Senator Evers moved the following:

**Senate Amendment (with title amendment)**

Delete line 52

and insert:

(e) A dispensing organization as defined in s. 381.986 must test cannabis before it is sold or distributed to an eligible patient or the eligible patient's legal representative. Testing of the cannabis must be performed by an independent testing laboratory. For purposes of this paragraph, the term "independent testing laboratory" means a laboratory, including

11 the managers, employees, or contractors of the laboratory, which  
12 has no direct or indirect interest in a dispensing organization  
13 and which is accredited by the American Association for  
14 Laboratory Accreditation to test cannabis and is registered with  
15 the Department of Health. Results must be verified and signed by  
16 two dispensing organization employees. Before dispensing the  
17 cannabis, the dispensing organization must determine that the  
18 test results indicate that it is safe for human consumption and  
19 free from contaminants that are unsafe for human consumption.  
20 The independent testing laboratory must also test the cannabis  
21 for microbials, mold, pesticides, fertilizers, harmful  
22 chemicals, and toxins and the dispensing organization must make  
23 a determination that test results indicate that any presence of  
24 such substances in the cannabis is safe for human consumption  
25 before dispensing the cannabis.
