 35 to read:

36 381.00315 Public health advisories; public health  
 37 emergencies; isolation and quarantines.—The State Health Officer  
 38 is responsible for declaring public health emergencies, issuing  
 39 public health advisories, and ordering isolation or and  
 40 quarantines and issuing public health advisories.

41 (1) As used in this section, the term:

42 (a) "Isolation" means the separation of an individual who  
 43 is reasonably believed to be infected with a communicable  
 44 disease from individuals who are not infected, to prevent the  
 45 possible spread of the disease.

46 (b) (a) "Public health advisory" means any warning or  
 47 report giving information to the public about a potential public  
 48 health threat. Before ~~Prior to~~ issuing any public health  
 49 advisory, the State Health Officer must consult with any state  
 50 or local agency regarding areas of responsibility which may be  
 51 affected by such advisory. Upon determining that issuing a

55 area which is affected by the advisory of the State Health

68 emergency shall continue until the State Health Officer finds  
69 that the threat or danger has been dealt with to the extent that  
70 the emergency conditions no longer exist and he or she  
71 terminates the declaration. However, a declaration of a public  
72 health emergency may not continue for longer than 60 days unless  
73 the Governor concurs in the renewal of the declaration. The

108 inactive status when the public health emergency ends or before

111 no longer needed to provide services during the public health  
112 emergency. Such licenses may only be reactivated for a period  
113 not to exceed 90 days without meeting the requirements of s.  
114 456.036 or chapter 401, as applicable.

148 entities designated in the state emergency management plan  
149 required under s. 252.35(2)(a) for the purpose of participation
