I. Summary:

SB 7014 reestablishes renewed membership in the Florida Retirement System (FRS). A retiree of the FRS pension plan, the FRS investment plan, the Senior Management Service Optional Annuity Program (SMSOAP), the State University System Optional Retirement Program (SUSORP) or the State Community College System Optional Retirement Program (SCCSOAP) who is employed in a regularly established position with a covered employer on or after July 1, 2016, will be a renewed member in the FRS as follows:

- FRS (all retirees) → Investment Plan (any eligible class);
- SMSOAP → Investment Plan (any eligible class);
- SUSORP → SUSORP; or
- SCCSORP → SCCSORP.

A renewed member must meet the vesting requirements of the applicable plan in which he becomes a renewed member. Except for renewed members reemployed prior to June 30, 2010, creditable service does not accrue for a retiree’s employment in a regularly established position with a covered employer from July 1, 2010, through June 30, 2016, and no employer or employee contributions may be paid into a renewed member’s investment plan account for employment with a covered employer during this time period.

System-wide, the contributions paid into the FRS Trust Fund by employers participating in the FRS will be increased by \$75.8 million annually.

The bill also requires employers to pay the full contribution related to the purchase of general military service under s. 121.111, F.S., in those instances in which the FRS member leaves the employment of a FRS-participating employer to report for active duty in the Armed Forces. This modification does not impact the FRS Trust Fund but does shift the costs of the service from the member to the employer.

II. Present Situation:

The Florida Retirement System

The Florida Retirement System (FRS) was established in 1970 when the Legislature consolidated the Teachers' Retirement System, the State and County Officers and Employees' Retirement System, and the Highway Patrol Pension Fund. In 1972, the Judicial Retirement System was added to the FRS, and in 2007, the membership of the Institute of Food and Agricultural Sciences Supplemental Retirement Program was included in the Regular Class of the FRS as a closed group.¹ The FRS is a contributory system, with most members contributing 3 percent of their salaries.²

The FRS is a multi-employer, contributory plan, governed by the Florida Retirement System Act in ch. 121, F.S. As of June 30, 2014, the FRS had 622,089 active members, 363,034 annuitants, 16,137 disabled retirees, and 38,058 active participants of the Deferred Retirement Option Program (DROP).³ As of June 30, 2014, the FRS consisted of 1,014 total employers. The FRS is the primary retirement plan for the employees and officers of state and county government agencies, district school boards, Florida college institutions, and state universities, as well as the employees and officers of the 186 cities and 262 special districts that have elected to join the system.⁴

The membership of the FRS is divided into five membership classes:

- The Regular Class⁵ consists of 537,993 active members, plus 5,402 in renewed membership;
- The Special Risk Class⁶ includes 68,593 active members;
- The Special Risk Administrative Support Class⁷ has 84 active members;
- The Elected Officers' Class⁸ has 2,040 active members, plus 147 in renewed membership; and
- The Senior Management Service Class⁹ has 7,607 members, plus 184 in renewed membership.¹⁰

² Prior to 1975, members of the FRS were required to make employee contributions of either 4 percent for Regular Class employees or 6 percent for Special Risk Class members. Employees were again required to contribute to the system after July 1, 2011. Members in the Deferred Retirement Option Program do not contribute to the system.

⁷ The Special Risk Administrative Support Class is for a special risk member who moved or was reassigned to a nonspecial risk law enforcement, firefighting, correctional, or emergency medical care administrative support position with the same agency, or who is subsequently employed in such a position under the Florida Retirement System. Section 121.0515(8), F.S.

⁸ The Elected Officers' Class is for elected state and county officers, and for those elected municipal or special district officers whose governing body has chosen Elected Officers' Class participation for its elected officers. Section 121.052, F.S.

Investment Plan

In 2000, the Legislature created the Public Employee Optional Retirement Program (investment plan), a defined contribution plan offered to eligible employees as an alternative to the FRS Pension Plan.

Benefits under the investment plan accrue in individual member accounts funded by both employee and employer contributions and investment earnings. Benefits are provided through employee-directed investments offered by approved investment providers.

