DATE: February 20, 2017

REVISED: _____

I. Summary:

SB 586 directs the Department of Highway Safety and Motor Vehicles (DHSMV) to develop a Sun Sea Smiles specialty license plate, establishes a \$25 annual use fee for the plate, and provides the distribution and use of fees collected from the sale of the plate.

The DHSMV estimates programming and implementation will cost \$7,245. The DHSMV is authorized to retain revenues from the first proceeds of sales to defray departmental costs.

II. Present Situation:

Specialty License Plates

Presently, there are over 120 specialty license plates available for purchase in Florida.¹ Specialty license plates are available to an owner or lessee of a motor vehicle who is willing to pay an annual use fee, ranging from \$15 to \$25, paid in addition to required license taxes and service fees.² The annual use fees are distributed to an organization or organizations in support of a particular cause or charity signified in the plate's design and designated in statute.³

In order to establish a specialty license plate, s. 320.08053, F.S., requires the plate must first be adopted into statute. Upon becoming law:

- Within 60 days, the organization must submit an art design for the plate, in a medium prescribed by the DHSMV;
- Within 120 days, the DHSMV must establish a method to issue pre-sale vouchers for the approved specialty license plate; and

¹ A list of Florida's specialty license plates is available on the DHSMV website at <http://www.flhsmv.gov/dmv/specialtytags/> (last visited Feb. 14, 2017).

² Section 320.08056, F.S.

³ Section 320.08058, F.S.

- Within 24 months after the pre-sale vouchers are established, the organization must obtain a minimum of 1,000 voucher sales before manufacturing may begin.

If, at the end of the 24-month pre-sale period, the minimum sales requirement has not been met, the DHSMV will discontinue the plate and issuance of the pre-sale voucher. Upon discontinuation, a purchaser of a presale voucher may use the annual use fee as a credit towards any other specialty license plate or apply for a refund with the DHSMV.⁴

The annual use fees collected by an organization and any interest earned from the fees may be expended only for use in this state unless the annual use fee is derived from the sale of specified United States Armed Forces and veterans-related specialty plates.⁵ Additionally, organizations must adhere to certain accountability requirements, including an annual audit or attestation document affirming that funds received have been spent in accordance with applicable statutes.⁶

DHSMV Costs Defrayed

The DHSMV retains sufficient annual use fees, from the sale of the specialty plates, to defray its costs for inventory, distribution, and other direct costs associated with the specialty license plate program. The remainder of the proceeds collected are distributed as provided by law.⁷

Discontinuance of Specialty Plates

The DHSMV must discontinue the issuance of an approved specialty license plate if the number of valid specialty plate registrations falls below 1,000 plates for at least 12 consecutive months. A warning letter is mailed to the sponsoring organization following the first month in which the total number of valid specialty plate registrations is below 1,000 plates. Collegiate plates are exempt from the minimum plate requirement.⁸ The specialty license plate must also be discontinued if the organization no longer exists, stops providing services that are authorized to be funded from the annual use fee proceeds, or pursuant to an organizational recipient's request.⁹
