BILL: SB 520

INTRODUCER: Senator Lee

SUBJECT: Florida Bright Futures Scholarship Program

DATE: November 16, 2015 REVISED: _____

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION

I. Summary:

SB 520 modifies the permissible activities in which a student can participate in to meet the service work requirements for Florida Bright Futures Scholarship Program awards, allows an eligible student to defer the award while participating in a full-time religious or service obligation, and repeals the higher SAT or ACT score requirement for home education students.

Specifically the bill:

- Modifies student community service requirements for Florida Bright Futures Scholarship Program awards by clarifying that community service work means volunteer service work;
- Expands the permissible activities in which the student can participate in to meet the volunteer service work requirement to include civic or professional areas, and places parameters on such activities;
- Allows a student who is eligible for a Florida Bright Futures Scholarship award, but unable to accept the award immediately following high school graduation due to a full-time religious or service obligation lasting at least 18 months, to defer the 2-year initial award period and the 5-year renewal period until the student completes the religious or service obligation; and
- Repeals the higher SAT or ACT score required for a student in a home education program whose parent cannot document college-preparatory curriculum to be eligible for the Florida Medallion Scholars award.

During the 2015-A Special Session, the Legislature adopted provisions similar to the Bright Futures Scholarship Program volunteer service provisions of SB 520 in the 2015-2016 General Appropriations Act (GAA) implementing bill for only the 2015-2016 fiscal year; therefore, the policy will expire on July 1, 2016, and the text of affected sections of law will revert back to text in existence on June 30, 2015, unless the Legislature acts to codify policy provisions beyond the 2015-2016 fiscal year. SB 520 saves the volunteer service provisions from repeal by reenacting modified provisions and providing an effective date of July 1, 2016.

II. Present Situation:

Florida Bright Futures Scholarship Program

The Florida Bright Futures Scholarship Program (program) is a lottery-funded scholarship program to reward a Florida high school graduate who merits recognition for high academic achievement and who enrolls in a degree program, certificate program, or applied technology program at an eligible public or private postsecondary institution in Florida after graduating from high school.¹ The Department of Education (DOE) administers the program in accordance with rules and procedures adopted by the State Board of Education.²

The program consists of three types of awards:³

- Florida Academic Scholars (FAS);⁴
- Florida Medallion Scholars (FMS);⁵ and
- Florida Gold Seal Vocational Scholars (FGSV).⁶

Service Work Requirements

To be eligible for a scholarship award, students must complete service hours during high school and by high school graduation.⁷ To fulfill the community service work requirements, students graduating in the 2011-2012 academic year, and thereafter, must complete community service work, identify a social problem of interest, develop a plan for personal involvement in addressing the problem, and reflect on such experience through papers or presentations.⁸ The number of community service work hours required differ among the three programs. For FAS, students must perform a minimum of 100 hours of community service work, FMS students must perform a minimum of 75 hours of community service work,⁹ and FGSV students must perform a minimum of 30 hours of community service work.¹⁰ The community service work must be approved by the district school board, the administrators of a nonpublic school, or the DOE for home education program students.¹¹

¹ Sections 1009.53(1) and 1009.531(2)(a)-(c), F.S., specify that a student graduating from high school prior to the 2010-2011 academic year is eligible to accept an initial award for 3 years following high school graduation and to accept a renewal award for 7 years following high school graduation. Each student graduating in the 2010-2011 and 2011-2012 academic school years is eligible to accept an initial award for 3 years following high school graduation and to accept a renewal award for 5 years following high school graduation. In the 2012-2013 academic school year, and thereafter, a student graduating from high school is able to accept an initial award for 2 years following high school and to accept a renewal award for 5 years following high school graduation.

¹¹ *Supra* note 12.

For the 2015-2016 fiscal year,¹² the General Appropriations Act implementing bill expanded opportunities for a student to fulfill the community service work requirements by completing a program of volunteer service work.¹³

Specifically, the program of volunteer service work:

- Requires approval by the district school board, the administrators of a nonpublic school, or the DOE for home education program students;
- Requires the student to identify a social or civic issue or a professional area of interest;
- Requires the student to develop a plan for personal involvement in addressing the issue or learning about the professional area, as well as evaluating and reflecting on such experience through papers or presentations;
- Prohibits a student from receiving compensation or academic credit for the volunteer service work, except for credit earned through service-learning courses;¹⁴
- Requires the volunteer service hours to be documented in writing and signed by the student, the student's parent or guardian, and a representative of the organization where the student volunteered; and
- Authorizes volunteer service work to include, but not be limited to:
 - Internship with a business or government entity;
 - Work for a nonprofit community service organization; or
 - Activity on behalf of a candidate for public office.

The program of volunteer service work expires on July 1, 2016.

