FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. EFFECT OF PROPOSED CHANGES:

Present Situation

Specialty License Plates in General

The first Florida specialty license plates were enacted in 1986 and included the creation of the Challenger plate and ten Florida collegiate plates. Today, there are over 120 specialty license plates available to any owner or lessee of a motor vehicle who is willing to pay the additional use fee for the privilege, typically \$25 annually.¹ The collected fees are distributed by the DHSMV to statutorily designated organizations in support of a particular cause or charity. Vehicles registered under the International Registration Plan, a commercial truck required to display two license plates, or truck tractors are not eligible for specialty license plates.²

Only the Legislature may create new specialty license plates. If a specialty license plate is created by law, the following requirements must then be met:

- Within 60 days, the organization must submit an art design, in a medium prescribed by DHSMV.³
- Within 120 days, DHSMV must establish a method to issue a specialty license plate voucher to allow for the pre-sale of the specialty plate.⁴
- Within 24 months after the voucher is established, the organization must obtain a minimum of 1,000 voucher sales before manufacturing may begin. If this requirement is not met, the plate is deauthorized and DHSMV must discontinue development of the plate and issuance of the vouchers.⁵

DHSMV must discontinue the issuance of an approved specialty license plate if the number of valid specialty plate registrations falls below 1,000 plates for at least 12 consecutive months. A warning letter is mailed to the sponsoring organization following the first month in which the total number of valid specialty plate registrations falls below 1,000 plates (does not apply to collegiate license plates).⁶

Organizations in receipt of specialty license plate revenue must adhere to certain accountability requirements found in statute. These requirements include an annual attestation document affirming, under penalty of perjury, that funds received have been spent in accordance with applicable statutes.⁷

A moratorium on the issuance of specialty license plates was imposed by lawmakers in 2008, originally set to expire in 2011. The moratorium has subsequently been extended to July 1, 2016.⁸