A member vests immediately in all employee contributions paid to the investment plan.¹¹ With respect to the employer contributions, a member vests after completing one work year of employment with an FRS employer.¹² Vested benefits are payable upon termination or death as a lump-sum distribution, direct rollover distribution, or periodic distribution.¹³ The investment plan also provides disability coverage for both in the line of duty and regular disability retirement benefits.¹⁴ An FRS member who qualifies for disability while enrolled in the investment plan must apply for benefits as if the employee were a member of the pension plan. If approved for retirement disability benefits, the member is transferred to the pension plan.¹⁵

The State Board of Administration (SBA) is primarily responsible for administering the investment plan.¹⁶ The SBA is comprised of the Governor as chair, the Chief Financial Officer, and the Attorney General.¹⁷

Pension Plan

The pension plan is administered by the Secretary of the Department of Management Services through the Division of Retirement.¹⁸ Investment management of the pension plan assets is handled by the State Board of Administration.

Any member initially enrolled in the pension plan before July 1, 2011, vests in the pension plan after completing 6 years of service with an FRS employer.¹⁹ For members enrolled on or after

¹¹ Section 121.4501(6)(a), F.S.

¹² If a member terminates employment before vesting in the investment plan, the nonvested money is transferred from the member's account to the SBA for deposit and investment by the SBA in its suspense account for up to five years. If the member is not reemployed as an eligible employee within five years, then any nonvested accumulations transferred from a member's account to the SBA's suspense account are forfeited. (Section 121.4501(6)(b) – (d), F.S.)

¹³ Section 121.591, F.S.

¹⁴ Section 121.4501(16), F.S.

¹⁵ Pension plan disability retirement benefits, which apply for investment plan members who qualify for disability, compensate an in the line of duty disabled member up to 65 percent of the average monthly compensation as of the disability retirement date for special risk class members. Other members may receive up to 42 percent of the member's average monthly compensation for disability retirement benefits. If the disability occurs other than in the line of duty, the monthly benefit may not be less than 25 percent of the average monthly compensation as of the disability retirement date. Section 121.091(4)(f), F.S.

¹⁶ Section 121.4501(8), F.S.

¹⁷ FLA.CONST. art. IV, s. 4.

¹⁸ Section 121.025, F.S.

¹⁹ Section 121.021(45)(a), F.S.

July 1, 2011, the member vests in the pension plan after 8 years of creditable service.²⁰ Benefits payable under the pension plan are calculated based on the member's years of creditable service multiplied by the service accrual rate multiplied by the member's average final compensation.²¹ For most members of the pension plan, normal retirement occurs at 30 years of service or age 62.²² For members in the Special Risk and Special Risk Administrative Support Classes, normal retirement occurs at 25 years of service or age 55.²³ Members initially enrolled in the pension plan on or after July 1, 2011, have longer vesting requirements. For unreduced benefits for members initially enrolled after that date, most members must complete 33 years of service or attain age 65, and members in the Special Risk classes must complete 30 years of service or attain age 60.²⁴

Optional Retirement Programs

Eligible employees may choose to participate in one of three retirement programs instead of participating in the FRS:

- Members of the Senior Management Service Class may elect to enroll in the Senior Management Service Optional Annuity Program;²⁵
- Members in specified positions in the State University System may elect to enroll in the State University System Optional Retirement Program;²⁶ and
- Members in specified positions at a Florida College institution may elect to enroll in the State Community College System Optional Retirement Program.²⁷

Reemployment Restrictions

For the purposes of the pension plan, a “retiree” means a former member of the FRS or an existing system who has terminated employment and is receiving benefit payments from the system in which he or she was a member.²⁸ For the purposes of the investment plan, a “retiree” means a former member of the investment plan who has terminated employment and taken a distribution of vested employee or employer contributions. This does not include a member who has received a mandatory distribution of a de minimis account authorized by the SBA or a minimum required distribution provided for by the Internal Revenue Code.²⁹

²⁰ Section 121.021(45)(b), F.S.

²¹ Section 121.091, F.S.

²² Section 121.021(29)(a)1., F.S.

²³ Section 121.021(29)(b)1., F.S.

²⁴ Sections 121.021(29)(a)2. and (b)2., F.S.

²⁵ The Senior Management Service Optional Annuity Program (SMSOAP) was established in 1986 for members of the Senior Management Service Class. Employees in eligible positions may irrevocably elect to participate in the SMSOAP rather than the FRS. Section 121.055(6), F.S.

