**I. Summary:**

SB 1036 makes the following changes relating to automobile insurance:

- Allows the Florida Automobile Joint Underwriting Association (Auto JUA) to cancel personal or commercial lines policies issued by the plan for nonpayment of premium if a check is dishonored for any reason or any other form of payment is rejected or deemed invalid. The cancellation may only occur within the first 60 days of the policy or binder;
- Prohibits an insured of the Auto JUA from cancelling a policy or binder within the first 90 days of its effective date unless the insured vehicle is totally destroyed, ownership of the vehicle is transferred, or another policy is purchased covering the vehicle;
- Allows motor vehicle insurers to apply the unearned portion of premium to unpaid balances of other policies with the same insurer or insurer group instead of returning the premium via mail or electronic transfer.
- Exempts policies paid via a recurring credit card or debit card agreement with the insurer from the requirement that, prior to issuing or binding a motor vehicle insurance policy, the insured must pay at least 2 months' premium.
- Clarifies that the PIP deductible applies to expenses and losses covered under PIP benefits and coverage.
- Clarifies that when an insurer applies the PIP fee schedule, the amount of expenses and losses applicable to the deductible will be limited to 100 percent of the reimbursement under the fee schedule.
- Allows insurers to opt out of the preinsurance inspection requirements of the section for private passenger motor vehicles. An insurer that opts out of the statutory preinsurance inspection process must file a manual rule notifying the OIR that it is doing so, and may establish its own preinsurance inspection program.

The effective date is July 1, 2016.

## II. Present Situation:

### **Cancellation of Florida Automobile Joint Underwriting Association Policies**

Insurers<sup>1</sup> that offer motor vehicle insurance in the state must participate in the Auto JUA.<sup>2</sup> The Auto JUA exists to provide motor vehicle insurance to individuals who cannot obtain such coverage in the voluntary insurance market. The Auto JUA distributes this risk among its members. It is subject to various limitations regarding issuance and cancellation of coverage, and provision of premium credits/discounts to protect its solvency, the coverage of its insureds, and to avoid Auto JUA policies being competitive with the voluntary market.

Motor vehicle insurers, including the Auto JUA, are limited regarding the cancellation of insurance policies.<sup>3</sup> An insurer may not cancel a policy within 60 days of the effective date of the policy, except for non-payment of premium.<sup>4</sup>

### **Return of Unearned Premium upon Cancellation of Motor Vehicle Insurance**

Section 627.7283, F.S., requires insurers to mail or electronically transfer the unearned portion of any premium paid on a motor vehicle insurance policy. If the insured cancels the policy, the insurer must return the unearned premium within 30 days upon the later of the policy cancellation or the receipt of notice of policy cancellation. If the insurer cancels the policy, the unearned premium must be returned within 15 days of the effective date of the policy cancellation.

### **Requirement to Initially Pay 2 Months' Premium before Issuance of Private Passenger Motor Vehicle Insurance**

Before a policy of private passenger motor vehicle insurance may be initially issued or bound, s. 627.7295(7), F.S., requires the insurer or insurance agent to collect 2 months' premium from the insured before the effective date of the policy. This requirement does not apply:

- To policy renewals or replacement policies issued by the same insurer group;
- To an insurer that issues private passenger motor vehicle insurance policies primarily to active duty or former personnel or their dependents;
- If all policy payments are paid pursuant to a payroll deduction plan or an automatic electronic funds transfer payment from the policyholder;
- If all policy payments are paid pursuant to an automatic electronic funds transfer payment plan from an agent, a managing general agent, or a premium finance company if the policy includes Personal Injury Protection (PIP) insurance, property damage liability coverage of at least \$10,000, and bodily injury liability coverage of at least \$10,000 per person and \$20,000 per accident; or
- If the insured had a policy in effect for at least 6 months, the insured's agent is terminated by the insurer that issued the policy; and the insured obtains coverage on the policy's renewal date with a new company through the terminated agent.

## Personal Injury Protection Insurance – Billings for Medical Services

Florida’s Motor Vehicle No-Fault Law (the “No-Fault Law”)<sup>5</sup> requires motorists to carry personal injury protection (PIP) coverage. Personal injury protection coverage provides \$10,000 in medical and disability benefits and a \$5,000 death benefit.<sup>6</sup> Medical benefits are limited to \$2,500 if the injured person is determined to not have an emergency medical condition.<sup>7</sup> The purpose of the No-Fault Law is to provide for medical, surgical, funeral, and disability insurance benefits without regard to fault. In return for assuring payment of these benefits, the No-Fault Law provides limitations on the right to bring lawsuits arising from motor vehicle accidents.<sup>8</sup>

