

The Florida Senate
BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Environmental Preservation and Conservation

BILL: CS/SB 570

INTRODUCER: Environmental Preservation and Conservation Committee and Senator Dean

SUBJECT: State Park Entrance Fee Holiday

DATE: November 19, 2015 REVISED: _____

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Istler	Rogers	EP	Fav/CS
2.			AGG	
3.			AP	

Please see Section IX. for Additional Information:
COMMITTEE SUBSTITUTE - Technical Changes

I. Summary:

CS/SB 570 creates a state park entrance fee holiday in order to encourage the use and enjoyment of Florida’s state parks. The bill prohibits the Department of Environmental Protection from charging day use entrance fees for a 12-month period at all state parks, except at the Skyway Fishing Pier State Park, the Ellie Schiller Homosassa Springs Wildlife State Park, and the Weeki Wachee Springs State Park.

II. Present Situation:

Florida’s state park system was created in 1935 when the Legislature enacted a series of laws authorizing the Florida Board of Forestry to establish a Florida Park Service and to develop and maintain a system of state parks.¹ Today, the Division of Recreation and Parks (division) within the Department of Environmental Protection (DEP) has the duty to supervise, administer, regulate, and control the operation of all public parks owned by the state,² which includes 163 state parks and 11 state trails and spans over nearly 800,000 acres, 100 miles of beaches, and more than 1,500 miles of multi-use trails.³

³ DEP, Division of Recreation and Parks, *Program at a Glance*, <http://www.dep.state.fl.us/mainpage/programs/parks.htm> (last visited Nov. 12, 2015).

The National Recreation and Park Association annually honors state park systems that demonstrate excellence in long-range planning and resource management, and, in 2013, Florida became the first three-time National Recreation and Park Association Gold Medal award winner.⁴ It is the policy of the division to promote the state park system for the use, enjoyment, and benefit of the people and visitors of Florida.⁵ The total attendance for the 2014-2015 fiscal year was 31,108,245 visitors, which is an increase from 27.1 million visitors for the previous fiscal year.⁶

Section 258.014, F.S., authorizes the division to charge reasonable fees, rentals, or charges for the use or operation of facilities and concessions in state parks. All such fees, rentals, and charges collected must be credited to the State Park Trust Fund. The continuing balance of the trust fund is to be used for the administration, improvement, and maintenance of state parks and for the acquisition and development of lands acquired for state park purposes.⁷

The director of the division is authorized to recommend standard admission and other park fees. Admission fees can range from \$1.00-\$13.00 based upon factors such as user demand, the location of the park, the cost of managing and operating the park, the type of facilities available, the season, and the natural and historic resource values of the park.⁸ The total revenue generated from the state parks for the 2014-2015 fiscal year was \$64,212,331,⁹ of that total approximately \$23.7 million was generated from state park entrance fees.¹⁰

Each state park has a unit management plan based on statewide resource management goals and recreational needs which is updated every ten years.¹¹ To ensure that opportunities for quality outdoor recreation experiences are provided while preserving the unique natural areas of the state, the division has established carrying capacity guidelines.¹² The established optimum carrying capacity is included in each park unit management plan.¹³ The division is authorized to close any park or section of a park to the public at any time or for any interval of time, including when carrying capacities are reached, to provide visitor and employee safety, resource protection, operational efficiency, and facility maintenance.¹⁴ Additionally, authorized law enforcement officers and park personnel are required to direct traffic in parks and on roads adjacent to parks as conditions warrant.¹⁵

III. Effect of Proposed Changes:

CS/SB 570 creates a state park entrance fee holiday of one year. The bill prohibits the DEP from charging day use entrance fees at state parks for a 12-month period beginning July 1, 2016. The bill requires the division to ensure that each state park closes once it carrying capacity, as set forth in its unit management plan, is reached.

The bill clarifies that the state park entrance fee holiday does not apply to fees for the use of facilities, campgrounds, or equipment or fees for concessions, entertainment, or guided tours at any state park.

The bill exempts the Skyway Fishing Pier State Park, the Ellie Schiller Homosassa Springs Wildlife State Park, and the Weeki Wachee Springs State Park.

The bill takes effect July 1, 2016.

IV. Constitutional Issues:**A. Municipality/County Mandates Restrictions:**

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

V. Fiscal Impact Statement:**A. Tax/Fee Issues:**

None.

B. Private Sector Impact:

If the fee holiday results in increased visitation at state parks, privately owned concession and rental operations would potentially see an increase in business which would have a positive fiscal impact on the private sector.

C. Government Sector Impact:

Prohibiting the division from charging day use entrance fees will have a negative impact on state park revenues. The DEP estimates a negative impact of \$22.8 million in the 2016-2017 fiscal year due to the fee holiday. Additionally, individuals who have purchased annual entrance passes may request refunds for any period that falls within the fee holiday resulting in a negative impact to state park revenues. The Revenue Estimating

Conference has not yet met on this issue; therefore, the exact amount of the impact is indeterminate at this time.

The fee holiday may increase visitation which potentially will increase other types of park revenue such as entertainment, guided tours, and equipment rentals.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill creates an undesignated section of Florida law.

IX. Additional Information:

A. Committee Substitute – Statement of Changes:

(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS by Environmental Preservation and Conservation on November 18, 2015:

The CS requires the division to ensure that each state park closes once its carrying capacity is reached.

B. Amendments:

None.