²⁶ Eligible participants of the State University System Optional Retirement Program (SUSORP) are automatically enrolled in the SUSORP. However, the member must execute a contract with a SUSORP provider within the first 90 days of employment or the employee will default into the pension plan. If the employee decides to remain in the SUSORP, the decision is irrevocable and the member must remain in the SUSORP as long as the member remains in a SUSORP-eligible position. Section 121.35, F.S.

²⁷ If the member is eligible for participation in a State Community College System Optional Retirement Program, the member must elect to participate in the program within 90 days of employment. Unlike the other optional programs, an employee who elects to participate in this optional retirement program has one opportunity to transfer to the FRS. Section 1012.875, F.S.

²⁸ Section 121.021(60), F.S.

²⁹ Section 121.4501(2)(k), F.S.

After retiring under the FRS, a retiree can work for any private employer, for any public employer not participating in the FRS, or for any employer in another state, without affecting his FRS benefits.

However, there are certain termination requirements and reemployment limitations that affect retirement benefits **if a retiree is employed with an FRS-participating employer** during the first 12 calendar months after the effective retirement date without DROP participation or after the DROP termination date. If a retiree returns to work during the **first 6 calendar months** of retirement or after his DROP termination date, then his retirement application is voided and all retirement benefits, including any funds accumulated during DROP participation, must be repaid to the FRS Trust Fund. This restriction applies even if the particular position held is not covered by the FRS. A retiree cannot become a newly hired employee until after meeting the definition of termination by remaining unemployed for six calendar months.

A retiree may not receive both wages paid by an FRS-participating employer and an FRS retirement benefit in the same month during the **7th through 12th calendar months** of retirement or after the DROP termination date. There are no exceptions to this reemployment limitation during this period. This restriction applies even if the particular position held is not covered by the FRS. A retiree must inform the Division of Retirement if he works for an FRS-participating employer during the reemployment limitation period.

Suspended retirement benefits for the months a reemployed retiree is employed by an FRS-participating employer during the reemployment limitation period will never be paid to the retiree. The reemployed retiree and his employing agency are jointly and severally liable for repaying any retirement benefits the employee receives while working during this period.

There are no limits on working for an FRS-participating employer after a retiree has been retired for 12 calendar months.

If a retiree is reemployed with an FRS participating employer, he will be required to sign a statement that his reemployment does not violate these provisions.³⁰

Before July 1, 2010, there were various exceptions to employment with FRS-participating employers during the reemployment limitation period. All reemployment limitation exceptions that were not specific to educational institutions were closed by operation of ch. 2009-209, L.O.F., which also extended from 1 month to 12 months the exclusionary period immediately after retirement in which a retiree may not be reemployed with any FRS-participating employer.

Renewed Membership

Retirees of the FRS Pension Plan or the FRS Investment Plan who were initially reemployed in covered employment prior to July 1, 2010, can have renewed membership in either the FRS pension plan or FRS investment plan or other state-administered retirement system and earn

service credit toward a second retirement benefit. Renewed members who retire again, including former DROP participants, are once more subject to reemployment limitations.

Renewed members are not eligible to participate in DROP or the Special Risk Class, and are not eligible for disability retirement. However, the surviving spouse and dependent children of a renewed member may qualify for survivor benefits.

Prior to July 1, 2010, when ch. 2009-209, L.O.F., took effect, retirees of a state-administered retirement system reemployed by an FRS-participating employer were eligible for renewed membership in the FRS. Currently, retirees initially reemployed in a regularly established position on or after July 1, 2010, are not eligible for renewed membership and will not earn creditable service toward a subsequent retirement benefit. This restriction from renewed membership includes retirees of the FRS pension plan, the FRS investment plan, the SUSORP, the SMSOAP, and the SCCSORP.³¹

Reemployed Retirees without Renewed Membership

Information provided by the Department of Management Services indicates that as of December of 2013, there were 5,703 employees who retired by June 30, 2010, and subsequently returned to FRS-covered employment, but are not permitted to be renewed members of the FRS. Of that number, 2,918 were retirees of the pension plan, and 2,616 were retirees of the investment plan. Anecdotal evidence suggests that some of these “retirees” were employees who took distributions from investment plan accounts prior to July 1, 2010, and rolled them into IRAs upon their termination from FRS-covered employment. The enactment on the bar to renewed membership means that anyone who took such a distribution is deemed retired, and cannot become a renewed member of the FRS.

