agency shall reimburse Medicaid
270 providers, in accordance with state and federal law, according
271 to methodologies set forth in the rules of the agency and in
272 policy manuals and handbooks incorporated by reference therein.
273 These methodologies may include fee schedules, reimbursement
274 methods based on cost reporting, negotiated fees, competitive
275 bidding pursuant to s. 287.057, and other mechanisms the agency
276 considers efficient and effective for purchasing services or
277 goods on behalf of recipients. If a provider is reimbursed based
278 on cost reporting and submits a cost report late and that cost
279 report would have been used to set a lower reimbursement rate
280 for a rate semester, then the provider's rate for that semester
281 shall be retroactively calculated using the new cost report, and
282 full payment at the recalculated rate shall be effected
283 retroactively. Medicare-granted extensions for filing cost
284 reports, if applicable, shall also apply to Medicaid cost
285 reports. Payment for Medicaid compensable services made on
286 behalf of Medicaid eligible persons is subject to the
287 availability of moneys and any limitations or directions
288 provided for in the General Appropriations Act or chapter 216.
289 Further, nothing in this section shall be construed to prevent
290 or limit the agency from adjusting fees, reimbursement rates,

576-02047B-15

20152512pb

291 lengths of stay, number of visits, or number of services, or
292 making any other adjustments necessary to comply with the
293 availability of moneys and any limitations or directions
294 provided for in the General Appropriations Act, provided the
295 adjustment is consistent with legislative intent.

296 (23)

297 (c) This subsection applies to the following provider
298 types:

299 1. Inpatient hospitals.

300 2. Outpatient hospitals.

301 3. Nursing homes.

302 4. County health departments.

303 ~~5. Community intermediate care facilities for the~~
304 ~~developmentally disabled.~~

305 5.6. Prepaid health plans.

306 Section 4. Section 409.909, Florida Statutes, is amended to
307 read:

308 409.909 Statewide Medicaid Residency Program.—

309 (1) The Statewide Medicaid Residency Program is established
310 to improve the quality of care and access to care for Medicaid
311 recipients, expand graduate medical education on an equitable
312 basis, and increase the supply of highly trained physicians
313 statewide. The agency shall make payments to hospitals licensed
314 under part I of chapter 395 for graduate medical education
315 associated with the Medicaid program. This system of payments is
316 designed to generate federal matching funds under Medicaid and
317 distribute the resulting funds to participating hospitals on a
318 quarterly basis in each fiscal year for which an appropriation
319 is made.

576-02047B-15

20152512pb

320 (2) On or before September 15 of each year, the agency
321 shall calculate an allocation fraction to be used for
322 distributing funds to participating hospitals. On or before the
323 final business day of each quarter of a state fiscal year, the
324 agency shall distribute to each participating hospital one-
325 fourth of that hospital's annual allocation calculated under
326 subsection (4). The allocation fraction for each participating
327 hospital is based on the hospital's number of full-time
328 equivalent residents and the amount of its Medicaid payments. As
329 used in this section, the term:

330 (a) "Full-time equivalent," or "FTE," means a resident who
331 is in his or her residency period, with the initial residency
332 period, ~~which is~~ defined as the minimum number of years of
333 training required before the resident may become eligible for
334 board certification by the American Osteopathic Association
335 Bureau of Osteopathic Specialists or the American Board of
336 Medical Specialties in the specialty in which he or she first
337 began training, not to exceed 5 years. The residency specialty
338 is defined as reported using the current resident code in the
339 Intern and Resident Information System (IRIS), required by
340 Medicare. A resident training beyond the initial residency
341 period is counted as 0.5 FTE, unless his or her chosen specialty
342 is in ~~general surgery or~~ primary care, in which case the
343 resident is counted as 1.0 FTE. For the purposes of this
344 section, primary care specialties include:

- 345 1. Family medicine;
- 346 2. General internal medicine;
- 347 3. General pediatrics;
- 348 4. Preventive medicine;

576-02047B-15

20152512pb

- 349 5. Geriatric medicine;
350 6. Osteopathic general practice;
351 7. Obstetrics and gynecology; ~~and~~
352 8. Emergency medicine; and
353 9. General surgery.

354 (b) "Medicaid payments" means the estimated total payments
355 for reimbursing a hospital for direct inpatient services for the
356 fiscal year in which the allocation fraction is calculated based
357 on the hospital inpatient appropriation and the parameters for
358 the inpatient diagnosis-related group base rate, including
359 applicable intergovernmental transfers, specified in the General
360 Appropriations Act, as determined by the agency.

361 (c) "Resident" means a medical intern, fellow, or resident
362 enrolled in a program accredited by the Accreditation Council
363 for Graduate Medical Education, the American Association of
364 Colleges of Osteopathic Medicine, or the American Osteopathic
365 Association at the beginning of the state fiscal year during
366 which the allocation fraction is calculated, as reported by the
367 hospital to the agency.

