

## HOUSE OF REPRESENTATIVES STAFF ANALYSIS

**BILL #:** CS/HB 63 Public-Private Partnerships  
**SPONSOR(S):** Government Operations Subcommittee; Steube and others  
**TIED BILLS:** HB 65 **IDEN./SIM. BILLS:**

REFERENCE	ACTION	ANALYST	STAFF DIRECTOR or BUDGET/POLICY CHIEF
1) Government Operations Subcommittee	13 Y, 0 N, As CS	Harrington	Williamson
2) Economic Development & Tourism Subcommittee			
3) Appropriations Committee			
4) State Affairs Committee			

### SUMMARY ANALYSIS

Public-private partnerships (P3s) are contractual agreements formed between public entities and private sector entities that allow for greater private sector participation in the delivery and financing of public buildings and infrastructure projects. Through these agreements, the skills and assets of each sector, public and private, are shared in delivering a service or facility for use by the general public. In addition to the sharing of resources, each party shares in the risks and rewards potential in the delivery of the service or facility. Current law authorizes P3s for specified public purpose projects if the responsible public entity determines the project is in the public's best interest, there is a need for or benefit derived from the project, the estimated cost of the project is reasonable, and the private entity's plans will result in the timely acquisition, design, construction, improvement, renovation, expansion, equipping, maintenance, or operation of the qualifying project.

Current law also establishes the Partnership for Public Facilities and Infrastructure Act Guidelines Task Force for the purpose of recommending guidelines for the Legislature to consider for creating a uniform P3 process across the state. This bill incorporates many of the recommendations contained in its final report.

The bill clarifies that the P3 process must be construed as cumulative and supplemental to any other authority or power vested in the governing body of a county, municipality, district, or municipal hospital or health care system. It also provides that the P3 process is an alternative method that may be used.

The bill expands the list of entities authorized to conduct P3s, to include state universities. It clarifies that the list includes special districts, school districts rather than school boards, and Florida College System institutions.

The bill provides increased flexibility to the responsible public entity by permitting a responsible public entity to deviate from the provided procurement timeframes if approved by majority vote of the entity's governing body.

The bill provides that an unsolicited proposal must be submitted concurrently with an initial application fee, which may be established by the responsible public entity. The bill authorizes a responsible public entity to request additional funds if the initial fee does not cover the costs to evaluate the unsolicited proposal. It also requires the responsible public entity to return the initial application fee if the responsible public entity does not review the unsolicited proposal.

The bill authorizes the Department of Management Services to accept and maintain copies of comprehensive agreements received from responsible public entities.

The bill has an indeterminate fiscal impact on state and local governments. See Fiscal Comments section for further discussion.

# FULL ANALYSIS

## I. SUBSTANTIVE ANALYSIS

### A. EFFECT OF PROPOSED CHANGES:

#### Background

Public-private partnerships (P3s) are contractual agreements formed between public entities and private sector entities that allow for greater private sector participation in the delivery and financing of public building and infrastructure projects.<sup>1</sup> Through these agreements, the skills and assets of each sector, public and private, are shared in delivering a service or facility for use by the general public. In addition to the sharing of resources, each party shares in the risks and rewards potential in the delivery of the service or facility.<sup>2</sup>

Section 287.05712, F.S., governs the procurement process for P3s for public purpose projects. It authorizes a responsible public entity to enter into a P3 for a specified qualifying project if the responsible public entity determines the project is in the public's best interest.<sup>3</sup>

Section 287.05712(1)(j), F.S., defines "responsible public entity" as a county, municipality, school board, or any other political subdivision of the state; a public body politic and corporate; or a regional entity that serves a public purpose and is authorized to develop or operate a qualifying project.

Section 287.05712(1)(i), F.S., defines "qualifying project" as:

- A facility or project that serves a public purpose, including, but not limited to, any ferry or mass transit facility, vehicle parking facility, airport or seaport facility, rail facility or project, fuel supply facility, oil or gas pipeline, medical or nursing care facility, recreational facility, sporting or cultural facility, or educational facility or other building or facility that is used or will be used by a public educational institution, or any other public facility or infrastructure that is used or will be used by the public at large or in support of an accepted public purpose or activity;
- An improvement, including equipment, of a building that will be principally used by a public entity or the public at large or that supports a service delivery system in the public sector;
- A water, wastewater, or surface water management facility or other related infrastructure; or
- For projects that involve a facility owned or operated by the governing board of a county, district, or municipal hospital or health care system, or projects that involve a facility owned or operated by a municipal electric utility, only those projects that the governing board designates as qualifying projects.

