Senator Evers moved the following:

Senate Amendment (with title amendment)

Between lines 51 and 52

insert:

(e) A dispensing organization as defined in s. 381.986 must test cannabis before it is sold or distributed to an eligible patient or the eligible patient's legal representative. Testing of the cannabis must be performed by an independent testing laboratory. For purposes of this paragraph, the term "independent testing laboratory" means a laboratory, including the managers, employees, or contractors of the laboratory, which

223526

12 has no direct or indirect interest in a dispensing organization.
13 Results must be verified and signed by two dispensing
14 organization employees. Before dispensing the cannabis, the
15 dispensing organization must determine that the test results
16 indicate that it is safe for human consumption and free from
17 contaminants that are unsafe for human consumption. The
18 independent testing laboratory must also test the cannabis for
19 microbials, mold, pesticides, fertilizers, harmful chemicals,
20 and toxins and the dispensing organization must make a
21 determination that test results indicate that any presence of
22 such substances in the cannabis is safe for human consumption
23 before dispensing the cannabis.

25 ===== T I T L E A M E N D M E N T =====

26 And the title is amended as follows:

27 Delete line 12

28 and insert:

29 requiring a dispensing organization to test cannabis
30 through an independent testing laboratory before it is
31 sold or distributed; defining the term "independent
32 testing laboratory"; providing applicability;
33 providing an effective date.