368 (3) The agency shall use the following formula to calculate
369 a participating hospital's allocation fraction:

370
371
$$\text{HAF} = [0.9 \times (\text{HFTE}/\text{TFTE})] + [0.1 \times (\text{HMP}/\text{TMP})]$$

372
373 Where:

374 HAF=A hospital's allocation fraction.

375 HFTE=A hospital's total number of FTE residents.

376 TFTE=The total FTE residents for all participating
377 hospitals.

576-02047B-15

20152512pb

378 HMP=A hospital's Medicaid payments.

379 TMP=The total Medicaid payments for all participating
380 hospitals.

381

382 (4) A hospital's annual allocation shall be calculated by
383 multiplying the funds appropriated for the Statewide Medicaid
384 Residency Program in the General Appropriations Act by that
385 hospital's allocation fraction. If the calculation results in an
386 annual allocation that exceeds 2 times the average \$50,000 per
387 FTE resident amount for all hospitals, the hospital's annual
388 allocation shall be reduced to a sum equaling no more than 2
389 times the average \$50,000 per FTE resident. The funds calculated
390 for that hospital in excess of 2 times the average \$50,000 per
391 FTE resident amount for all hospitals shall be redistributed to
392 participating hospitals whose annual allocation does not exceed
393 2 times the average \$50,000 per FTE resident amount for all
394 hospitals, using the same methodology and payment schedule
395 specified in this section.

396 (5) Graduate Medical Education Startup Bonus Program-
397 Hospitals eligible for participation in subsection (1) are
398 eligible to participate in the graduate medical education
399 startup bonus program established under this subsection.

400 Notwithstanding subsection (4) or an FTE's residency period, and
401 in any state fiscal year in which funds are appropriated for the
402 startup bonus program, the agency shall allocate a \$100,000
403 startup bonus for each newly created resident position that is
404 authorized by the Accreditation Council for Graduate Medical
405 Education or Osteopathic Postdoctoral Training Institution in an
406 initial or established accredited training program that is in a

576-02047B-15

20152512pb

407 physician specialty in statewide supply/demand deficit. In any
408 year in which funding is not sufficient to provide \$100,000 for
409 each newly created resident position, funding shall be reduced
410 pro rata across all newly created resident positions in
411 physician specialties in statewide supply/demand deficit.

412 (a) Hospitals applying for a startup bonus must submit to
413 the agency by March 1 their Accreditation Council for Graduate
414 Medical Education or Osteopathic Postdoctoral Training
415 Institution approval validating the new resident positions
416 approved in physician specialties in statewide supply/demand
417 deficit in the current fiscal year. An applicant hospital may
418 validate a change in the number of residents by comparing the
419 prior period Accreditation Council for Graduate Medical
420 Education or Osteopathic Postdoctoral Training Institution
421 approval to the current year.

422 (b) Any unobligated startup bonus funds on April 15 of each
423 fiscal year shall be proportionally allocated to hospitals
424 participating under subsection (3) for existing FTE residents in
425 the physician specialties in statewide supply/demand deficit.
426 This nonrecurring allocation shall be in addition to the funds
427 allocated in subsection (4). Notwithstanding subsection (4), the
428 allocation under this subsection shall not exceed \$100,000 per
429 FTE resident.

430 (c) For purposes of this subsection, physician specialties
431 and subspecialties, both adult and pediatric, in statewide
432 supply/demand deficit are those identified in the General
433 Appropriations Act.

434 (d) The agency shall distribute all funds authorized under
435 the Graduate Medical Education Startup Bonus program on or

576-02047B-15

20152512pb

436 before the final business day of the fourth quarter of a state
437 fiscal year.

438 (6)~~(5)~~ Beginning in the 2015-2016 state fiscal year, the
439 agency shall reconcile each participating hospital's total
440 number of FTE residents calculated for the state fiscal year 2
441 years prior with its most recently available Medicare cost
442 reports covering the same time period. Reconciled FTE counts
443 shall be prorated according to the portion of the state fiscal
444 year covered by a Medicare cost report. Using the same
445 definitions, methodology, and payment schedule specified in this
446 section, the reconciliation shall apply any differences in
447 annual allocations calculated under subsection (4) to the
448 current year's annual allocations.

449 (7)~~(6)~~ The agency may adopt rules to administer this
450 section.

451 Section 5. Paragraph (a) of subsection (2) of section
452 409.911, Florida Statutes, is amended to read:

453 409.911 Disproportionate share program.—Subject to specific
454 allocations established within the General Appropriations Act
455 and any limitations established pursuant to chapter 216, the
456 agency shall distribute, pursuant to this section, moneys to
457 hospitals providing a disproportionate share of Medicaid or
458 charity care services by making quarterly Medicaid payments as
459 required. Notwithstanding the provisions of s. 409.915, counties
460 are exempt from contributing toward the cost of this special

1655 G. ‘Doc’ Myers Healthy Kids Corporation Act.”

1656 (2) LEGISLATIVE INTENT.—

1657 (a) The Legislature finds that increased access to health
1658 care services could improve children’s health and reduce the

1660 children in this state. Many children do not have comprehensive,
1661 affordable health care services available. It is the intent of
1662 the Legislature that the Florida Healthy Kids Corporation

1671 serve other children, the Legislature intends the primary
1672 recipients of services provided through the corporation be
1673 school-age children with a family income below 200 percent of
1674 the federal poverty level, who do not qualify for Medicaid. It
1675 is also the intent of the Legislature that state and local
1676 government Florida Healthy Kids funds be used to continue
1677 coverage, subject to specific appropriations in the General
1678 Appropriations Act, to children not eligible for federal
1679 matching funds under Title XXI.
