### **Early Childhood Music Education Incentive Pilot Program**

Florida's state standards for visual and performing arts establish specific curricular content and include distinct grade level expectations for the core content knowledge and skills that a student is expected to acquire by each grade level from kindergarten through grade 5.<sup>31</sup>

Current law,<sup>32</sup> requires the Commissioner of Education to publish an annual report that describes student access and participation in fine arts courses and provide information about educators who instruct fine arts; facilities where the instruction is taking place; and the manner in which the curricular content is provided. The report must be posted on the DOE's website and updated annually.<sup>33</sup>

According to data from the 2015-2016 annual report,<sup>34</sup> the number of K-2 students enrolled statewide in music education programs as a percentage of total K-2 student enrollment has decreased. In the 2011-2012 school year, there were 575,262 K-2 students enrolled in music education programs (87 percent). By the 2015-2016 school year, K-2 student enrollment in music education programs had decreased to 513,648 (82 percent).

In some school districts, there is no reported K-2 student enrollment in music education programs.<sup>35</sup>