#### Procurement Procedures

Responsible public entities may receive unsolicited proposals or may solicit proposals for qualifying projects and may, thereafter, enter into a comprehensive agreement with a private entity for the building, upgrading, operation, ownership, or financing of facilities.<sup>4</sup> Responsible public entities may establish a reasonable fee to accompany unsolicited proposals. The fee must be sufficient to pay the costs of evaluating the proposals.<sup>5</sup>

---

<sup>1</sup> See The Federal Highway Administration, United State Department of Transportation, Innovative Program Delivery website, available at: <http://www.fhwa.dot.gov/ipd/p3/defined/index.htm> (last visited on January 27, 2015).

<sup>2</sup> *Id.*

<sup>3</sup> Section 287.05712(4)(d), F.S.

<sup>4</sup> Section 287.05712(4), F.S.

<sup>5</sup> Section 287.05712(4)(a), F.S.

Unsolicited proposals from private entities must be accompanied by the following material and information, unless waived by the responsible public entity:<sup>6</sup>

- A description of the qualifying project, including the conceptual design of the facilities or a conceptual plan for the provision of services, and a schedule for the initiation and completion of the qualifying project.
- A description of the method by which the private entity proposes to secure any necessary property interests that are required for the qualifying project.
- A description of the private entity's general plans for financing the qualifying project, including the sources of the private entity's funds and identification of any dedicated revenue source or proposed debt or equity investment on behalf of the private entity.
- The name and address of the person who may be contacted for further information concerning the proposal.
- The proposed user fees, lease payments, or other service payments over the term of a comprehensive agreement, and the methodology and circumstances for changes to the user fees, lease payments, and other service payments over time.
- Any additional material or information the responsible public entity reasonably requests.

If the responsible public entity receives an unsolicited proposal and intends to enter into a P3 agreement for the qualifying project, the responsible public entity must publish a notice in the Florida Administrative Register (FAR) and a newspaper of general circulation at least once a week for two weeks stating the entity has received a proposal and will accept other proposals.<sup>7</sup> The responsible public entity must establish a timeframe in which to accept other proposals; however, the timeframe for allowing other proposals must be at least 21 days, but not more than 120 days after the initial date of publication.<sup>8</sup>

After the notification period has expired, the responsible public entity must rank the proposals received in order of preference.<sup>9</sup> If negotiations with the first ranked firm are unsuccessful, the responsible public entity may begin negotiations with the second ranked firm.<sup>10</sup> The responsible public entity may reject all proposals at any point in the process.<sup>11</sup>

The responsible public entity may charge a reasonable fee to cover the costs of processing, reviewing, and evaluating the requests, including, but not limited to, reasonable attorney fees and fees for financial and technical advisors or consultants and for other necessary advisors and consultants.<sup>12</sup>

The responsible public entity may approve a qualifying project if:<sup>13</sup>

- There is a public need for or benefit derived from the project that the private entity proposes as the qualifying project.
- The estimated cost of the qualifying project is reasonable in relation to similar facilities.
- The private entity's plans will result in the timely acquisition, design, construction, improvement, renovation, expansion, equipping, maintenance, or operation of the qualifying project.

#### Notice to Affected Local Jurisdictions

A responsible public entity must notify each affected local jurisdiction when considering a qualifying project by furnishing a copy of the proposal to each affected local jurisdiction.<sup>14</sup> The affected local jurisdictions may, within 60 days, submit written comments to the responsible public entity. The responsible public entity is required to consider the comments submitted by the affected local

jurisdiction. In addition, a responsible public entity must mail a copy of the notice that is published in the FAR to each local government in the affected area.<sup>15</sup>

## Agreements

### *Interim Agreement*

Before entering into a comprehensive agreement, the responsible public entity may enter into an interim agreement with the private entity, which does not obligate the responsible public entity to enter into a comprehensive agreement.<sup>16</sup> Interim agreements must be limited to provisions that:

- Authorize the private entity to commence activities for which it may be compensated related to the proposed qualifying project.
- Establish the process and timing of the negotiation of the comprehensive agreement.
- Contain any other provision related to any aspect of the development or operation of a qualifying project.