Section 627.736(5)(d), F.S., requires all statements and bills for medical services reimbursable by PIP to be submitted according to specified criteria. The billings must be on properly completed Centers for Medicare and Medicaid Services (CMS) 1500 forms, UB 92 forms, or any other standard form approved by the OIR or adopted by the Financial Services Commission. Billings must, to the extent applicable, follow the Physicians’ Current Procedural Terminology (CPT)<sup>9</sup> or Healthcare Correct Procedural Coding System (HCPCS)<sup>10</sup> or the International Classification of Diseases<sup>11</sup> (ICD-9). Though the No-Fault Law requires use of the ICD-9, the current updated version is the ICD-10.<sup>12</sup>

## Personal Injury Protection Deductibles

Florida law requires insurers to offer PIP deductibles in amounts of \$250, \$500, and \$1,000 under s. 627.739(2), F.S. The deductible amount must be applied to 100 percent of the expenses and losses described in s. 627.736, F.S., which sets forth PIP benefits. After the deductible is met, the insured is eligible to receive up to \$10,000 in PIP benefits.

## Preinsurance Inspection of Private Passenger Motor Vehicles

Section 627.744, F.S., requires insurers to perform preinsurance inspections of private passenger motor vehicles. It also provides various exemptions from the required preinsurance inspection, including for new, unused motor vehicles “purchased” from a licensed motor vehicle dealer or leasing company when the insurer is provided with the bill of sale, buyer’s order, or copy of the title and certain other documentation.

Despite the exemptions, an insurer may require a preinsurance inspection of any motor vehicle as a condition of issuance of physical damage coverage. Physical damage coverage may not be suspended during the policy period due to the applicant's failure to provide the required documents. However, claim payments are conditioned upon and are not payable until the required documents are received by the insurer. Applicants for insurance may be required to pay the cost of the preinsurance inspection, not to exceed \$5.

### **III. Effect of Proposed Changes:**

#### **Florida Automobile Joint Underwriting Association Policies – Cancellation for Non-Payment of Premium**

**Section 1** amends s. 627.311(3), F.S., to allow the Florida Automobile Joint Underwriting Association to cancel personal or commercial lines policies issued by the plan for nonpayment of premium if a check is dishonored for any reason or any other form of payment is rejected or deemed invalid. The cancellation may only occur within the first 60 days of the policy or binder. The bill prohibits the insured of the Association from cancelling a policy or binder within the first 90 days of its effective date except if the insured motor vehicle is totally destroyed, ownership of the vehicle is transferred, or after the purchase of another policy or binder covering the motor vehicle.

#### **Motor Vehicle Insurance – Return of Unearned Premium upon Cancellation**

**Section 2** amends s. 627.7283, F.S., which sets the requirements for insurers to return unearned premium to policyholders when insurance policies are cancelled by the insured or insurer. The bill allows motor vehicle insurers to apply the unearned portion of premium to unpaid balances of other policies with the same insurer or insurer group instead of returning the premium via mail or electronic transfer.

#### **Motor Vehicle Insurance – Exemption from Requirement to Initially Pay 2 Months' Premium**

**Section 3** amends s. 627.7295(7), F.S., to exempt policies paid via a recurring credit card or debit card agreement with the insurer from the requirement that, prior to issuing or binding a motor vehicle insurance policy, the insured must pay at least 2 months' premium.

#### **Personal Injury Protection Billings for Medical Services**

**Section 4** amends s. 627.736(5)(d), F.S., to clarify that billings under the Motor Vehicle No-Fault law must follow the Physicians Current Procedural Terminology (CPT), the Healthcare Common Procedure Coding System in effect for the year in which services are rendered, and the International Classification of Diseases (ICD) adopted by the United States Department of Health and Human Services for the year in which services are rendered. Compliance with all three standardizes PIP billings and facilitates the timely adjustment and payment of benefits. The bill will require compliance with the current version of the ICD, the ICD-10.

### **Application of Personal Injury Protection Deductibles**

**Section 5** amends s. 627.739(2), F.S., to clarify that the PIP deductible applies to expenses and losses covered under PIP benefits and coverage. The bill also clarifies that when an insurer applies the PIP fee schedule, the amount of expenses and losses applicable to the deductible will be limited to 100 percent of the reimbursement under the fee schedule.

### **Insurer Opt-out of Statutory Preinsurance Inspection**

**Section 6** amends s. 627.744, F.S., to allow insurers to opt out of the preinsurance inspection requirements of the section for private passenger motor vehicles. An insurer that opts out of the statutory preinsurance inspection process must file a manual rule notifying the OIR that it is doing so, and may establish its own preinsurance inspection program.
