I. Summary:

SB 444 directs the Department of Highway Safety and Motor Vehicles (DHSMV) to create a veteran identification card to be used by veterans as proof of veteran status for obtaining discounts or fee waivers. The DHSMV shall issue the card to a veteran who has been honorably discharged and who provides to the DHSMV:

- A copy of the veteran’s DD Form 214;
- A copy of the veteran’s valid driver license or identification card or another form of photographic identification acceptable to the DHSMV; and
- Payment of a \$10 fee.

Additionally, the bill provides specifications for information that will appear on the veteran identification card, and provides that the veteran identification card may be used as proof of veteran status in numerous sections of the Florida Statutes.

According to the DHSMV, the bill will have a negative fiscal impact as a result of implementation costs of the bill, and a positive impact to state and local government revenues from fees and service charges.

II. Present Situation:

Veteran Identification Cards

Currently, United States (U.S.) military veterans¹ do not have one uniform veteran identification card available to them that proves military service. In 2015, Congress enacted the “Veterans

¹ Section 1.01(14), F.S., defines a “veteran” as “a person who served in the active military, naval, or air service who was discharged or released under honorable conditions only or who later received an upgraded discharge under honorable

Identification Card Act 2015.”² The Act directs the Secretary of Veterans Affairs (VA) to issue a veteran identification card to each veteran who requests one, presents a copy of his or her Department of Defense (DoD) form DD-214³ or other official document from the official military personnel file of the veteran that describes his or her service, and pays a fee (which is yet to be determined).⁴ The identification card will display the photograph and name of the veteran, and contain an identification number that is not a social security number.⁵ The card is not proof of any benefits to which the veteran is entitled to, but does serve as proof that such veteran:

- Served in the Armed Forces; and
- Has a DoD form DD-214 or other official document in the official military personnel file of the veteran that describes the service of the veteran.⁶

In 2016, the VA stated that it was working on implementation of the Act to ensure it is efficient and cost-effective while also protecting Veterans’ personal information, and estimates the VA will be able to implement the program in 2017.⁷

Currently, certain veterans may be eligible for other methods of identification that may prove veteran status, including a:

- Veteran Health Identification Card (VHIC):
 - The VHIC is issued to veterans enrolled in the VA health care system, and is used for identification and check-in at VA appointments and access to U.S. military bases.⁸
- DD Form 2 (Retired) U.S. Uniformed Services⁹ Identification Card:
 - This card is available to retired members entitled to retired pay, members on the Temporary Disability Retired List, and members on the Permanent Disability Retired List.¹⁰
- DD Form 2765 DoD/Uniformed Services Identification and Privilege Card:
 - This card is available to Medal of Honor recipients, 100 percent disabled veterans, former members in receipt of retired pay, and other benefits-eligible categories described in DoD policy.¹¹

State Driver License or Identification Card Veteran Designations

According to the VA, 49 states as well as Puerto Rico and the District of Columbia provide the option for veterans to add a Veteran designation to a state driver license or identification card.¹³

Florida provides the option for a veteran designation to be placed on a veteran's driver license or identification card upon request from the veteran, payment of a fee, and the presentation of a copy of the veteran's DD Form 214 or other acceptable form specified by the Florida Department of Veterans' Affairs (FDVA).¹⁴ The designation is added onto a driver license or identification card for a \$1 fee when the license or card is being issued or renewed, or a \$2 fee solely to replace a license or card in order to add on the designation.¹⁵

State-Issued Veteran Identification Cards

Virginia and Delaware both offer veteran identification cards issued by the state's Division of Motor Vehicles.

