Senator Garcia moved the following:

Senate Amendment

Delete lines 784 - 789

and insert:

that includes the managing entity and is open to participation from individuals with behavioral health needs, their families, providers, law enforcement, and other parties. The county or counties, in collaboration with the managing entity, shall document the designated receiving system through memorandum of agreement or other binding arrangements. The county or counties and the managing entity shall approve the

776344

12 designated receiving system by October 31, 2017, and the county
13 or counties shall review, update as necessary, and reapprove the
14 designated receiving system at least once every three years. The
15 designated receiving system shall function as a no-wrong-door
16 model and may be organized in any manner which functions as a
17 no-wrong-door model that responds to individual needs and
18 integrates services among various providers. Such models include
19 but are not limited to:
