443 of a development, or any phase thereof, of less than 5 years is
444 not subject to the public hearing requirements of subparagraph
445 (f)3., and is not subject to a determination pursuant to
446 subparagraph (f)5. Notice of the proposed change shall be made
447 to the regional planning council and the state land planning
448 agency. Such notice must include a description of previous
449 individual changes made to the development, including changes
450 previously approved by the local government, and must include
451 appropriate amendments to the development order.

452 2. The following changes, individually or cumulatively
453 with any previous changes, are not substantial deviations:

454 a. Changes in the name of the project, developer, owner,
455 or monitoring official.

456 b. Changes to a setback which do not affect noise buffers,
457 environmental protection or mitigation areas, or archaeological
458 or historical resources.

459 c. Changes to minimum lot sizes.

460 d. Changes in the configuration of internal roads which do
461 not affect external access points.

462 e. Changes to the building design or orientation which
463 stay approximately within the approved area designated for such
464 building and parking lot, and which do not affect historical
465 buildings designated as significant by the Division of
466 Historical Resources of the Department of State.

467 f. Changes to increase the acreage in the development, if
468 no development is proposed on the acreage to be added.

469 g. Changes to eliminate an approved land use, if there are
470 no additional regional impacts.

471 h. Changes required to conform to permits approved by any
472 federal, state, or regional permitting agency, if these changes
473 do not create additional regional impacts.

474 i. Any renovation or redevelopment of development within a
475 previously approved development of regional impact which does
476 not change land use or increase density or intensity of use.

477 j. Changes that modify boundaries and configuration of
478 areas described in subparagraph (b)11. due to science-based
479 refinement of such areas by survey, by habitat evaluation, by
480 other recognized assessment methodology, or by an environmental
481 assessment. In order for changes to qualify under this sub-
482 subparagraph, the survey, habitat evaluation, or assessment must
483 occur before the time that a conservation easement protecting
484 such lands is recorded and must not result in any net decrease
485 in the total acreage of the lands specifically set aside for
486 permanent preservation in the final development order.

487 k. Changes that do not increase the number of external
488 peak hour trips and do not reduce open space and conserved areas
489 within the project except as otherwise permitted by sub-
490 subparagraph j.

491 l. A phase date extension, if the state land planning
492 agency, in consultation with the regional planning council and
493 subject to the written concurrence of the Department of
494 Transportation, agrees that the traffic impact is not

495 significant and adverse under applicable state agency rules.

496 m.1. Any other change that the state land planning agency,
497 in consultation with the regional planning council, agrees in
498 writing is similar in nature, impact, or character to the
499 changes enumerated in sub-subparagraphs a.-l. ~~a.-k.~~ and that
500 does not create the likelihood of any additional regional
501 impact.

502

503 This subsection does not require the filing of a notice of
504 proposed change but requires an application to the local
505 government to amend the development order in accordance with the
506 local government's procedures for amendment of a development
507 order. In accordance with the local government's procedures,
508 including requirements for notice to the applicant and the
509 public, the local government shall either deny the application
510 for amendment or adopt an amendment to the development order
511 which approves the application with or without conditions.
512 Following adoption, the local government shall render to the
513 state land planning agency the amendment to the development
514 order. The state land planning agency may appeal, pursuant to s.
515 380.07(3), the amendment to the development order if the
516 amendment involves sub-subparagraph g., sub-subparagraph h.,
517 sub-subparagraph j., sub-subparagraph k., or sub-subparagraph
518 m.1. and if the agency believes that the change creates a
519 reasonable likelihood of new or additional regional impacts.

521 2.f., any addition of land not previously reviewed or any change
522 not specified in paragraph (b) or paragraph (c) shall be
523 presumed to create a substantial deviation. This presumption may
524 be rebutted by clear and convincing evidence.

525 4. Any submittal of a proposed change to a previously
526 approved development must include a description of individual
527 changes previously made to the development, including changes
528 previously approved by the local government. The local
529 government shall consider the previous and current proposed
530 changes in deciding whether such changes cumulatively constitute
531 a substantial deviation requiring further development-of-
532 regional-impact review.

533 5. The following changes to an approved development of
534 regional impact shall be presumed to create a substantial
535 deviation. Such presumption may be rebutted by clear and
536 convincing evidence:—

537 a. A change proposed for 15 percent or more of the acreage
538 to a land use not previously approved in the development order.
539 Changes of less than 15 percent shall be presumed not to create
540 a substantial deviation.