To be eligible for a Virginia-issued veteran identification card, the veteran must:

- Present documentation indicating that he or she served in the U.S. Armed Forces, received an honorable discharge, and holds an unexpired Virginia driver license or identification card;
- Present documentation that displays the veteran's branch of service, discharge date and discharge status; and
- Pay a \$10 application fee.¹⁶

Delaware-issued veteran identification cards are available free of charge to any Delaware veteran that served in the U.S. military, was honorably discharged, has a valid Delaware driver license or identification card, and provides accepted proof of military service.¹⁷

Florida does not issue a veteran identification card for all veterans, but does issue veteran identification cards for veterans with specified 100 percent service-connected disabilities. Section 295.17, F.S., provides that the FDVA may issue an identification card to any veteran who is a permanent resident of Florida and has been determined by the VA to have a 100 percent service-connected permanent and total disability rating, or has a service-connected total and

permanent disability rating of 100 percent and is receiving disability retirement pay from any branch of the U.S. Armed Forces.

Licensing and Registration Fee Waivers

Florida has the third largest veteran population in the nation, with over 1.5 million veterans in the state.¹⁸ Florida offers numerous benefits available to veterans, including fee waivers for veterans, spouses of veterans, and business entities with majority ownership held by a veteran or spouse of a veteran.

Currently, Florida waives initial licensing or registration fees for a veteran who provides a copy of his or her DD Form 214 or another acceptable form of identification as specified by the FDVA, for the following:

- The initial *application fee* for a veteran who applies to be licensed as a private investigator, private investigator intern, private investigative agency manager, private investigative/security agency manager, firearms instructor, security officer manager, security officer instructor, recovery agent, recovery agent intern, recovery agency manager, or recovery agent instructor within 24 months after being discharged from a branch of the U.S. Armed Forces.¹⁹
- The initial *license fee* for a veteran who applies within 24 months of being discharged from a branch of the U.S. Armed Forces to be licensed as a:
 - Private investigative/security agency manager or a firearms instructor;²⁰
 - Private investigator, private investigator intern, or private investigative agency manager;²¹
 - Security officer, security officer instructor, or a security manager;²² and
 - Recovery agent, recovery agent intern, recovery agent manager, or recovery agent instructor.²³

Veterans of the U.S. Armed Forces who retired within 24 months before application for licensure are exempt from the application filing fee to be licensed as an insurance agent, customer representative, adjuster, service representative, managing general agent, or reinsurance intermediary upon proof of qualifying veteran status.²⁴

Initial license or registration fees are waived for veterans, spouses of veterans, and business entities with a veteran majority owner who submit an application within 60 months after the date of the veteran's discharge from the U.S. Armed Forces for the following classes of licenses:

- Land surveyor and mapper;²⁵

Finally, a veteran is eligible to receive expedited processing of an application for a license to carry concealed weapons or firearms. A veteran must submit a copy of the DD Form 214 or another acceptable form of identification as specified by the FDVA.³⁴

III. Effect of Proposed Changes:

The bill directs the DHSMV to create a veteran identification card to be used as proof of veteran status for obtaining discounts or waivers offered to veterans. The card may not be used for the determination of any federal benefits, as a veteran disability identification card issued under s. 295.17, F.S., or as a state identification card issued under s. 322.051, F.S.

The card must bear the colors and design approved by the DHSMV, including:

- A full-face photograph of the veteran;
- The words "U.S. Armed Forces Veteran – Honorably Discharged" at the top of the card;
- The words "Proof of veteran status only. Not for official government use or identification" at the bottom of the card;
- A background image of a military identification "dog" tag; and
- The veteran's:
 - Full name;
 - Branch of service;
 - Date of discharge;
 - United States Department of Defense identification number; and
 - Signature.

To implement the bill, the DHSMV will incur programming, card stock, and printer costs to make the cards available at all 320 issuance offices throughout Florida. DHSMV estimates implementation will cost approximately \$2.8 million.³⁶

Additionally, the bill may have a positive impact on local tax collector offices who work as driver license agents, as they are authorized to charge a service fee of \$6.25 when providing services under ch. 322, F.S.³⁷ If local tax collectors issue 65,000 veteran identification cards, the service charge will generate \$406,250.
