The bill reduces sales and use tax revenue by \$119.6 million in Fiscal Year 2016-2017 and \$287.0 million on a recurring basis.<sup>1</sup> It decreases General Revenue and local revenue by \$254.1 million and \$32.9 million, respectively, on a recurring basis. In Fiscal Year 2016-2017, the bill reduces General Revenue by \$105.9 million and local revenue by \$13.7 million.

The bill provides for an effective date of January 1, 2017.

**II. Present Situation:**

The Florida Sales and Use Tax is a six percent levy on retail sales of most tangible personal property, admissions, transient lodgings, commercial rentals, and motor vehicles.<sup>2</sup> Since enactment in 1949, Florida's sales tax rate has been modified several times. In 1968, the Legislature increased rates on most items from three percent to four percent. In 1982, rates were increased from four percent to five percent. Legislation passed during the 1987 Regular Session extended the tax to sales of many services.<sup>3</sup> During Special Session D in December 1987, the Legislature repealed the recently-enacted service tax and increased the general sales tax rate from five percent to six percent, the current tax rate.<sup>4</sup>

### V. Fiscal Impact Statement:

#### A. Tax/Fee Issues:

#### B. Private Sector Impact:

Landlords and tenants will benefit from a reduction in the tax on commercial rentals.
