GOVERNOR'S ACTION: Approved

SUMMARY ANALYSIS

CS/HB 27 passed the House on April 9, 2015 and subsequently passed the Senate on April 24, 2015.

The bill provides for the Department of Highway Safety and Motor Vehicles (DHSMV) to accept a military personnel identification card as proof of a social security card number during the application process to acquire a driver license or identification card.

The bill further authorizes DHSMV to replace the veteran designation "V" with the word "Veteran" exhibited on the driver license or identification card of a veteran who qualifies and chooses to have such designation. The replacement of the "V" with the word "Veteran" will apply upon implementation of new designs for the driver license and identification card by DHSMV.

The bill has no fiscal impact on state or local government funds.

The bill was approved by the Governor on June 2, 2015, Ch. 2015-85, L.O.F., and will become effective on July 1, 2015.

I. SUBSTANTIVE INFORMATION

A. EFFECT OF CHANGES:

Present Situation

The REAL ID Act of 2005

The Federal REAL ID Act became effective nationwide on May 11, 2008. The REAL ID Act established minimum standards for the production and issuance of state-issued driver's licenses and identification cards. It also prohibits Federal agencies from accepting for official uses driver's licenses and identification cards from states unless the Department of Homeland Security determines that the state meets the standards. Official uses are defined as accessing Federal facilities, entering nuclear power plants, and boarding federally-regulated commercial aircraft.

The Department of Homeland Security (DHS) announced on December 20, 2013 a phased enforcement plan for the REAL ID Act, as passed by Congress that will implement the Act in a measured, fair and responsible way. Below is the phased enforcement schedule.¹

Phase	Enforcement	Full Enforcement Date
1	Restricted areas for DHS's Nebraska Avenue Complex headquarters	April 21, 2014
2	Restricted areas for all Federal facilities and nuclear power plants	July 21, 2014
3	Semi-restricted areas for most Federal facilities	January 19, 2015
3a	Facility Security Levels 1 and 2 ²	January 19, 2015
3b	Facility Security Levels 3, 4, and 5 ³	October 10, 2015
4	Boarding federally regulated commercial aircraft	No sooner than 2016

Florida began issuing REAL ID compliant credentials in January of 2010. The new credentials have a gold star in the upper right corner of the card.⁴

According to DHSMV, as of January 13, 2015, 11.5 million individuals have met the new identity standards for a Florida driver license or identification card. Florida is approaching a 70 percent compliance rate and estimates are that by mid to late 2017, numbers will be near 100 percent.⁵

Proof of Social Security Number

Current law requires an applicant for a driver license⁶ or identification card⁷ present proof of social security number satisfactory to DHSMV.

⁷ s. 322.051(1)(a)1., F.S.

Current law requires a blue “V” veteran designation on the bottom portion of a driver license⁸ or identification card⁹ at the request of a veteran who presents proof of military service and pays an additional \$1 fee to DHSMV.

Effect of Proposed Changes

The bill amends s. 322.051, F.S. and s. 322.08, F.S., to provide for DHSMV to accept a military personnel identification card as proof of a social security card number during the application process to acquire a driver license or identification card.

The bill further amends s. 322.14, F.S. and s. 322.051, F.S., to permit DHSMV to replace the veteran designation “V” with the word “Veteran” exhibited on the driver license or identification card of a veteran who qualifies and chooses to have such designation. The replacement of the “V” with the word “Veteran” will apply upon implementation of new designs for the driver license and identification card by DHSMV.