Student Eligibility Requirements

Currently, a student who graduates from high school having met the requirements of a Florida Bright Futures Scholarship award is eligible to accept:

- An initial award for a period of 2 years;¹⁵ and
- A renewal award for 5 years after graduating from high school.¹⁶

A student who enlists in the United States Armed Forces immediately after high school graduation can defer the 2-year eligibility period for initial award and 5-year renewal period of the award until the student separates from active duty.¹⁷ Also, for a student who receives the scholarship award but discontinues his or her education to enlist in the United States Armed Forces, the remainder of his or her 5-year renewal period commences upon the date of separation from active duty.¹⁸

To be eligible to receive a program award, students must meet the general eligibility criteria¹⁹ and specific academic and community service work requirements.²⁰ The FAS and FMS require certain SAT or ACT scores, depending on the academic year. For the 2013-2014 academic year and on, a student must earn a SAT score of 1290 or ACT score of 29 for the FAS, and a SAT score of 1170 or ACT score of 26 for the FMS. However, for the FMS, a student in a home education program whose parent cannot document a college-preparatory curriculum must earn a SAT score of 1220 or ACT score of 27 to be eligible.²¹

III. Effect of Proposed Changes:

SB 520 modifies the permissible activities in which a student can participate in to meet the service work requirements for Florida Bright Futures Scholarship Program awards, allows an eligible student to defer the award while participating in a full-time religious or service obligation, and repeals the requirement of higher SAT or ACT scores for home education students.

Service Work Requirements

SB 520 saves the volunteer service provisions from repeal by reenacting modified provisions and providing an effective date of July 1, 2016.

Specifically, the bill:

- Codifies the substance of the program of volunteer service work beyond the 2015-2016 fiscal year;²²
- Clarifies that “community” service work means “volunteer” service work; and
- Modifies service requirements affecting student eligibility for the Florida Academic Scholars (FAS), Florida Medallion Scholars (FMS), and Florida Gold Seal Vocational Scholars awards.

Student Eligibility Requirements

The bill modifies the student eligibility requirements for initial award of the Florida Bright Futures Scholarship. The bill allows a student who is eligible for a Florida Bright Futures Scholarship award, but unable to accept the award immediately following high school graduation due to a full-time religious or service obligation lasting at least 18 months, to defer the 2-year initial award period and the 5-year renewal period until the student completes the religious or service obligation.

For the student to be eligible for the deferment, the religious or service obligation sponsoring organization must meet the requirements for nonprofit status under s. 501(c)(3) of the Internal Revenue Code or be a federal government service organization, such as the Peace Corps and AmeriCorps programs. The sponsoring organization must document, in writing, and verify the

student's religious obligation or service work on a standardized form prescribed by the Department of Education.

In effect, students that would otherwise forfeit a scholarship due to participation in a religious or service obligation may retain eligibility, similar to the flexibility currently granted to students who enlist in the United States Armed Forces.

General Eligibility Requirements

Additionally, the bill repeals the higher SAT or ACT score required for a student in a home education program whose parent cannot document college-preparatory curriculum to be eligible for the Florida Medallion Scholars award. Under the proposed legislation, a home education program student would be required to meet the same test score requirements as other high school students.

The bill repeals obsolete requirements for certain SAT and ACT scores for the FAS and FMS for past academic years.

During the 2015-A Special Session, the Legislature adopted provisions similar to the Bright Futures Scholarship Program volunteer service provisions of SB 520 in the 2015-2016 General Appropriations Act (GAA) implementing bill for only the 2015-2016 fiscal year; therefore, the policy will expire on July 1, 2016, and the text of affected sections of law will revert back to text in existence on June 30, 2015, unless the Legislature acts to codify policy provisions beyond the 2015-2016 fiscal year.

The bill takes effect on July 1, 2016.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

Under the bill, more students may remain eligible for the Florida Bright Futures Scholarship Program award due to the religious or service obligation deferment option. The bill may encourage more students to participate in religious or service activities immediately after high school graduation because they can remain eligible for a Bright Futures Scholarship Program award.²³

In addition, more students participating in a home education program may be eligible for the Florida Medallion Scholars award due to the repeal of the higher SAT or ACT score requirements.²⁴

In the 2014-2015 fiscal year, the average Florida Bright Futures Scholarship award was \$1,977.09.²⁵

C. Government Sector Impact:

Approximately 80 percent of students initially eligible for a Florida Bright Futures Scholarship award enroll in a Florida postsecondary institution and are receiving funding.²⁶ The number of students who don't accept an award immediately after high school graduation, who could potentially benefit from the award deferment authorized in the bill is not known, but should be nominal.

The fiscal impact of repealing the provision of higher score requirements for certain students in home education programs could cost between \$100,000 and \$300,000 in recurring expenditures to the Lottery Fund due to more students qualifying for the Florida Medallion Scholars.²⁷

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 1009.531, 1009.534, 1009.535, and 1009.536.