Purchase of Military Service

Section 121.111, F.S., allows a member of the Florida Retirement System to purchase credit for military service. For the purchase of general military service, the member must have been employed by an FRS-participating employer in a regularly established position within 60 days prior to reporting for active duty. Upon return from active duty the member must be reemployed by the employer. The cost to purchase the service credit is equal to the employee and employer contributions required for the employee’s membership class for each month of service credit during the period of military service based on the member’s rate of monthly compensation as of the date that the employee left his position. Annual interest of 6 percent is added to such contributions from the due date of the contribution until final payment is made.

III. Effect of Proposed Changes:

The bill allows renewed membership in the FRS investment plan, beginning July 1, 2016, for all retirees of the FRS, the SUSORP, the CCORP, and the SMSOAP.

Section 6 amends s. 121.122, F.S., to provide that a retiree of:

- Either the pension plan or the investment plan of the FRS,

³¹ *Id.*, at 57. See also ss. 121.053, 121.091(9), 121.122, and 238.181, F.S.

- The State University System Optional Retirement Program,
 - The Senior Management Service Optional Annuity Program, or
 - The State Community College System Optional Retirement Program,
- who is employed in a regularly established position with a covered employer on or after July 1, 2016, will be a renewed member of the appropriate membership class in the investment plan, unless employed in a position eligible for participation in the SUSORP or the SCCSORP, in which case the retiree will become a renewed member of the SUSOPRP or SCCSORP. The renewed member must satisfy the vesting requirements of the plan (1 year for the investment plan). Members who retired and returned to renewed membership before July 1, 2010, may continue membership in the plan they choose.

A renewed member who had returned to covered employment prior to July 1, 2010, may retain membership in either the pension plan or the investment plan. A renewed member may be moved to Special Risk Class membership after July 1, 2016, if the position and member are eligible for Special Risk Class membership.

Creditable service (including credit toward the retiree health insurance subsidy) does not accrue for a retiree's employment in a regularly established position with a covered employer from July 1, 2010, through June 30, 2016. Employer or employee contributions may not be paid into a renewed member's investment plan account for employment with a covered employer during this time period.

Section 1 amends s. 121.0515, F.S., to make conforming changes consistent with section 6 and to allow a renewed member who returned to covered service prior to July 1, 2010, to shift to the Special Risk Class for service on or after July 1, 2016, if the member's position is eligible for the Special Risk Class.

Sections 2, 3, 4, and 7 amend ss. 121.053, 121.055, 121.091, and 121.4501, F.S., respectively to make conforming changes consistent with section 6 of the bill.

Section 5 amends s. 121.111, F.S., to require the employer to pay both the employer and employee contributions for the purchase of military service credit earned on or after July 1, 2016.

Section 8 provides a mechanism to adjust employer contribution rates to be paid into the FRS Trust Fund.

Section 9 makes the finding that the changes made by the bill fulfill an important state interest.

Section 10 provides an effective date of July 1, 2016.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

Subsection (a) of s. 18, Art. VII of the Florida Constitution provides in pertinent part that "no county or municipality shall be bound by any general law requiring such county or municipality to spend funds . . . unless the legislature has determined that such law

fulfills an important state interest and unless: . . . the expenditure is required to comply with a law that applies to all persons similarly situated.”

This bill includes legislative findings that the bill fulfills important state interests (see section 9), and the bill applies to all persons similarly situated (those employers participating in the Florida Retirement System), including state agencies, school boards, universities, community colleges, counties, and municipalities.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

B. Private Sector Impact:

Members of the FRS who purchase military service earned on or after July 1, 2016, will save roughly 3 percent of the salary used to calculate the cost of the purchase of the credits.

C. Government Sector Impact:

Employers participating in the FRS that hire employees eligible for renewed membership will incur greater personnel costs associated with contributing to the FRS. Likewise, the public sector employees will also contribute 3 percent of their salaries to the FRS.

The aggregate employer contributions anticipated to be paid into the Florida Retirement System Trust Fund in Fiscal Year 2016-2017 will increase by approximately \$75.8 million when compared to the employer contributions paid in Fiscal Year 2015-2016. The impacts by employer group for Fiscal Year 2016-2017 are noted below.

Employer Group	Impact on Contributions
State Agencies	\$12.7 m
