INSERT:

From the funds in Specific Appropriation 448, \$50,000 in nonrecurring funds from the General Revenue Fund is provided to the Department of Health to fund the community organizations selected through the competitive procurement process in 2016 to integrate the Nurse-Family Partnership model and provide intensive nurse visitation services for women and their infants.

From these funds, the Department of Health shall use \$12,000 to contract with the Nurse-Family Partnership National Service Office for process and outcome data identification, management, and analysis. Any needed training and programmatic support will also be provided.

Any funds distributed to communities are contingent upon a minimum 10 percent local match requirement.

Line item amendments are accepted as part of the amendatory process. However, due to the necessity of using computerized systems this may entail a different placement within a budget entity or the renumbering of the specific appropriation items.