### *Comprehensive Agreement*

The responsible public entity and private entity must enter into a comprehensive agreement prior to developing or operating a qualifying project.<sup>17</sup> The comprehensive agreement must provide for:<sup>18</sup>

- Delivery of performance and payment bonds, letters of credit, and other security in connection with the development or operation of the qualifying project.
- Review of plans and specifications for the project by the public entity. This does not require the private entity to complete the design of the project prior to executing the comprehensive agreement.
- Inspection of the qualifying project by the responsible public entity.
- Maintenance of a policy or policies of public liability insurance.
- Monitoring the practices of the private entity to ensure the qualifying project is properly maintained.
- Filing of financial statements on a periodic basis.
- Policies and procedures governing the rights and responsibilities of the public and private entity in the event of a termination of the comprehensive agreement or a material default.
- User fees, lease payments, or service payments as may be established.
- Duties of the private entity, including terms and conditions that the responsible public entity determines serve the public purpose of the qualifying project.

The comprehensive agreement may include the following:<sup>19</sup>

- An agreement by the responsible public entity to make grants or loans to the private entity from amounts received from federal, state, or local government or any agency or instrumentality thereof.
- A provision under which each entity agrees to provide notice of default and cure rights for the benefit of the other entity.
- A provision that terminates the authority and duties of the private entity and dedicates the qualifying project to the responsible public entity.

## Fees

The comprehensive agreement may authorize the private entity to impose fees to the public for use of the facility.<sup>20</sup>

## Financing

---

<sup>15</sup> Section 287.05712(4)(b), F.S.

<sup>16</sup> Section 287.05712(8), F.S.

<sup>17</sup> Section 287.05712(9), F.S.

<sup>18</sup> Section 287.05712(9)(a), F.S.

<sup>19</sup> Section 287.05712(9)(b), F.S.

<sup>20</sup> Section 287.05712(10), F.S.

Section 287.05712(11), F.S., authorizes the use of multiple financing options for P3s. The options include the private entity obtaining private-source financing, the responsible public entity lending funds to the private entity, or the use of other innovative finance techniques associated with P3s.

#### Powers and Duties of the Private Entity

The private entity must develop, operate, and maintain the qualifying project in accordance with the comprehensive agreement.<sup>21</sup> The private entity must cooperate with the responsible public entity in making best efforts to establish interconnection between the qualifying project and other facilities and infrastructure. The private entity must comply with the terms of the comprehensive agreement and any other lease or contract.

#### Expiration or Termination of Agreements

Upon the expiration or termination of a comprehensive agreement, the responsible public entity may use revenues from the qualifying project to pay the current operation and maintenance costs of the qualifying project.<sup>22</sup> If the private entity materially defaults, the compensation that is otherwise due to the private entity is payable to satisfy all financial obligations to investors and lenders on the qualifying project in the same way that is provided in the comprehensive agreement or any other agreement involving the qualifying project, if the costs of operating and maintaining the project are paid in the normal course. The full faith and credit of the responsible public entity may not be pledged to secure the financing of the private entity.

#### Partnership for Public Facilities and Infrastructure Act Guidelines Task Force

Section 287.05712(3), F.S., creates the Partnership for Public Facilities and Infrastructure Act Guidelines Task Force (task force). The task force was created to recommend guidelines for the Legislature to consider for purposes of creating a uniform P3 process across the state.<sup>23</sup> The seven-member task force was comprised of the Secretary of the Department of Management Services (department) and six members appointed by the Governor who represented the county government, municipal government, district school board, and business community. The department provided administrative and technical support to the task force.

In July 2014, the task force completed its duties and submitted a final report of its recommendations.<sup>24</sup> The task force was terminated on December 31, 2014.<sup>25</sup>

#### **Effect of Proposed Changes**

This bill incorporates many of the recommendations contained in the task force report, which include best practice recommendations as well as recommendations relating to needed clarification of s. 287.05712, F.S., which may facilitate the implementation of P3s.

