COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 198 requires the Governor to appoint a new member of the Environmental Regulation Commission (ERC) within 90 days after the occurrence of a vacancy. The bill removes language that authorizes the Governor to fill a vacancy at any time for the unexpired term of a commissioner.

The bill also requires a supermajority of 5 votes to approve or modify a proposed rule submitted to the ERC which pertains to air quality standards or water quality and quantity standards.

II. Present Situation:

Environmental Regulation Commission

The Environmental Regulation Commission (ERC) exists within the Department of Environmental Protection (DEP). Seven members appointed by the Governor and approved by the Senate serve on the ERC. When making appointments, the Governor must provide reasonable representation from all sections of the state. Membership of the ERC must be representative of agriculture; the development industry; local government; the environmental community; lay citizens; and members of the scientific and technical community who have substantial expertise in the areas of the fate and transport of water pollutants, toxicology,

epidemiology, geology, biology, environmental sciences, or engineering.¹ The Governor must appoint a chair of the ERC. The members of the ERC may then elect a vice-chair. The ERC members serve for 4 years.²

The secretary of DEP must submit any proposed rule containing a standard to the ERC for approval, modification, or disapproval.³ A “standard” is any DEP rule relating to air and water quality, noise, solid-waste management, and electric and magnetic fields associated with electrical transmission and distribution lines and substation facilities. The term “standard” does not include rules of the DEP that relate exclusively to the internal management of the DEP, the procedural processing of applications, the administration of rulemaking or adjudicatory proceedings, the publication of notices, the conduct of hearings, or other procedural matters.⁴ The ERC possess the powers to set standards for the following topics:

- Environmental control, including air quality standards; water quality and water quantity standards; waste regulation and cleanup, including hazardous waste regulation; power plant and transmission line siting; water supply; water treatment plants; and natural gas transmission lines;
- Consumptive use of water permitting;
- Certain aspects of water well construction;
- Criteria for wetlands that receive and treat domestic wastewater;
- Water quality for wetlands;
- Regulation of the construction, operation, alteration, maintenance, abandonment, and removal of stormwater management systems;
- Delineating the extent of wetlands;
- Phosphorus criteria in the Everglades Protection Area and water quality standards applicable to the Everglades Agricultural Area canals; and
- Water quality standards for the Everglades Protection Area.⁵

The ERC does not possess the power to set standards related to total maximum daily load calculations and allocations.⁶ Further, the ERC may not establish DEP policies, priorities, plans, or directives. The ERC may adopt procedural rules governing the conduct of its meetings and hearings.⁷

The following individuals currently serve on the ERC:⁸

Office Vacancies Filled by the Governor

Unless otherwise provided by the Florida Constitution, the Governor must fill by appointment any vacancy in a state, district, or county office for the remainder of the term of an appointed officer.⁹ For any office that requires Senate confirmation, the appointee may hold an interim term until the Senate takes up their confirmation.¹⁰ When the Senate rejects an officer, they may hold over for no more than 30 days until the Governor appoints their successor, and the successor is qualified.¹¹

If the Senate votes to take no action on a confirmation or otherwise fails to consider an appointee, the seat becomes vacant and the appointee may hold over for no more than 45 days. The Governor may reappoint this appointee.¹² If the Senate votes to take no action or for any other reason fails to consider the reappointment of the same person to the same office during the regular session immediately following the effective date of the reappointment, the reappointment of such person to such office shall be deemed to have been rejected. The office shall become vacant upon the adjournment sine die of the regular session immediately following the effective date of the reappointment and the appointee shall not hold over in that office or be eligible for reappointment in that office for 1 year thereafter.¹³

The Governor may fill a vacancy on the ERC for the unexpired term at any time.¹⁴

Human Health Criteria Rule Changes

During the summer of 2016, the ERC took up a rule proposal to change certain human health based water quality criteria, including the establishment of a new classification of waters. The

¹³ Section 114.05(1)(f), F.S.

¹⁴ Section 20.255(6), F.S.

DEP used a new methodology to update these standards. Some standards became more protective, while others became less protective.¹⁵

At the time the ERC considered the proposed rule changes, two vacancies existed on the ERC. The vacant seats were those seats on the ERC designated for the representation of local governments and the environmental community. These constituencies were not specifically represented on the ERC when it voted 3-2 to approve the new human health based water quality criteria. Some groups were concerned that the ERC took up the new standards before the Governor filled the two vacancies.¹⁶ The revised rules became effective on November 17, 2016.¹⁷

III. Effect of Proposed Changes:

CS/SB 198 amends the statutory section that establishes the Department of Environmental Protection (DEP) and the Environmental Regulation Commission (ERC),¹⁸ to require the Governor to appoint a new member, subject to confirmation by the Senate, within 90 days after the occurrence of a vacancy. The bill removes language that authorizes the Governor to fill a vacancy at any time for the unexpired term of a commissioner.

The bill also requires a proposed rule containing standards submitted to the ERC for approval, modification, or disapproval to receive a simple majority vote for approval or modification, unless the rule pertains to one of the following, in which case a supermajority of 5 votes is required for approval or modification:

- Air quality standards; or
- Water quality and quantity standards.

The bill provides that proposed rules that fail to receive the votes required for approval or modification are deemed disapproved.

The bill takes effect July 1, 2017.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

Not applicable. This bill does not appear to require counties or municipalities to spend funds or take action requiring the expenditures of funds; reduce the authority that counties or municipalities have to raise revenues in the aggregate; or reduce the percentage of state tax shared with counties or municipalities.

¹⁸ Section 20.255, F.S.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

The bill does not provide rulemaking authority or require executive branch rulemaking and is unlikely to result in significant rulemaking by DEP.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends sections 20.255 and 403.805 of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:

(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS by Environmental Preservation and Conservation on March 22, 2017:

Delete everything amendment that:

- Removes language prohibiting an appointee, if the appointment occurs when the Legislature is in session, from becoming a member of the ERC until Senate confirmation.
- Removes language providing that the appointee, if the appointment occurs when the Legislature is not in session, serves in a provisional capacity and if not confirmed in the next regular session of the Legislature is immediately terminated, the Governor at that point required to make a new appointment.

- Provides that rules containing standards for air quality, water quality, or water quantity require a supermajority of 5 votes to be adopted or modified, but removes from the bill the same requirement for a number of other standards in rule.

The strike-all retains the remaining provisions of the underlying bill, including the requirement that the Governor make a membership appointment within 90 days after the occurrence of a vacancy on the ERC.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.