541 b. Notwithstanding any provision of paragraph (b) to the
542 contrary, a proposed change consisting of simultaneous increases
543 and decreases of at least two of the uses within an authorized
544 multiuse development of regional impact which was originally
545 approved with three or more uses specified in s. 380.0651(3)(c)
546 and (d) and residential use.

547 6. If a local government agrees to a proposed change, a
548 change in the transportation proportionate share calculation and
549 mitigation plan in an adopted development order as a result of
550 recalculation of the proportionate share contribution meeting
551 the requirements of s. 163.3180(5)(h) in effect as of the date
552 of such change shall be presumed not to create a substantial
553 deviation. For purposes of this subsection, the proposed change
554 in the proportionate share calculation or mitigation plan may
555 not be considered an additional regional transportation impact.

556 (30) ~~NEW~~ PROPOSED DEVELOPMENTS.—A ~~new~~ proposed development
557 otherwise subject to the review requirements of this section
558 shall be approved by a local government pursuant to s.
559 163.3184(4) in lieu of proceeding in accordance with this
560 section. However, if the proposed development is consistent with
561 the comprehensive plan as provided in s. 163.3194(3)(b), the
562 development is not required to undergo review pursuant to s.
563 163.3184(4) or this section. This subsection does not apply to
564 amendments to a development order governing an existing
565 development of regional impact.

566 Section 8. Paragraph (c) of subsection (4) of section
567 380.0651, Florida Statutes, is amended to read:

568 380.0651 Statewide guidelines and standards.—

569 (4) Two or more developments, represented by their owners
570 or developers to be separate developments, shall be aggregated
571 and treated as a single development under this chapter when they
572 are determined to be part of a unified plan of development and

574 (c) Aggregation is not applicable when the following
575 circumstances and provisions of this chapter apply ~~are~~
576 ~~applicable~~:

577 1. Developments that ~~which~~ are otherwise subject to
578 aggregation with a development of regional impact which has
579 received approval through the issuance of a final development
580 order may ~~shall~~ not be aggregated with the approved development
581 of regional impact. However, ~~nothing contained in this~~
582 subparagraph does not ~~shall~~ preclude the state land planning
583 agency from evaluating an allegedly separate development as a
584 substantial deviation pursuant to s. 380.06(19) or as an
585 independent development of regional impact.

586 2. Two or more developments, each of which is
587 independently a development of regional impact that has or will
588 obtain a development order pursuant to s. 380.06.

589 3. Completion of any development that has been vested
590 pursuant to s. 380.05 or s. 380.06, including vested rights
591 arising out of agreements entered into with the state land
592 planning agency for purposes of resolving vested rights issues.
593 Development-of-regional-impact review of additions to vested
594 developments of regional impact shall not include review of the
595 impacts resulting from the vested portions of the development.

596 4. The developments sought to be aggregated were
597 authorized to commence development before ~~prior to~~ September 1,
598 1988, and could not have been required to be aggregated under

600 5. Any development that qualifies for an exemption under
601 s. 380.06(29).

602 6. Newly acquired lands intended for development in
603 coordination with a developed and existing development of
604 regional impact are not subject to aggregation if the newly
605 acquired lands comprise an area that is equal to or less than 10
606 percent of the total acreage subject to an existing development-
607 of-regional-impact development order.

608 Section 9. Subsection (1) of section 380.115, Florida
609 Statutes, is amended to read:

610 380.115 Vested rights and duties; effect of size
611 reduction, changes in guidelines and standards.—

612 (1) A change in a development-of-regional-impact guideline
613 and standard does not abridge or modify any vested or other
614 right or any duty or obligation pursuant to any development
615 order or agreement that is applicable to a development of
616 regional impact. A development that has received a development-
617 of-regional-impact development order pursuant to s. 380.06~~7~~ but
618 is no longer required to undergo development-of-regional-impact
619 review by operation of a change in the guidelines and standards,
620 a development that ~~or~~ has reduced its size below the thresholds

626 development-of-regional-impact development order and may be
627 completed in reliance upon and pursuant to the development order
628 unless the developer or landowner has followed the procedures
629 for rescission in paragraph (b). Any proposed changes to ~~those~~
630 developments which continue to be governed by a development
631 order must ~~shall~~ be approved pursuant to s. 380.06(19) as it

636 development order may be enforced by the local government as
637 provided in ~~by~~ ss. 380.06(17) and 380.11.

638 (b) If requested by the developer or landowner, the
639 development-of-regional-impact development order shall be