#### Responsible Public Entity Definition

The bill expands the definition of “responsible public entity” to include state universities,<sup>26</sup> and clarifies that it includes special districts, school districts rather than school boards, and Florida College System institutions.<sup>27</sup>

---

<sup>21</sup> Section 287.05712(12), F.S.

<sup>22</sup> Section 287.05712(13), F.S.

<sup>23</sup> Section 287.05712(3)(a), F.S.

<sup>24</sup> The task force report can be found online at:

[http://www.dms.myflorida.com/agency\\_administration/communications/partnership\\_for\\_public\\_facilities\\_infrastructure\\_act](http://www.dms.myflorida.com/agency_administration/communications/partnership_for_public_facilities_infrastructure_act) (last visited January 12, 2015).

<sup>25</sup> Section 287.05712(3)(f), F.S.

<sup>26</sup> Partnership for Public Facilities and Infrastructure Act Guidelines Task Force, *Final Report and Recommendations* (July 2014), at 16. The task force recommended adding state universities to the list of entities that are included in the definition of “responsible public entity.”

<sup>27</sup> *Id.* at 18. The task force recommended amending the definition of “responsible public entity” to reference school district, rather than board, as the district is the unit that provides public primary education. It also recommended clarifying that the definition includes both special districts and the Florida College System.

### Task Force

The bill deletes the task force provisions, as the task force was terminated on December 31, 2014.

### Application Fees

The bill provides that when a private entity submits an unsolicited proposal, the private entity must concurrently submit the initial application fee.<sup>28</sup> The application fee must be paid by cash, cashier's check, or other noncancelable instrument. The bill provides that if the initial fee, as determined by the responsible public entity, is not sufficient to cover the costs associated with evaluating the unsolicited proposal, the responsible public entity must request in writing the additional amount required. If the private entity fails to pay the additional amount requested within 30 days of the notice, the responsible public entity may stop reviewing the proposal. The bill requires the responsible public entity to return the application fee if the responsible public entity does not evaluate the unsolicited proposal.

### Solicitation Timeframes

The bill provides flexibility to the responsible public entity for accepting proposals if an alternative timeframe is approved by majority vote of the entity's governing body.<sup>29</sup> It also removes the provision that required a school board to obtain the approval of the local governing body.<sup>30</sup>

### Ownership by the Responsible Public Entity

The bill clarifies that the project will be owned by the responsible public entity upon expiration of the comprehensive agreement, rather than solely upon completion or termination of the agreement.<sup>31</sup>

### Unsolicited Proposal

The bill clarifies that any pricing or financial terms included in an unsolicited proposal must be specific as to when the pricing or terms expire.<sup>32</sup>

### Notice to Affected Local Jurisdictions

The bill deletes the requirement that a responsible public entity notify each affected local jurisdiction of an unsolicited proposal by furnishing a copy of the proposal to each affected local jurisdiction when considering it.<sup>33</sup> The responsible public entity must still provide each affected local jurisdiction a copy of the notice published in FAR concerning solicitations for a qualifying project.

### Financing

The bill clarifies that a financing agreement may not require the responsible public entity to secure financing by a mortgage on, or security interest in, the real or tangible personal property of the responsible public entity in a manner that could result in the loss of the fee ownership of the property by the responsible public entity.<sup>34</sup>

The bill also deletes a provision that provides for the responsible public entity to appropriate on a priority basis a contractual payment obligation from the government fund from which the qualifying project will be funded.<sup>35</sup> Current law raised concerns regarding infringement upon a responsible public entity's appropriation powers. Additionally, had the provision remained in current law, it is unclear how this provision would apply to state universities or Florida College System institutions.

---

<sup>28</sup> *Id.* at 9. The task force recommended amending the fee provisions to ensure that the fees were related to actual, reasonable costs associated with reviewing an unsolicited proposal and not revenue generation.

<sup>29</sup> *Id.* at 7. The task force discussed that increased flexibility may be necessary when dealing with complex proposals to ensure sufficient time is allowed for the receipt of competing proposals.

<sup>30</sup> *Id.* at 18. The task force recommended striking this provision because school boards are not subject to governance by a local governing body.

<sup>31</sup> *Id.* at 13.

<sup>32</sup> *Id.* at 7.

<sup>33</sup> *Id.* at 12. The report provided a discussion on the notice that is already provided to affected local jurisdictions through the permitting process and stated a mandatory P3 notice process could delay project timelines.

<sup>34</sup> *Id.* at 20.

<sup>35</sup> *Id.* at 14.

### Department of Management Services

The bill provides that the department may accept and maintain copies of comprehensive agreements received from responsible public entities for the purpose of sharing the comprehensive agreements with other responsible public entities.<sup>36</sup> Responsible public entities are not required to provide copies to the department; however, if a responsible public entity provides a copy, the responsible public entity must first redact any confidential or exempt information from the comprehensive agreement.

### Construction

The bill clarifies that the P3 process must be construed as cumulative and supplemental to any other authority or power vested in the governing body of a county, municipality, district, or municipal hospital or health care system. The bill provides that the P3 process is an alternative method that may be used, but that it does not limit a county, municipality, district, or other political subdivision of the state in the acquisition, design, or construction of a public project pursuant to other statutory or constitutional authority.<sup>37</sup>

### Miscellaneous

The bill transfers and renumbers s. 287.05712, F.S., as s. 255.065, F.S., because chapter 255, F.S., relates to procurement of construction services and P3s are primarily construction related projects.

The bill also makes other changes to provide for the consistent use of terminology and to provide clarity.

#### B. SECTION DIRECTORY:

Section 1. transfers, renumbers, and amends s. 287.05712, F.S., relating to public-private partnerships.

Section 2. provides an effective date of July 1, 2015.

## **II. FISCAL ANALYSIS & ECONOMIC IMPACT STATEMENT**

#### A. FISCAL IMPACT ON STATE GOVERNMENT:

##### 1. Revenues:

See Fiscal Comments.

##### 2. Expenditures:

See Fiscal Comments.

#### B. FISCAL IMPACT ON LOCAL GOVERNMENTS:

##### 1. Revenues:

See Fiscal Comments.

##### 2. Expenditures:

See Fiscal Comments.

#### C. DIRECT ECONOMIC IMPACT ON PRIVATE SECTOR:

The bill may provide for more opportunities for the private sector to enter into contracts for construction services with state universities and local governments.

---

<sup>36</sup> *Id.* at 11. The report recommended authorizing a state agency to provide assistance to responsible public entities concerning P3s.

<sup>37</sup> *Id.* at 19. The report discussed the need for flexibility in the creation of P3s and noted that clarification is needed to ensure that the process is considered supplemental and alternative to any other applicable statutory authority.

#### D. FISCAL COMMENTS:

The bill will have an insignificant negative fiscal impact on the Department of Management Services for the purpose of receiving comprehensive agreements and acting as a depository for such comprehensive agreements. According to the department, the costs should be absorbed within current resources.

The bill has an indeterminate fiscal impact on universities and local governments that enter into P3s. State and local government expenditures would be based on currently unidentified P3s.

### III. COMMENTS

#### A. CONSTITUTIONAL ISSUES:

##### 1. Applicability of Municipality/County Mandates Provision:

Not applicable. This bill does not appear to require counties or municipalities to spend funds or take action requiring the expenditure of funds; reduce the authority that counties or municipalities have to raise revenues in the aggregate; or reduce the percentage of state tax shared with counties or municipalities.

##### 2. Other:

None.

#### B. RULE-MAKING AUTHORITY:

None.

#### C. DRAFTING ISSUES OR OTHER COMMENTS:

None.

### IV. AMENDMENTS/ COMMITTEE SUBSTITUTE CHANGES

On February 4, 2014, the Government Operations Subcommittee heard a proposed committee substitute for House Bill 63 and reported the bill favorably with committee substitute.

The committee substitute:

- Transfers s. 287.05712, F.S., to chapter 255, F.S., which pertains to construction services;
- Clarifies that the P3 procurement process is supplemental and alternative authority to any other power vested in the county, municipality, special district, or other political subdivision of the state;
- Relocates the application fee provisions;
- Authorizes the Department of Management Services to accept and maintain copies of comprehensive agreements so that the department may share the comprehensive agreements with other responsible public entities;
- Removes from the bill the creation of a division within the Department of Economic Opportunity;
- Removes the provision in the bill that exempted the P3 process from the Consultants' Competitive Negotiation Act; and
- Repeals the task force, which was terminated on December 31, 2014.
